

Suncorp Employee Superannuation Plan

Annual Report for the year ended 30 June 2014

Important disclosure

Suncorp Portfolio Services Limited (Trustee) (ABN 61 063 427 958, AFSL 237905, RSE Licence No L0002059) and Suncorp Life & Superannuation Limited (insurer) (ABN 87 073 979 530, AFSL 229880) are related bodies corporate of Suncorp Group Limited (Suncorp) (ABN 66 145 290 124). The obligations of the Trustee and the insurer are not guaranteed by any other company within the Suncorp Group. Except as otherwise stated, Suncorp and its subsidiaries do not guarantee the repayment of capital invested in or the investment performance of this product. This product is not a bank deposit or other bank liability and is subject to investment risk including possible delays in repayment and loss of the interest and principal invested.

About this Annual Report

This Annual Report was prepared on 17 September 2014.

The Trustee is the issuer of this Annual Report and takes responsibility for its contents. The information contained in this Annual Report is current as at the date of preparation but may be subject to change. The information is of a general nature only and does not constitute personal financial advice and must not be relied on as such. In preparing this material we have not taken into account your objectives, financial circumstances or needs. Before making a decision based on this information you should consider the appropriateness of the information, having regard to your objectives, financial circumstances and needs. Before deciding to open an account or continuing to hold an interest, you should read the relevant Product Disclosure Statement (PDS) and consider how the information contained in this Annual Report relates to your own situation. We recommend that before you make any decisions, you speak to an adviser who will be able to help you with your investment and insurance decisions. While we believe the information contained in this report to be correct at the date of publication, to the extent that information has been provided by a third party, no warranty of accuracy or reliability is given and no responsibility is accepted for errors or omissions (including negligence).

This Annual Report incorporates the following product which is part of the Suncorp Master Trust (Fund) (ABN 98 350 952 022, RSE Fund Registration No R1056655):

- Suncorp Employee Superannuation Plan which is part of Suncorp WealthSmart® Business Super (SPIN RSA0003AU)

As an investor in this product, you are a member of the Fund.

Insurance cover offered through the Suncorp Employee Superannuation Plan is provided by the insurer in a policy issued to the Trustee. This policy is a non-participating policy. As a result you do not have any right to any surplus in the statutory fund. This Annual Report is to be read in conjunction with your Annual Statement.

Throughout this Annual Report, unless otherwise specified, references to:

- ‘we’, ‘us’, ‘our’ and ‘Trustee’ mean Suncorp Portfolio Services Limited
- ‘insurer’ and ‘Suncorp Life’ mean Suncorp Life & Superannuation Limited
- ‘adviser’ means a qualified financial adviser or your plan’s adviser for employer-sponsored members
- ‘Fund’ means Suncorp Master Trust
- ‘you’, ‘your’ and ‘member’ mean a member of Suncorp Employee Superannuation Plan
- ‘business day’ means a Sydney business day other than a Saturday, Sunday or public holiday in Sydney.

Your 2013/14 Annual Report

Dear Member

The importance of super to the lives of Australians can't be overstated and is generally one of our biggest and most valuable financial assets.

I firmly believe in the benefits super brings all working Australians. It is our opportunity to create the retirement we want and allows us to live with confidence, knowing our golden years are funded.

The Super Guarantee (SG) increased again for the second consecutive year from 9.25% to 9.5% for all working Australians. As more of your money goes into your retirement savings, this will help you to grow your nest egg over your working life.

MySuper is an important initiative this year for super in Australia, to help make super simpler and easier through lower fees, simpler features and investment options.

Thank you for choosing Suncorp to help you make the most of your super. We feel privileged to be part of your super journey.

Yours faithfully

Geoff Summerhayes
CEO
Suncorp Life

Important changes to super

Stronger Super

The Federal Government has introduced a package of super reforms known as 'Stronger Super', aimed at strengthening the governance, integrity and regulation of the superannuation system.

Two of the key aspects of the Stronger Super reforms include:

- the introduction of a new simple, low cost default superannuation product called 'MySuper'.
- making the processing of everyday transactions easier, cheaper and faster, through 'SuperStream'.

MySuper

From 1 January 2014, contributions received from corporate super plan members who aren't actively involved in their super must be made to an authorised 'MySuper' product.

MySuper is designed to be a simple, low cost default superannuation product which is easily comparable to other 'MySuper' products in the market. A MySuper product must have the following features:

- simple features,
- basic, comparable fees (and restrictions on the type of fees you can be charged),
- a single investment option or investment options based on the stage in life you are at,
- a minimum level of Death and Total and Permanent Disablement (TPD) insurance cover.

From 1 January 2014, any members who haven't made an investment choice, will have all future contributions invested in the 'Suncorp Lifestage Fund', which is an authorised MySuper product. If you have made an investment choice in relation to all or part of your account, then you won't be affected.

You'll find a full overview of the features and benefits of MySuper and the Suncorp Lifestage Fund in the MySuper Information Guide, available at www.suncorp.com.au/mysuper.

Changes to the names of fees and charges

A number of changes have been made to the fees as a result of Stronger Super. This includes changes to the names of some fees and charges.

Old fee name	New fee name	Fee description
Administration fee	Administration fee (no change)	The fee for managing your account. An annual percentage of your balance in all investment options.
Member fee	Administration fee	The fee for keeping your member account, charged monthly.
Insurance premium	Insurance fee	The insurance fee is the amount paid for insurance cover and depends on your own personal circumstances and level of insurance cover.

Old fee name	New fee name	Fee description
Ongoing service fee and Optional adviser service fee	Advice fee – Ongoing service fee will be known as an Adviser service fee and Optional adviser service fee will be known as a Personal advice fee.	The Adviser service fee is paid as a percentage of the administration fee to your adviser and is negotiable with your adviser. The Personal advice fee is a 'fee for service' agreed with your adviser for the provision of advice.
Superannuation splitting fee/ Contribution splitting fee/ Family law enquiry	Activity based fees	Other fees that apply to your account based on certain transactions. No activity based fees will be charged going forward.

You'll find a full overview of the features and benefits of MySuper and the changes to your account in the MySuper Information Guide, available at www.suncorp.com.au/mysuper.

SuperStream

SuperStream is a package of measures designed to enhance the 'back office' of superannuation. When fully implemented, these measures are designed to improve the productivity of the superannuation system and make the system easier to use.

The SuperStream reforms include measures to implement new data and e-commerce standards for superannuation transactions, which will allow for more automated and timely processing of transactions.

In addition, members and funds (with the member's consent) can use the ATO's online SuperSeeker facility at any time to:

- check your current super accounts into which money has been paid in the last two financial years,
- search for inactive accounts,
- find lost super,
- find ATO-held super, and
- transfer your super into the super account you want.

The online SuperSeeker facility is available at www.ato.gov.au/superseeker.

Alternatively, Suncorp can carry out a lost super search on your behalf. If you have a Suncorp super account, we can help you transfer any lost super money into your account.

This lost super service is available online at www.suncorp.com.au/lostsuper.

Intra-fund Consolidation

By law, each year we are required to identify any members with multiple accounts and assess whether it's in their best interest to consolidate their accounts. For example, we may consolidate accounts where it would result in a member paying lower fees. As part of this process, we'll consider a number of factors and write to any members who are impacted before we consolidate any accounts. You can find more information on our Intra-fund consolidation process by visiting www.suncorp.com.au/super and following the links to 'employer' and 'your responsibilities'.

Changes to insurance through super

From 1 July 2014 changes have been made to align definitions of certain insurance benefits provided through super, with the conditions of release under superannuation law. Generally this means that where an insurer accepts a claim to pay a death, TPD, terminal illness or income protection insurance benefit (whichever may apply), it can be released from a superannuation fund to the member without delay. Prior to the change, an insurer's definitions for these benefits could have been less restrictive than the relevant 'condition of release', possibly resulting in the benefit remaining within the superannuation system until the member satisfied a condition of release at a later date.

It's important to note that the new insurance definitions apply to new members who join the Fund, or existing members who apply for a new type of insurance cover, on or after 1 July 2014. For an existing member this includes, situations where a member's insurance benefit, which may have commenced prior to 1 July, is cancelled for non-payment of insurance fees, and any subsequent reissue of cover is subject to underwriting. The new cover will be subject to these new insurance benefit definition(s).

For more information on the insurance benefit definitions, please refer to the Suncorp Employee Superannuation Plan Product Guide.

Increase to superannuation guarantee contribution rate

You may have noticed an increase to your employer super contributions since 1 July 2013. This is because the Superannuation Guarantee (SG) rate has been increasing, and will gradually increase to 12% of your ordinary earnings.

The proposed rate of increase to the SG rate is shown in the table below.

Financial year commencing	SG rate
1 July 2013 – 30 June 2014	9.25%
1 July 2014 – 30 June 2021	9.50%
1 July 2021 – 30 June 2022	10.00%
1 July 2022 – 30 June 2023	10.50%
1 July 2023 – 30 June 2024	11.00%
1 July 2024 – 30 June 2025	11.50%
1 July 2025 and later	12.00%

Generally, you're entitled to SG contributions from your employer if you're aged 18 or older and paid \$450 or more (before tax) in a month. It doesn't matter whether you're working full time, part time or casual, and it doesn't matter if you're a temporary resident of Australia.

Removal of age limit on superannuation guarantee contributions

From 1 July 2013, the upper age limit for paying super for an employee has been removed, so if you're a mature age worker you can keep building your retirement savings. This means you may be eligible to have super paid by your employer if you're 70 or over and still working.

Removal of member protection

The Government has removed member protection for super accounts from 1 July 2013. Member protection limited the amount of fees and charges that could be applied to super account balances under \$1,000.

Small inactive accounts will be protected from being eroded by fees and charges by being transferred to the ATO. Interest will be paid by the ATO at a rate equivalent to inflation from 1 July 2013. These balances can be reclaimed from the ATO at any time using the SuperSeeker facility at www.ato.gov.au/superseeker.

Unlimited excess concessional contributions refunded

The Excess Contributions Tax (ECT) has changed. From 1 July 2013, any excess concessional contributions will be taxed at the individual's marginal tax rate. In addition, there will be an interest charge. Individuals will not be limited to the first \$10,000 of excess concessional contributions as was previously the case for first time breaches where contributions were made in the 2011/2012 or 2012/13 financial year.

Higher concessional contributions cap for pre-retirees

There are limits (also called 'contribution caps') on the amounts you can contribute to super in any one financial year without penalty.

For the period 1 July 2013, a higher concessional contribution limit of \$35,000 applied to individuals aged 60 or over (the limit for those under age 60 was \$25,000). From 1 July 2014, this limit will now apply for individuals aged 50 or over (the limit for those under age 50 is \$30,000) which means that individuals can make higher contributions to super without penalty in the lead up to retirement.

More flexibility for breaches of the after-tax super contribution limit

There was previously a limit of \$150,000 per year (or \$450,000 over three years for clients under age 65) for making after-tax (sometimes called 'non-concessional') contributions to super, with financial penalties for breaching the limit. The limit increased to \$180,000 per year (or \$540,000 over three years for clients under age 65) from 1 July 2014.

The Government has proposed that individuals will be able to withdraw non-concessional contributions they've made from 1 July 2013 in excess of the limit, and any associated earnings, with these earnings to be taxed at the individual's marginal tax rate. Where this option is chosen, no excess contributions tax would be payable. Individuals who leave their excess contributions in the fund will still be taxed on these contributions at the top marginal rate.

Higher contribution tax for very high income earners

There is a reduced tax concession on certain concessional contributions for very high income earners. Broadly speaking, an individual has a liability for the extra tax for an income year if the sum of their relevant income and taxed contributions for the income year exceed \$300,000. Affected contributions are subject to an extra 15% tax (increasing the effective tax rate to 30%).

The amendments apply to contributions made or received by very high income earners on or after 1 July 2012.

Generally, if your income is under \$300,000, but when your concessional contributions are included the total amount is above \$300,000, the extra 15% tax applies only to the excess.

If your income is \$300,000 or higher before adding the concessional contribution amount, the extra 15% tax applies to all of the concessional contributions.

Special provisions will apply for members of defined benefit funds. Exemptions from this measure will apply for former temporary residents and Federal judges.

Low-income super contribution (LISC)

The low-income superannuation contribution is a Government superannuation payment of up to \$500 a year in tax paid on concessional contributions to super for people with low incomes up to \$37,000. Individuals who are entitled to less than \$10 will have their entitlement rounded up to \$10.

The low income super contribution (LISC) will be repealed from 1 July 2017 (ie. it will not apply to concessional contributions made for financial years starting 1 July 2017 and later).

Government co-contributions

If you make a personal contribution from 'after-tax' money (that's money you've paid income tax on - ie. your take-home pay), you may be eligible to receive an additional contribution into your account from the Government. This is known as the Government co-contribution scheme.

If you earn less than \$34,488 a year (in the 2014/15 financial year) and you make a \$1,000 after-tax contribution, the Government may contribute the maximum \$500 to your retirement savings.

The Government's co-contribution amount decreases for those on higher incomes, but you can still benefit from the co-contribution scheme if you earn less than \$49,488 a year.

Australian Prudential Regulation Authority (APRA) Levy

APRA imposes a levy on the Trustee, a proportion of which will be recouped from your underlying investments on a monthly basis (excludes investments in Suncorp WealthSmart Term Deposits). For the year ending 30 June 2015 this levy should be no more than 0.02% and may change each year based on the levy set by APRA. As the APRA levy is an expense of the Fund any variation to the APRA levy will be passed onto you without notice. Please see our website www.suncorp.com.au/super for more information.

Investments

Investment objective and strategy

Our investment objective and strategy is to make it simple for you to choose an investment option that's right for you. In particular, the investment options are intended to allow you to choose investments that suit your individual circumstances having regard for risk, return, diversification and liquidity.

The Fund invests in a variety of ways including via the Optimum Pooled Superannuation Trust (Optimum PST) (ABN 99 523 621 373, SFN 269403, RSE Fund Registration No R1056676), a group investment policy with Suncorp Life, directly in bank deposits issued by Suncorp Metway Limited (ABN 66 010 831 722, AFSL 229822) and trusts issued by Suncorp Funds Pty Ltd (ABN 96 153 008 354) (SFPL). The Optimum PST then invests in the underlying investment options. Suncorp Life currently invests in trusts issued by SFPL. SFPL currently invests in bank deposits issued by Suncorp-Metway Limited (ABN 66 010 831 722, AFSL 229882).

You have a choice of 41 investment options.

We don't take labour standards, environmental, social and ethical considerations into account when selecting, retaining or terminating investment options.

You can find out more about the investment options in the Suncorp Employee Superannuation Plan PDS and Product Guide which are on our website.

Default investment strategy

If you don't choose your own Investment strategy, you'll be invested in the MySuper compliant, Suncorp Lifestage Fund. This means you will be invested in the Suncorp Lifestage Fund for your year of birth. For example if you were born in 1982, you will be invested in the Suncorp Lifestage Fund 1980-1984. You can find more information about the Suncorp Lifestage Fund on page 10 or by reviewing the Product dashboards.

Product dashboards

The Product Dashboard is intended to provide you with key information about the investment option, including:

- the net return target
- net returns for previous financial years
- a comparison between the return target and the returns for previous financial years
- the level of investment risk, and
- a statement of fees and other costs.

As at 30 June 2014, only Product Dashboards for MySuper investment options are required. You'll find the Product Dashboard for the Suncorp Lifestage Fund under Performance & fees at www.suncorp.com.au/super.

Changes to your investment options

From time to time, investment options may be closed, suspended or terminated by an external investment manager or by us. This may happen where:

- the investment option is no longer offered by the investment manager
- the total amount of investor money in the investment option has grown too large for the investment manager to continue with its current investment strategy
- laws change so that some investment types are no longer permissible
- we determine that it's in the best interests of the members, or
- the investment option may no longer be economically viable.

If an investment option is closed, suspended or terminated, this may cause delays in processing withdrawals and transfer requests. This delay may be more than 30 days and the unit price used to process your transaction may differ from the price applicable on the day you lodged your request.

Where an investment option is closed, suspended or terminated, we'll write to you in advance (where possible) to notify you of this change. You'll then be able to review your strategy with your adviser. Where we're unable to tell you in advance, we'll determine a replacement option (one that is comparable to your investment option) in which to invest your money until you've been able to review your investment strategy.

Related companies

We, Suncorp-Metway Limited, SFPL, Suncorp Life, and the Optimum PST are part of the Suncorp Group. The trustee of the Optimum PST is Suncorp Portfolio Services Limited.

We don't deal with our related companies more favourably than we would with any other independent service provider.

Standard Risk Measure

The Standard Risk Measure (SRM) is a calculation we do to help make it easier for you to compare the riskiness of investment options. Technically it tells you how many negative annual returns an investment option can be expected to deliver over any 20 year period.

The SRM is not a complete assessment of all forms of investment risk. For instance, it doesn't detail what the size of a negative return could be or the potential for a positive return to be less than you may require to meet your objectives. Further, it doesn't take into account the impact of the administration fee or any part of the management fee that is not paid to an investment manager, and tax on the likelihood of a negative return.

You should still ensure you are comfortable with the risks and potential losses associated with your chosen investment option(s).

You can find more information on the methodology we use to calculate the SRM, and a SRM for all of our investment options, in the Understanding Investment Risk Flyer on our website.

The actual measure for each investment option can change at any time, for example because of market conditions, so you should always check the most up-to-date information before you make a decision.

Investment option name change

The following investment option has had a change of name.

Date	Old name	New name
1-Jul-14	Ironbark RREEF Paladin Property Securities Fund	Ironbark Paladin Property Securities Fund

New investment option

The following investment option was added to the investment menu during the 2013/2014 financial year:

Date	Investment Option	Asset Class
1-Jul-14	Suncorp Lifestage Fund	Diversified

How does the Suncorp Lifestage Fund work?

We got together with our investment partner Ibbotson, a worldwide leader in investing, and created the diversified multi-manager Suncorp Lifestage Fund. They bring together the skill and expertise from a number of quality investment managers from Australia and around the world. They make super investing super easy.

When you're younger, we'll put more of your money in growth investments (such as shares and property) because you have a long time before retirement to ride the ups and downs of investment markets. And as you get older, we'll put more of your money in income investments (such as fixed income, infrastructure and cash) better suited to investors with shorter time horizons.

Investment objective

The Suncorp Lifestage Fund aims to maximise capital growth, real capital preservation and income returns from a diversified mix of investments. The emphasis changes from capital growth to capital preservation and income as you get older.

Investment strategy

The Suncorp Lifestage Fund holds a diversified mix of growth and income investments, with an increased allocation to income investments as you get older. Each Suncorp Lifestage Fund is tailored to suit the investment needs and risk profile of investors within the specified age group.

Investment fee – 0.20% pa

Buy-sell spread – Nil

How we invest your money in the Suncorp Lifestage Fund

Your year of birth	Standard Risk Measure	Recommended minimum time to keep the investment	Strategic Asset Allocation (This shows the percentage of your money that we put into each type of investment. They add up to 100%.) [†]								
			Income investments (%)				Growth investments (%)				
			Cash	Aus fixed interest	Intl fixed interest	Infrastructure	Total income	Property	Aus shares	Intl shares	Total growth
2000-2004	6 – High	10 years +	1	4	4	1	10	18	36	36	90
1995-1999	6 – High	10 years +	1	4	4	1	10	18	36	36	90
1990-1994	6 – High	10 years +	2	5	4	1	12	19	37	32	88
1985-1989	6 – High	10 years +	3	5	4	1	13	20	38	29	87
1980-1984	6 – High	10 years +	2	6	5	1	14	21	39	26	86
1975-1979	6 – High	10 years +	4	9	6	1	20	21	37	22	80
1970-1974	6 – High	10 years +	6	13	9	2	30	20	33	17	70
1965-1969	5 – Med to high	10 years +	10	20	12	2	44	17	27	12	56
1960-1964	4 – Med	10 years +	15	26	14	3	58	13	21	8	42
1955-1959	4 – Med	10 years +	19	31	15	3	68	11	16	5	32
1950-1954	3 – Low to med	7 years +	22	34	15	4	75	9	13	3	25
1945-1949	3 – Low to med	5 years +	24	36	15	4	79	8	11	2	21
1940-1944	3 – Low to med	5 years +	24	37	14	4	79	8	11	2	21
1935-1939	3 – Low to med	5 years +	27	37	12	4	80	8	11	1	20
1934 and earlier	3 – Low to med	5 years +	27	37	12	4	80	8	11	1	20

[†] These percentages can vary to allow our investment manager to maintain the long-term objective of each Suncorp Lifestage Fund. To keep things simple, we've rounded these numbers up or down to the nearest full one per cent, and where the resulting totals haven't added up to 100 per cent, we've adjusted cash.

Suncorp Lifestage Fund	Investment objective (net of fees)	Ranges (%) for the different investments						
		Cash	Aus fixed interest	Intl fixed interest	Infrastructure	Property	Aus shares	Intl shares
1934 or earlier	Primarily capital preservation with a return objective of CPI + 1.5% over 10 years	10-100	0-70	0-70	0-30	0-20	0-30	0-20
1935-1939	Primarily capital preservation with a return objective of CPI + 1.5% over 10 years	10-100	0-70	0-70	0-30	0-20	0-30	0-20

How investment performance is calculated

Investment performance is generally calculated net of taxes, levies and ongoing fees such as the administration fee, performance fee, investment fee and expense recovery fee. This is in accordance with industry standards. However, when calculating investment performance, we generally don't take into account contributions tax, entry fees, deferred entry fees, exit fees and any discretionary ongoing fees such as insurance fees and adviser service fees. If we calculate investment performance for an investment option in a different way from that set out above we'll include an explanation of how investment performance is calculated for that investment option in the monthly investment options performance report which is available on our website or by calling us.

You should be aware that the investment performance information for the investment options may differ from the performance of the underlying investment managers. This may be due to:

- holding some assets in cash or short-term securities, for liquidity purposes
- provisions for tax and distribution of tax credits
- a lag between when the underlying investment managers report their performance and when the value of the underlying investment option is reflected in the unit prices
- the fees and charges that apply.

Investment earnings on your account

For investment options other than the Suncorp Traditional Capital Guaranteed Fund, net earnings are allocated to your account based on the number of units held in that option. Each investment option's unit price reflects the movement in the underlying value of the assets of the option(s) and takes into account appropriate expenses, current and deferred taxes. It's important to understand that the actual investment earnings allocated to your account, as shown on your Annual Statement, will differ from the annual investment returns shown on pages 20 to 24.

This may be due to the fact that:

- your investment earnings reflect the change in the unit price that you received when you transacted on your account during the year (including deduction of units to cover fees and charges) and the unit price at the end of the year, and
- the effective unit price that we're required to use when calculating investment earnings on your account is different from the effective unit price that we're required to use when calculating investment performance (see 'How investment performance is calculated').

For the Suncorp Traditional Capital Guaranteed Fund, Suncorp Life declares interest rates in arrears for this investment option at 30 June each year. Interest is calculated on the daily account balance and credited to your account on 30 June each year.

An investment in the Suncorp Traditional Capital Guaranteed Fund provides a participating benefit. This means that the profits arising in respect of this option are allocated 80% to members and 20% to Suncorp Life as shareholder.

Suncorp Life guarantees that the interest credited to your account at 30 June each year won't be negative.

We use an interim interest rate to calculate interest on full withdrawals made before the interest rate is declared (including full switches to another investment option). The interim rate can be changed by Suncorp Life at any time and will apply from the previous 1 July. The final declared rate on 30 June may be less than the interim rate that has applied during the past year.

The declared interest rates are determined based on several factors, including:

- the investment income received after an allowance for tax, including both realised and unrealised capital gains and losses
- transfers to and from reserves in order to smooth returns over time and provide for guarantees
- administration and investment fees
- expenses such as brokerage, stamp duty, taxes, levies and other expenses incurred in managing the assets

For Suncorp WeathSmart Term Deposits, the gross interest rate you receive is declared at the time you invest in the term deposit.

Investments exceeding 5%

As at 30 June 2014, the following investment exceeded 5% of the total assets of the Suncorp Employee Superannuation Plan division of the Fund¹.

Investment	Percentage
Suncorp Life & Superannuation Limited Insurance policies	82%
Optimum PST	16%

¹ The Suncorp Employee Superannuation Plan is part of the Suncorp WealthSmart division, so assets are shown as a percentage of the Suncorp Employee Superannuation Plan.

Use of derivatives

Derivatives are securities that derive their value from another security. Commonly known derivatives include futures and options. We don't currently invest directly in derivatives, however, the underlying investment managers for your investment option(s) may use derivatives. Please note that the investment strategy of each investment option doesn't allow the use of derivatives for speculation or gearing purposes. You can find out more about the investment objectives, strategy or investment style of a particular investment option in the Suncorp Employee Superannuation Plan PDS and Product Guide available on our website or by calling us.

Investment fee

The investment fee is payable to the investment managers of the investment options you choose. This fee generally includes the investment manager's fee, audit, custody and other general costs incurred in the administration of the underlying investment option. This fee is included in the daily unit price calculation for each investment option or when the rate is declared for the Suncorp Traditional Capital Guaranteed Fund. The investment fee depends on the investment option(s) you select. They range from 0.00% pa to 1.87% pa. You can find the latest investment fees in the monthly investment options performance report available on our website or by calling us.

Indirect Cost ratio (ICR)

This ratio is the total of the indirect costs of an investment option to the total average net assets of the Fund attributed to the investment option. Indirect costs are any amount that will reduce the return on an investment option that is not charged to you as a fee. It is an additional cost to you.

Buy-sell spreads

You may incur a buy-sell spread when you make contributions, withdraw or change your investment options. This 'spread' is the difference in the buying price and selling price of the investment option, and generally covers the transaction costs of buying and selling the underlying assets of that investment option. It ensures that non-transacting members aren't disadvantaged by the activity of transacting members. The spread isn't a fee paid to us or the investment manager. It is retained within the underlying investment option to cover these transaction costs. No buy-sell spreads are applicable for any investment in the Suncorp Lifestage Fund.

The investment manager (including us) may vary the buy-sell spread costs from time to time including increasing these costs without notice when it is necessary to protect the interests of existing investors and if permitted by law. The updated information will be disclosed in our monthly investment options performance reports available on our website.

Performance fees

This fee is only charged by some investment managers for certain investment options when they outperform their stated benchmarks. It's an additional amount to the investment fee. As this is an expense of the Fund, any performance fee payable will be passed onto you without notice. Performance fees range from 0% to 31% of the performance over the benchmark. Performance fees are not charged on any investment in the Suncorp Lifestage Fund. You can get the latest performance fees from the monthly investment options performance report on our website or by calling us.

We strongly recommend that you have the updated performance fee information before you make an investment decision.

Investment performance

The following tables show the performance of each investment option as at 30 June 2014. As the Suncorp Employee Superannuation Plan was not available prior to 29 October 2011, prior performance is not provided. Returns are net of some fees and taxes. For more information on how performance is calculated, please see page 17.

Monthly investment options performance reports can be found on our website or by calling us.

- Macquarie Investment Management Limited
- Perennial Investment Partners Limited
- Perpetual Investments
- Platinum Investment Management Limited
- Tyndall Investment Management Limited
- Vanguard Investments Australia Ltd
- Walter Scott & Partners Limited
- Zurich Investment Management Limited.

Other important information

Fee changes

The exit fee was reduced to \$40 between 1 July 2013 and 31 December 2013. From 1 January 2014, the exit fee was reduced to \$0.

Tax and Government charges

Taxes, duties and levies incurred by us are recovered directly from the assets of the investment options (where the expenses are investment costs) before determining unit prices, or from your account.

We deduct amounts from your account for contributions tax. The total amount of contributions tax payable by the Fund is calculated at the end of the financial year and is reduced by deductions allowable to the Fund. Therefore the total amount of contributions tax paid to the ATO may be less than the total amount deducted from members' accounts.

The Fund retains any excess amount deducted for contributions tax and may use this amount to cover expenses incurred in the administration, management or maintenance of the Fund.

Contributions tax surcharge

Contributions tax surcharge has been abolished for contributions made on or after 1 July 2005 but outstanding liabilities may still be payable. The contributions tax surcharge is deducted from members' accounts within 30 days of receipt of a tax assessment from the ATO. Your Annual Statement will show any contributions tax surcharge deducted from your account.

Delays in withdrawing or switching your benefits

The closure, suspension or termination of an investment option by an investment manager may cause delays in processing your withdrawal request. This delay, which may exceed (the maximum) 30 days within which a withdrawal request must be processed, may arise where the investment option can't be converted to cash within the period or it can but not without significantly impacting the value of the investment. You should consider this before selecting or changing your investment options.

Unit pricing delays

We may suspend unit pricing where in our opinion:

- a significant event or incident occurs that has the potential to affect investment markets
- an event occurs that has the potential to affect unit prices
- an external investment manager closes the underlying investment to applications, and withdrawals
- the unit prices calculated have the potential to prejudice specific investors.

Other fees and costs

We may, to the extent permitted by law, deduct investment costs either from the assets of the Fund or directly from members' accounts by selling units to cover:

- costs incurred in buying, selling and valuing assets
- federal and state taxes, duties, charges, levies, and
- costs incurred in obtaining investment advice.

In addition to the fees, any expenses which are incurred by the Trustee in managing and administering the Fund (such as investment monitoring, audit and legal fees etc.) together with any statutory charges and lodgement fees applicable under Government legislation, may be deducted from the assets of the Fund.

Other costs that we incur may also be deducted from the assets of the Fund.

To understand all of the fees payable in respect of your investment in an investment option, you should consider both the PDS and the relevant investment manager's PDS.

Payments to and from other parties

Any payments (or benefits) we make to or receive from other parties are not an additional cost to you unless otherwise stated in the PDS.

We may pay additional amounts to your adviser or their Licensee or other benefits on the total amount of funds they introduce to Suncorp WealthSmart, or for its promotion. These payments won't exceed 0.50% pa of these funds and will be disclosed in your Statement of Advice.

We may receive payments from investment managers or other parties for certain investment options of up to 0.45% pa of the total amount of funds invested. These payments are not an additional charge to you.

For investments in Suncorp WealthSmart Term Deposits we receive brokerage as agreed with the bank that issues the underlying term deposits (including Suncorp Bank) of up to 0.60% pa. This brokerage is deducted by the bank before we declare the rate and we receive it monthly. Brokerage is an additional cost to you.

Any alternative forms of remuneration we may also pay or receive will be in accordance with the Financial Services Council Industry Code of Practice. We keep a register of these payments which you can view by contacting us.

Requests for information

Your Annual Report provides you with financial and investment information to help you understand your super and your membership in the Fund. The Trust Deed, superannuation law and the life insurance policy taken out by the Trustee set out your rights and entitlements. You can request a copy of the following documents by calling us:

- Trust Deed
- Policy documents
- Financial statements.

We may charge a fee to cover the cost of providing copies of some of these documents.

We welcome your feedback

If you have any feedback – we'd like to hear from you. You can find details on how to contact us on the back cover. This also includes any issues or complaints you may have. We make every effort to ensure your complaints are resolved satisfactorily and quickly.

However, if your complaint isn't answered within 90 days, or you're not satisfied with the way it was handled, you may take it to the Superannuation Complaints Tribunal (SCT). The SCT is an independent tribunal set up by the Government to help with the resolution of super complaints.

Mail Superannuation Complaints Tribunal
 Locked Bag 3060
 Melbourne VIC 3001

Phone 1300 884 114

We're also a member of the Financial Ombudsman Service (FOS). You can generally refer complaints outside the SCT's authority to FOS. Our member number is 11123.

Mail Financial Ombudsman Service Limited
 GPO Box 3
 Melbourne VIC 3001

Phone 1300 780 808

It's important we don't lose contact with you

We're required to report all 'lost members' to the ATO, which keeps a lost member's register. That's why it's important that you keep us up to date with your current address at all times as you'll be considered a lost member if we receive one piece of returned mail. Any applicable fees and insurance fees will continue to be deducted from your account and we may transfer the remainder of your account balance to an eligible rollover fund. For more details please see the 'Eligible rollover fund' below.

Unclaimed money

Your account balance will be paid to the ATO if:

- you're age 65 or over and we haven't received a contribution or rollover for two years and we've been unable to contact you for five years, or
- you're a 'lost member' and your account balance is less than \$2,000 or we haven't received a contribution or rollover for 12 months (and it is not possible to pay to you).

A lost member is one that cannot be contacted, an inactive member or a member transferred from another super fund as a lost member.

Any person who has a claim to your benefit will then need to contact the ATO.

Eligible rollover fund

If we lose contact with you or your account balance falls below \$1,200 we may transfer you to an eligible rollover fund (ERF). If your account is transferred to the ERF, you'll no longer be a member of the Suncorp Employee Superannuation Plan and any insurance cover you have will stop. We've selected the SMF Eligible Rollover Fund as our ERF. You can contact them at:

Mail Fund Administrator
SMF Eligible Rollover Fund
GPO Box 529
Hobart TAS 7001

Phone 1800 677 306

Get involved

Employer sponsored members only

Do you want to be part of the decision-making process and management of your plan? A policy committee allows members to provide feedback to us on the operation of the plan. You can find out more about becoming involved in a policy committee in the guide on our website or by calling us.

Trustee indemnity

Under the Trust Deed, except in the case of fraud, breach of trust or duty, or wilful neglect, the Trustee has the right to be indemnified out of the Fund's assets for all liabilities it may incur.

The Trustee has appropriate professional indemnity insurance.

Bankruptcy and super

The laws relating to bankruptcy have been amended to allow a trustee in bankruptcy to recover certain super contributions made after 28 July 2006 if they are made with the intention to defeat creditors. As a consequence of the changes, if we receive the relevant notification, we may be forced to freeze super benefits. If contributions are recovered by the trustee in bankruptcy under these provisions, we have no obligation to repay fees, charges or taxes applicable to those contributions.

Trans-Tasman portability

Under the Trans-Tasman portability scheme arrangement, we are able to transfer your entire* super account balance from Australia to a New Zealand KiwiSaver scheme provided certain pre-conditions are met. For example, we have to be satisfied that you have emigrated permanently to New Zealand, you already have a KiwiSaver scheme account and that scheme is willing to accept the transfer. Other conditions also apply. Please note that we don't currently accept transfers from KiwiSaver scheme accounts. Please see our website www.suncorp.com.au/super for more information.

* Partial transfers are not permitted.

Privacy

We appreciate that privacy is important to you. New privacy laws commenced on 12 March 2014 and introduced some additional requirements in relation to how we deal with your personal information including what we disclose to you in relation to that. Our Privacy Statement is available at www.suncorp.com.au/privacy. Please also refer to the new Suncorp Group Privacy Policy at www.suncorp.com.au/privacy.

Superannuation Prudential Standards

As part of the Government's Stronger Super Reforms superannuation prudential standards have been introduced by APRA for the purpose of strengthening the governance, integrity and regulatory settings of the superannuation system for APRA-regulated superannuation funds. The Trustee has implemented these standards.

Financial information

Reserves

A reserve is an unallocated sum of money over and above the amount necessary to back the accumulated account balances of members. The Fund holds certain reserves that are referable to your division of the Fund.

Movement in reserves

The following table shows the level of and movement in the reserves of the Fund as at 30 June 2014.

Suncorp Master Trust

Movement in reserves for the year ended 30 June	2014 \$'000	2013 \$'000	2012 \$'000
Balance at beginning of year	3,250	10,774	10,313
Income / (expenses) not allocated to members during the year:			
Income tax surplus	6,142	5,957	6,015
Bank interest	290	625	890
Other Income	145	704	206
Bank charges	(70)	(51)	(40)
Trustee reimbursements	(2,497)	(11,873)	(2,904)
Administration Fees	(5,227)	(2,886)	(3,475)
Other	–	–	324
Successor fund transfers from related superannuation funds	–	–	–
Sub Total	2,033	3,250	11,329
Reserves allocated to members	–	–	(555)
Balance at end of year	2,033	3,250	10,774

Management of reserves

The Trustee has discretionary powers in the management and use of reserves. Reserves may be used to meet costs reasonably and properly incurred in the administration, development or winding up of your division and which are not inherently included in administration fees already charged by the Trustee. At the present time, the Trustee is of the view that, after making sufficient provision for these costs, any surplus may be allocated to members' accounts in an equitable manner.

As at 30 June 2014, reserves were invested in cash.

Abridged financial information

The following table shows the unaudited abridged financial information for the Fund for the year ended 30 June 2014. A copy of the audited financial report and the auditor's report will be made available to members on request after 31 October 2014. This information takes into account all the divisions within the Fund.
