In addition, the following management committees have been established to assist the Trustee discharge its obligations:

2.4 Director Independence

The Board consists of a majority of independent, non-executive directors. The Board confirms that all current non-executive directors are independent. Geoff Summerhayes and Sean Carroll are not considered independent because of the executive positions they hold within Suncorp Life as Chief Executive Officer and Executive General Manager, Product and Service, respectively.

The independence of the directors has been assessed in accordance with the Financial Services Council definition of which the key components are that an independent director:

- is not an employee of the trustee or a related entity;
- does not have a substantial shareholding in the trustee or one of its related entities;
- within the last three years has not been employed in an executive capacity by a related entity or been a director of a related entity after ceasing to hold such employment;
- is not a material supplier/customer of a related entity or an officer of a material supplier/customer or otherwise associated indirectly with a material service supplier/customer;
- has no material contractual relationship with a related entity; and
- is free from any interest and business or other relationship which could, or could be perceived to materially interfere with the directors ability to act.

The Chair of the Board of SPSL is an independent, non-executive Director. The current Chair is Kate Spargo who was appointed in the role on 9 December 2013. The role of the Chair is to facilitate effective discussion and decision-making at the Board level and to ensure that the committees under the control of the Board are fulfilling their functions and that in their respective processes relevant decisions are made in the best interests of members and beneficiaries.

3. Board Evaluation

The Board evaluation process evaluates the effectiveness of the Board in carrying out the following objectives:

- satisfactorily and effectively fulfilling its key responsibilities as set out in the Board Charter;
- making key decisions in a timely manner; and
- any other matters that the Board sees fit.

The Board formally assesses its performance once a year and meets to set objectives and performance criteria for the upcoming financial year. Once every three years the annual evaluation process will be conducted by an external facilitator to ensure the independence of the evaluation process.

4. Board Renewal Policy

The Board views its renewal and succession planning process as a central component of its core governance procedures.

4.1 Appointment of a Director

In determining whether to appoint a person as a director, the following factors are considered:

- The strategic direction of the Board's operation;
- The key risks related to its operation;
- The skills, knowledge and experience required by the Board to effectively and prudentially manage its operation;
- The regulatory environment; and
- Any other factors that the Board deems relevant and appropriate.

The appointment of a person to the role of director is on the provision that:

- The person has consented, in writing, to the appointment and confirmed by statutory declaration that he or she is not a Disqualified Person; and
- The person is a Fit and Proper Person.

4.2 Removal of a Director

Directors can be removed in accordance with the SPSL's constitution.

4.3 Board Renewal

The Board aims to ensure that it remains open to new ideas and independent thinking whilst retaining adequate expertise. It does this through a number of methods described below.

Board Composition

The composition of the Board is reviewed by the Board periodically either when a vacancy arises or if it considers the Board's existing mix of skills, knowledge and experience would benefit from

the services of a new director. This process forms part of the outcomes of the Board Performance Policy described above.

Board Tenure

The Board considers it important to maintain an appropriate mix between long serving directors with a good depth of knowledge of the Board's operations and corporate history and new directors who bring fresh perspectives to the role. When considering the operation of the Board, consideration is given to whether any director has served on the Board for a period that could reasonable be perceived to materially affect their ability to act in the best interests of beneficiaries.

No formal maximum tenure period has been set however, as described above, the Board performance assessment process measures the Board's performance to ensure that the presence of each director on the Board remains appropriate.

Succession Planning

The Board seeks to ensure that the number of directors appointed to the Board exceeds the minimum required under Superannuation Law. This enables the Board to remain compliant with the relevant requirements should a vacancy occur whilst allowing the continued efficient operation of the Board whilst suitable candidates are assessed for the role.

To assist the Board with forming recommendations as to suitable candidates, it may engage the services of a professional recruitment agency for external candidates. The Board relies on the Suncorp Group's internal evaluation process when seeking internal candidates to assist with identifying individuals with the requisite skills, knowledge and experience.

6. Conflicts Management

The Board maintains a Conflicts Management Framework to ensure that all potential and actual conflicts of interest and duty in the Board business operations can be identified and then either avoided or prudently managed, as required.

The Board must take all reasonable steps to ensure that all relevant people clearly understand:

- the need to identify all potential conflicts;
- the circumstances that might give rise to a conflict;
- the content and purpose of the Conflict Management Framework; and
- their obligations.

Where SPSL has appointed a service provider to perform a material business activity, the service provider must:

- have a conflicts policy in place in relation to conflicts which have the potential to affect the service provider's performance in respect of the obligations undertaken for the Board's business operations;
- report to the Board circumstances where service provider conflicts have arisen and the steps that were taken to manage them; and
- ensure that its conflicts policy is reviewed regularly.

The Board maintains a register of interests and duties in which all relevant conflicts are disclosed. This register is publicly disclosed in the document section of SPSL's website.

7. Environmental, Social and Governance Matters

Environmental, social and governance (**ESG**) issues can affect investment returns to varying degrees across companies, sectors, regions and asset classes over time.

When selecting, retaining or terminating investment options, SPSL does not specifically take into account labour standards, environmental, social and ethical considerations unless the investment strategy of an investment option specifies it.

Amongst the range of investment options that are available to members, there may be an 'ethical' investment option which is characterised by an added focus on ESG considerations, or which integrates such considerations into the formulation of the investment strategy and supporting analysis.

8. Review of this Statement

The content of this Statement will be reviewed on an annual basis to check the Board's compliance with it and to ensure that the information is current.

More frequent reviews will take place to take into account changes to the governance structure of the board or any new and/or changes to the legislative and regulatory environments in which the Board operates.
