

Suncorp WealthSmart®

Annual Report for the year ended 30 June 2015

Important disclosure

Suncorp Portfolio Services Limited (Trustee) (ABN 61 063 427 958, AFSL 237905, RSE Licence No L0002059) and Suncorp Life & Superannuation Limited (insurer) (ABN 87 073 979 530, AFSL 229880) are related bodies corporate of Suncorp Group Limited (Suncorp) (ABN 66 145 290 124). The obligations of the Trustee and the insurer are not guaranteed by any other company within the Suncorp Group. Except as otherwise stated, Suncorp and its subsidiaries do not guarantee the repayment of capital invested in or the investment performance of this product. This product is not a bank deposit or other bank liability and is subject to investment risk including possible delays in repayment and loss of the interest and principal invested.

About this Annual Report

This Annual Report was prepared on 11 September 2015.

The Trustee is the issuer of this Annual Report and takes responsibility for its contents. The information contained in this Annual Report is current as at the date of preparation but may be subject to change. The information is of a general nature only and does not constitute personal financial advice and must not be relied on as such. In preparing this material we have not taken into account your objectives, financial circumstances or needs. Before making a decision based on this information you should consider the appropriateness of the information, having regard to your objectives, financial circumstances and needs. Before deciding to open an account or continuing to hold an interest, you should read the relevant Product Disclosure Statement (PDS) and consider how the information contained in this Annual Report relates to your own situation. We recommend that before you make any decisions, you speak to an adviser who will be able to help you with your investment and insurance decisions. While we believe the information contained in this report to be correct at the date of publication, to the extent that information has been provided by a third party, no warranty of accuracy or reliability is given and no responsibility is accepted for errors or omissions (including negligence).

This Annual Report incorporates the following products which are part of the Suncorp Master Trust (Fund) (ABN 98 350 952 022, RSE Fund Registration No R1056655):

- Suncorp WealthSmart[®] Personal Super (SPIN RSA0004AU)
- Suncorp WealthSmart[®] Pension (SPIN RSA0002AU)
- Suncorp WealthSmart[®] Term Allocated Pension (SPIN RSA0005AU)
- Suncorp WealthSmart[®] Business Super (SPIN RSA0003AU).

As an investor in one of these products, you are a member of the Fund.

Insurance cover offered through Suncorp WealthSmart is provided by the insurer in a policy issued to the Trustee. This policy is a non-participating policy. As a result you do not have any right to any surplus in the statutory fund. This Annual Report is to be read in conjunction with your Annual Statement.

Throughout this Annual Report, unless otherwise specified, references to:

- 'we', 'us', 'our' and 'Trustee' mean Suncorp Portfolio Services Limited
- 'insurer' and 'Suncorp Life' mean Suncorp Life & Superannuation Limited
- 'adviser' means a qualified financial adviser or your plan's adviser for employer-sponsored members
- 'Fund' means Suncorp Master Trust
- 'you', 'your' and 'member' mean a member of Suncorp WealthSmart
- 'business day' means a Sydney business day other than a Saturday, Sunday or public holiday in Sydney.

Your 2014/15 Annual Report

Dear Member,

Superannuation is one of our biggest and most valuable financial assets and its importance to the lives of Australians can not be overstated: it's our opportunity to create the retirement we want and live with confidence knowing it's there waiting for us.

Despite short-term market volatility, for most Australians, super remains an excellent, tax-effective way of saving for your retirement.

The Australian Superannuation industry operates in a dynamic environment and is subject to changes in government policy, regulating authorities and the superannuation industry itself. We are committed to keeping you updated as to these changes and what they mean for your super investment.

This year, the Government made no changes to the taxation of superannuation in the budget and the Super Guarantee (SG) rate remains at 9.5% for all working Australians.

From 1 July 2016 the Government intends to reduce red tape by streamlining the lost and unclaimed super process making it easier to aggregate your super and maximise your investment. As an existing member we have simplified the process for you, visit our website for more details.

Thank you for choosing Suncorp to help you make the most of your super. We feel privileged to be part of your super journey and I encourage you to take the time to review your Annual Report.

Yours faithfully

Geoff Summerhayes
CEO
Suncorp Life

Important changes to super

Stronger Super

The Federal Government has introduced a package of super reforms known as 'Stronger Super', aimed at strengthening the governance, integrity and regulation of the superannuation system.

Two of the key aspects of the Stronger Super reforms include:

- the introduction of a new simple, low cost default superannuation product called 'MySuper' in January 2014.
- making the processing of everyday transactions easier, cheaper and faster, through 'SuperStream'.

SuperStream

SuperStream is a package of measures designed to enhance the 'back office' of superannuation. When fully implemented, these measures are designed to improve the productivity of the superannuation system and make the system easier to use.

The SuperStream reforms include measures to implement new data and e-commerce standards for superannuation transactions, which will allow for more automated and timely processing of transactions.

In addition, members can use the ATO's online SuperSeeker facility at any time to:

- find lost super, and
- find ATO-held super.

The online SuperSeeker facility is available at www.ato.gov.au/superseeker.

Alternatively, we can carry out a lost super search on your behalf. If you have a super account with us, we can help you transfer any lost super money into your account.

This lost super service is available online at www.suncorp.com.au/lostsuper.

Changes to the duty of disclosure

On 28 June 2014 the Insurance Contracts Act (ICA) was amended updating an insurer's rights relating to misrepresentation or non-disclosure under section 29 of the ICA, if a member fails to meet their duty of disclosure.

On 1 July 2015, a Product Update was issued on our website containing a revised Duty of Disclosure notice with the new rights available to the insurer for misrepresentation or non-disclosure. This notice replaces the notice contained in the Suncorp WealthSmart Product Guide.

The new rights apply to:

- new insurance arrangements entered into on and after 1 July 2015, and
- variations to, and increases in cover for existing insurance arrangements entered into prior to 1 July 2015, where the variation is made and agreed to, or the increase applies, on or after that date.

(Together called the 'insurance arrangement'.)

The new rights enable the insurer to, generally:

- vary an insurance arrangement (eg. by applying an exclusion) to place it in the position it would have been in had the misrepresentation or non-disclosure not occurred,
- reduce the sum insured in accordance with a formula that takes into account the insurance fee that would have been payable if the duty of disclosure had been complied with.

Further changes to the ICA will become effective from 28 December 2015 including allowing an insurer to treat a member's failure to comply with the duty of disclosure as a failure by the Trustee to comply with the duty.

Access to super upon terminal illness

From 1 July 2015 members with a terminal medical condition can access their super earlier. Currently, members must have two medical practitioners (including a specialist) certify that they are likely to die within 24 months (previously 12 months) to gain unrestricted tax free access to their super. The Government will change this period to 24 months giving terminally ill patients earlier access to their super.

Please note that this change does not automatically apply to insurance cover you may have in your super fund. You will need to check the terms and conditions of the insurance cover which applies to you to see whether this change is included. In the event that you access your super balance in the circumstances outlined in this section, you should ensure that you retain money in your super fund to pay insurance fees. For more information we recommend that you speak to your adviser.

Increase to superannuation guarantee contribution rate

The Superannuation Guarantee (SG) rate was increased to 9.5% from 1 July 2014, at which rate it currently remains. The SG rate will gradually increase to 12% of your ordinary earnings.

The proposed rate of increase to the SG rate is shown in the table below.

Period	SG rate
1 July 2014 – 30 June 2021	9.50%
1 July 2021 – 30 June 2022	10.00%
1 July 2022 – 30 June 2023	10.50%
1 July 2023 – 30 June 2024	11.00%
1 July 2024 – 30 June 2025	11.50%
1 July 2025 and later	12.00%

Generally, you're entitled to SG contributions from your employer if you're aged 18 or older and paid \$450 or more (before tax) in a month. It doesn't matter whether you're working full time, part time or casual, and it doesn't matter if you're a temporary resident of Australia.

Higher concessional contributions cap for pre-retirees

There are limits (also called 'contribution caps') on the amounts you can contribute to super in any one financial year without penalty.

A higher concessional contribution limit of \$35,000 applied to individuals aged 49 years or over on 30 June 2014 (the limit for those under age 49 was \$30,000), which means that individuals can make higher contributions to super without penalty in the lead up to retirement.

More flexibility for breaches of the after-tax super contribution limit

There is a limit of \$180,000 per year (or \$540,000 over three years for clients under age 65) for making after-tax (sometimes called 'non-concessional') contributions to super, with financial penalties for breaching the limit.

Individuals can elect to withdraw non-concessional contributions they've made from 1 July 2013 in excess of the limit, and 85% of the associated earnings. (The election generally needs to be made within 60 days from when the Australian Taxation Office issues the determination of the individual's excess contributions and associated earnings.) The full earnings are then taxed at the individual's marginal tax rate less a 15% non-refundable tax offset. Where this option is chosen, no excess contributions tax is payable. Individuals who leave their excess contributions in the fund are still taxed on these contributions at the top marginal rate.

Higher contribution tax for very high income earners

There is a reduced tax concession on certain concessional contributions for very high income earners. Broadly speaking, an individual has a liability for the extra tax for an income year if the sum of their relevant income and taxed contributions for the income year exceed \$300,000. Affected contributions made on or after 1 July 2012 are subject to an extra 15% tax (increasing the effective tax rate to 30%).

Generally, if your income is under \$300,000, but when your concessional contributions are included the total amount is above \$300,000, the extra 15% tax applies only to the excess.

If your income is \$300,000 or higher before adding the concessional contribution amount, the extra 15% tax applies to all of the concessional contributions.

Special provisions apply for members of defined benefit funds. Exemptions apply for former temporary residents and Federal judges.

Low-income super contribution (LISC)

The low-income superannuation contribution (LISC) is a Government superannuation payment of up to \$500 a year in tax paid on concessional contributions to super for people with low incomes up to \$37,000. Individuals who are entitled to less than \$10 will have their entitlement rounded up to \$10.

The LISC will be repealed from 1 July 2017 (ie. it will not apply to concessional contributions made for financial years starting 1 July 2017 and later).

Government co-contributions

If you make a personal contribution from 'after-tax' money (that's money you've paid income tax on – ie. your take-home pay), you may be eligible to receive an additional contribution into your account from the Government. This is known as the Government co-contribution scheme.

If you earn less than \$35,454 a year (in the 2015/16 financial year) and you make \$1,000 in after-tax contributions, the Government may contribute the maximum \$500 to your retirement savings.

The Government's co-contribution amount decreases for those on higher incomes, but you can still benefit from the co-contribution scheme if you earn less than \$50,454 a year.

Lost and unclaimed super

The Government has proposed that from 1 July 2016 they will implement a package of measures that will reduce red tape for super funds and individuals by removing redundant reporting obligations and by streamlining lost and unclaimed super administrative arrangements. If the changes do go ahead in part or in full, they will make it easier for individuals to be reunited with their lost and unclaimed super.

Unclaimed money

The Government has proposed to increase the lost member small account threshold in two stages, from \$2,000 to \$4,000 on 31 December 2015 and then to \$6,000 on 31 December 2016. This means account balances for members meeting the definition of a 'lost member' or unclaimed money will be transferred to the ATO. The intent of this policy is to protect the balances of small accounts from erosion by fees. You can find more information on unclaimed money in the Other important information section of this Annual Report.

Investments

Investment objective and strategy

Our investment objective and strategy is to provide you with a wide choice of investment options to meet your super savings and retirement planning needs. In particular, the investment options are intended to allow you to choose investments that suit your individual circumstances having regard for risk, return, diversification and liquidity.

The Fund invests in a variety of ways including via the Optimum Pooled Superannuation Trust (Optimum PST) (ABN 99 523 621 373, SFN 269403, RSE Fund Registration No R1056676), a group investment policy with Suncorp Life, directly in bank deposits issued by Suncorp-Metway Limited (ABN 66 010 831 722, AFSL 229822) and trusts issued by Suncorp Funds Pty Ltd (ABN 96 153 008 354) (SFPL). The Optimum PST then invests in the underlying investment options. Suncorp Life currently invests in trusts issued by SFPL. SFPL currently invests in bank deposits issued by Suncorp-Metway Limited (ABN 66 010 831 722, AFSL 229882).

The Trustee doesn't pay any fees or charges to the Optimum PST other than those relating to the underlying investments of the Optimum PST.

You have a choice of 46 investment options.

We don't take labour standards, environmental, social and ethical considerations into account when selecting, retaining or terminating investment options.

You can find out more about the investment options in the Suncorp WealthSmart PDS which is on our website.

Default investment strategy for Suncorp WealthSmart Business Super

If you don't choose your own investment strategy, you'll be invested in the MySuper compliant, Suncorp Lifestage Fund. This means you will be invested in the Suncorp Lifestage Fund for your year of birth. For example, if you were born in 1982 you will be invested in the Suncorp Lifestage Fund 1980-1984. You can find more information about the Suncorp Lifestage Fund by reviewing the Product Dashboards.

Product Dashboards

The Product Dashboard is intended to provide you with key information about the investment option, including:

- the net return target
- net returns for previous financial years
- a comparison between the return target and the returns for previous financial years
- the level of investment risk, and
- a statement of fees and other costs.

As at 30 June 2015, only Product Dashboards for MySuper investment options are required. You'll find the Product Dashboard for the Suncorp Lifestage Fund under Performance & fees at www.suncorp.com.au/super.

Changes to your investment options

From time to time, investment options may be closed, suspended or terminated by an external investment manager or by us. This may happen where:

- the investment option is no longer offered by the investment manager
- the total amount of investor money in the investment option has grown too large for the investment manager to continue with its current investment strategy
- laws change so that some investment types are no longer permissible
- we determine that it's in the best interests of the members, or
- the investment option may no longer be economically viable.

If an investment option is closed, suspended or terminated, this may cause delays in processing withdrawals and transfer requests. This delay may be more than 30 days and the unit price used to process your transaction may differ from the price applicable on the day you lodged your request.

Where an investment option is closed, suspended or terminated, we'll write to you in advance (where possible) to notify you of this change. You'll then be able to review your strategy with your adviser. Where we're unable to tell you in advance, we'll determine a replacement option (one that is comparable to your investment option) in which to invest your money until you've been able to review your investment strategy.

Related companies

We, Suncorp-Metway Limited, SFPL, Suncorp Life and the Optimum PST are part of the Suncorp Group. The trustee of the Optimum PST is Suncorp Portfolio Services Limited.

We don't deal with our related companies more favourably than we would with any other independent service provider.

Standard Risk Measure

The Standard Risk Measure (SRM) is a calculation we do to help make it easier for you to compare the riskiness of investment options. Technically it tells you how many negative annual returns an investment option can be expected to deliver over any 20 year period.

The SRM is not a complete assessment of all forms of investment risk. For instance, it doesn't detail what the size of a negative return could be or the potential for a positive return to be less than you may require to meet your objectives. Further, it doesn't take into account the impact of the administration fee or any part of the management fee that is not paid to an investment manager, and tax on the likelihood of a negative return.

You should still ensure you are comfortable with the risks and potential losses associated with your chosen investment option(s).

You can find more information on the methodology we use to calculate the SRM, and a SRM for all of our investment options, in the Understanding Investment Risk Flyer on our website.

The actual measure for each investment option can change at any time, for example because of market conditions, so you should always check the most up-to-date information before you make a decision.

Investment option name changes

The following investment options have had a change of name.

Date	Old name	New name
15-Sep-14	Tyndall Australian Bond Fund	Nikko AM Australian Bond Fund
15-Sep-14	Tyndall Australian Share Wholesale Portfolio	Nikko AM-Tyndall Australian Share Wholesale Fund
15-Sep-14	Tyndall Australian Share Income Fund	Nikko AM-Tyndall Australian Share Income Fund

16-Feb-15	Suncorp Traditional Capital Stable Fund	Suncorp Traditional Conservative Fund

New investment options

The following investment options were added to the investment menu during the 2014/2015 financial year.

Date	Investment option	Asset class
01-Dec-14	Hyperion Australian Growth Companies Fund	Australian shares
01-Dec-14	Investors Mutual Industrial Share Fund	Australian shares
01-Dec-14	Ironbark Karara Australian Share Fund	Australian shares
01-Dec-14	Perpetual Wholesale SHARE-PLUS Long-Short Fund	Australian shares
01-Dec-14	Perpetual Wholesale Ethical SRI Fund	Australian shares specialist
01-Dec-14	Lazard Global Infrastructure Securities	Infrastructure

Hyperion Australian Growth Companies Fund

Objective

The fund seeks to achieve medium to long-term capital growth and income through investing in high calibre Australian companies. The fund aims to achieve a total return after expenses that exceeds the S&P/ASX 300 Accumulation Index over a five year horizon. The fund is highly concentrated, containing between 15-25 stocks, with low turnover.

Strategy

Hyperion actively manages its portfolio of companies using proprietary quantitative analytical models, as well as qualitative bottom-up research. Hyperion's rigorous research process creates high-conviction, benchmark insensitive portfolios with excellent after-tax efficiency. Hyperion are proud of their track record of index-beating long-term performance over multiple business cycles. Any investments that do not pass Hyperion's stringent requirements are not held; Hyperion regularly review their portfolio holdings and rebalance as necessary to maintain quality standards.

Performance fee	No	
Buy-sell spread as at 30 June 2015	+/- 0.30%	

Investors Mutual Industrial Share Fund

Objective

To provide a rate of return (after fees and expenses and before taxes) which exceeds the return of the S&P/ASX 300 Accumulation Index on a rolling four year basis.

Strategy

The fund will invest in a diversified portfolio of quality ASX listed Australian & NZ industrial and resource shares, where these shares are identified by our investment team as being undervalued.

	Strategic asset allocation	Range
Australian shares	n/a	80-100%

Ironbark Karara Australian Share Fund

Objective

To outperform the S&P/ASX 300 Accumulation index (before fees) over rolling 4-year periods.

Strategy

Karara Capital is an active investment manager whose approach to Australian equities is built on the belief that original, forward looking research can identify underappreciated companies. Karara Capital's approach emphasises the development of insights into a company's longer term prospects. They look to consider all factors which they believe are relevant and carefully assess whether this view is reflected in the market place.

Portfolios are built from a diverse range of insights and close attention is paid to understanding the interplay between the holdings.

The fund will primarily invest in 25-35 companies included in the S&P/ASX 100 Index plus an allocation to smaller companies. The allocation to smaller companies is generally between 0-20% of the portfolio, however this can vary over time.

Investments of the fund may also include derivatives such as index futures which would be used for risk management purposes or as substitutes for physical securities.

	Strategic asset allocation	Range
Australian shares	95%	90-100%
Cash	5%	0-10%

Buy-sell spread as at 30 June 2015	+/- 0.25%	

Perpetual Wholesale SHARE-PLUS Long-Short Fund

Objective

Aims to provide long-term capital growth and income through investment in quality shares and taking short positions in selected Australian shares. The fund aims to outperform the S&P/ASX 300 Accumulation Index (before fees and taxes) over rolling three-year periods.

Strategy

Perpetual researches companies of all sizes using consistent share selection criteria. Perpetual's priority is to select those companies that represent the best investment quality and are appropriately priced. In determining investment quality, investments are carefully selected on the basis of four key investment criteria: conservative debt levels, sound management, quality business and in the case of industrial shares, recurring earnings.

In addition, Perpetual aims to take short positions in Australian shares that it believes will fall in value. The short positions are determined based on each stock's expected returns and the investment constraints (designed to reduce the risks associated with taking short positions). Derivatives may be used in managing the fund.

	Strategic asset allocation	Range
Australian shares ¹ (net) ²	n/a	65-100%
Cash	n/a	0-35%
Standard Risk Measure	6 – High	
Style	Value	
Timeframe	5 years plus	
Investment fee	0.99% pa ³	
Performance fee	Yes ⁴	
Buy-sell spread as at 30 June 2015	+/- 0.20%	

1 The fund invests primarily in shares listed on or proposed to be listed on any recognised Australian exchange but may have up to 20% exposure to shares listed on or proposed to be listed on any recognised global exchange. Currency hedges may be used from time to time.

2 The net market exposure is the value of the fund's long positions minus the value of the fund's short positions.

3 The investment fee percentage quoted is based on the sum of the fund's long and short positions.

4 Perpetual charges the fund a performance fee if its investment performance (as a whole) exceeds its performance hurdle and other conditions are met. The performance hurdle for this fund is the S&P/ASX 300 Accumulation Index plus 2% per annum. The daily performance fee is equal to 13.98% of the difference between the fund's daily return and its performance hurdle multiplied by the fund's adjusted net asset value (that is, net asset value inclusive of management fee accruals but excluding accrued performance fees).

Perpetual Wholesale Ethical SRI Fund

Objective

Aims to provide long-term capital growth and regular income through investment in quality shares of socially responsible companies. The fund aims to outperform the S&P/ASX 300 Accumulation Index (before fees and taxes) over rolling three-year periods.

Strategy

Perpetual researches companies of all sizes using consistent share selection criteria. Perpetual's priority is to select those companies that represent the best investment quality and are appropriately priced. In determining investment quality, investments are carefully selected on the basis of four key investment criteria: conservative debt levels, sound management, quality business and in the case of industrial shares, recurring earnings.

In addition to the above investment approach, Perpetual utilises a strategy for screening ethical and socially responsible investments. Derivatives may be used in managing the fund.

	Strategic asset allocation	Range
Australian shares ¹	n/a	90-100%
Cash	n/a	0-10%
Standard Risk Measure	7 – Very High

¹ The fund invests primarily in shares listed on or proposed to be listed on any recognised Australian exchange but may have up to 20% exposure to shares listed on or proposed to be listed on any recognised global exchange. Currency hedges may be used from time to time.

Lazard Global Infrastructure Securities Fund

Objective

The fund seeks to achieve total returns (including income and capital appreciation and before the deduction of fees and taxes) that outperform inflation, as measured by the Australian Consumer Price Index, by 5% per annum over rolling five-year periods.

Strategy

The fund will invest in listed companies that own physical infrastructure (including concessions or long-term contracts to this effect); have assets predominantly invested in member countries of the Organisation for Economic Cooperation and Development and meet a minimum market capitalisation hurdle at the time of purchase. The number of securities will generally range from 25 to 50 which means Lazard Pacific makes active investment decisions as to which securities the fund holds.

Lazard Pacific will substantially hedge the foreign currency exposures back to the Australian dollar. The fund will also diversify its assets between countries and sectors.

	Strategic asset allocation	Range

Information about new investment managers

Hyperion Asset Management

Hyperion Asset Management is an Australian Equities Boutique Manager. Hyperion was founded in 1997 and has consistently delivered top quartile returns for clients.

Hyperion invests in only the highest quality companies without reference to a benchmark and take an active, high conviction investment approach. Hyperion currently manage in excess of \$4 billion in Australian equities. Hyperion's key investment personnel remain the same today as when they started and they have added depth to the team along the way. Hyperion have a high degree of confidence in repeating past performance due to their disciplined process, focused investment team and always adhering to high quality investments.

Investors Mutual Limited

Investors Mutual Limited (IML) was established by Anton Tagliaferro in May 1998. An Australian equities specialist, IML has grown steadily since then to more than \$4.9 billion in funds under management as at March 2014.

Investors Mutual has a conservative investment style with a long-term focus, and aims to deliver consistent returns for clients. IML achieves this through the disciplined application of a fundamental and value-based approach to investing. IML is owned by Anton Tagliaferro, the IML investment team and Treasury Group Limited.

Karara Capital

Karara Capital has been appointed by Ironbark as the investment manager of the Ironbark Karara Wholesale Australian Share Fund. Karara Capital is a specialist investment management company focusing on the active management of funds which invest in Australian equities. At the core of Karara Capital's team are its three Executive Directors and majority shareholders: David Slack, Rohan Walsh and Luke Sinclair, who between them have built a successful track record managing Australian equities spanning over 25 years. Supporting them is a team of experienced investment professionals.

Karara Capital is wholly owned by its employees, which assists in strongly aligning their interests and those of their investors. As an independent, privately owned business, Karara Capital is free to make investment decisions in a purely objective fashion.

Suspended investment options

The investment options below have had changes made to their withdrawal rules by the underlying investment managers, and as a result, withdrawals have been suspended. The investment managers have announced the termination of these investment options with monies to be returned to investors when possible.

Date of freeze	Investment option	Status of underlying fund	Replacement investment option
23-Oct-08	AMP Capital Wholesale Monthly Income Fund	Terminating with quarterly capital repayments	Suncorp Cash Fund
7-Sep-12	APN Unlisted Property Fund	Regular capital repayments	Suncorp Cash Fund

Terminated investment options

The following investment option has been removed from the investment menu. Existing funds have been moved to the replacement investment option. At the time of the termination, members had the choice to select their own replacement investment option or agree with the Trustee selected replacement investment option. The Trustee selected replacement investment option is provided in the table below.

Date of freeze	Terminated investment option	Replacement investment option	Asset class
16-Oct-14	CFS Wholesale Income Fund	Suncorp Guaranteed Cash Fund	Cash

Other changes to investment options

The following investment options have had a change in investment fee.

Date	Investment option	Old fee	New fee
01-Jul-15	Zurich Investments Equity Income Fund	1.87%	1.39%

How investment performance is calculated

Investment performance is generally calculated net of taxes, levies and ongoing fees such as the administration fee, performance fee, investment fee and expense recovery fee. This is in accordance with industry standards. However, when calculating investment performance, we generally don't take into account contributions tax, deferred entry fees, exit fees and any discretionary ongoing fees such as insurance fees and adviser service fees. If we calculate investment performance for an investment option in a different way from that set out above, we'll include an explanation of how investment performance is calculated for that investment option in the monthly investment options performance report which is available on our website or by calling us.

You should be aware that the investment performance information for the investment options may differ from the performance of the underlying investment managers. This may be due to:

- holding some assets in cash or short-term securities, for liquidity purposes
- provisions for tax and distribution of tax credits
- a lag between when the underlying investment managers report their performance and when the value of the underlying investment option is reflected in the unit prices
- the fees and charges that apply.

Investment earnings on your account

For investment options other than the Suncorp Traditional Capital Guaranteed Fund, net earnings are allocated to your account based on the number of units held in that option. Each investment option's unit price reflects the movement in the underlying value of the assets of the option(s) and takes into account appropriate expenses, current and deferred taxes. It's important to understand that the actual investment earnings allocated to your account, as shown on your Annual Statement, will differ from the annual investment returns shown on pages 24 to 49.

This may be due to the fact that:

- your investment earnings reflect the change in the unit price that you received when you transacted on your account during the year (including deduction of units to cover fees and charges) and the unit price at the end of the year, and
- the effective unit price that we're required to use when calculating investment earnings on your account is different from the effective unit price that we're required to use when calculating investment performance (see 'How investment performance is calculated').

For the Suncorp Traditional Capital Guaranteed Fund, Suncorp Life declares interest rates in arrears for this investment option at 30 June each year. Interest is calculated on the daily account balance and credited to your account on 30 June each year.

An investment in the Suncorp Traditional Capital Guaranteed Fund provides a participating benefit. This means that the profits arising in respect of this option are allocated 80% to members and 20% to Suncorp Life as shareholder.

Suncorp Life guarantees that the interest credited to your account at 30 June each year won't be negative.

We use an interim interest rate to calculate interest on full withdrawals made before the interest rate is declared (including full switches to another investment option). The interim rate can be changed by Suncorp Life at any time and will apply from the previous 1 July. The final declared rate on 30 June may be less than the interim rate that has applied during the past year.

The declared interest rates are determined based on several factors, including:

- the investment income received after an allowance for tax, including both realised and unrealised capital gains and losses
- transfers to and from reserves in order to smooth returns over time and provide for guarantees
- administration and investment fees
- expenses such as brokerage, stamp duty, taxes, levies, and other expenses incurred in managing the assets.

For Suncorp WealthSmart Term Deposits, the gross interest rate you receive is declared at the time you invest in the term deposit.

Investments exceeding 5%

As at 30 June 2015, the following investments exceeded 5% of the total assets of the Suncorp WealthSmart division of the Fund¹.

Investment	Percentage
Suncorp Life & Superannuation Limited Insurance policies	53%
Optimum Pooled Superannuation Trust	32%
Suncorp Group Suncorp Bank Cash Trust	6%

¹ The Fund is made up of divisions, so assets are shown as a percentage of the relevant division.

Use of derivatives

Derivatives are securities that derive their value from another security. Commonly known derivatives include futures and options. We don't currently invest directly in derivatives, however, the underlying investment managers for your investment option(s) may use derivatives. Please note that the investment strategy of each investment option doesn't allow the use of derivatives for speculation or gearing purposes. You can find out more about the investment objectives, strategy or investment style of a particular investment option in the Suncorp WealthSmart PDS and Product Guide on our website or by calling us.

Investment fee

The investment fee is payable to the investment managers of the investment options you choose. This fee generally includes the investment manager's fee, audit, custody and other general costs incurred in the administration of the underlying investment option. This fee is included in the daily unit price calculation for each investment option or when the rate is declared for the Suncorp Traditional Capital Guaranteed Fund. The investment fee depends on the investment option(s) you select. They range from 0.00% pa to 2.57% pa. You can find the latest investment fees in the monthly investment options performance report available on our website or by calling us.

Indirect Cost Ratio (ICR)

This ratio is the total of the indirect costs of an investment option to the total average net assets of the Fund attributed to the investment option. Indirect costs are any amount that will reduce the return on an investment option that is not charged to you as a fee. It is an additional cost to you.

Buy-sell spreads

You may incur a buy-sell spread when you make contributions, withdraw or change your investment options. This 'spread' is the difference in the buying price and selling price of the investment option, and generally covers the transaction costs of buying and selling the underlying assets of that investment option. It ensures that non-transacting members aren't disadvantaged by the activity of transacting members. The spread isn't a fee paid to us or the investment manager. It is retained within the underlying investment option to cover these transaction costs. No buy-sell spreads are applicable for any investment in the Suncorp Lifestage Fund.

The investment manager (including us) may vary the buy-sell spread costs from time to time including increasing these costs without notice when it is necessary to protect the interests of existing investors and if permitted by law. The updated information will be disclosed in our monthly investment options performance reports available on our website.

Performance fees

This fee is only charged by some investment managers for certain investment options when they outperform their stated benchmarks. It's an additional amount to the investment fee. As this is an expense of the Fund, any performance fee payable will be passed onto you without notice. Performance fees range from 0% to 31% of the performance over the benchmark. Performance fees are not charged on any investment in the Suncorp Lifestage Fund. You can get the latest performance fees from the monthly investment performance report on our website or by calling us. We strongly recommend that you have the updated performance fee information before you make an investment decision.

Investment performance

The following tables show the performance of each investment option as at 30 June. Returns are net of some fees and taxes. For more information on how performance is calculated, please see page 22.

Monthly investment performance reports can be found on our website or by calling us.

- Macquarie Investment Management Limited
- Perennial Investment Partners Limited
- Perpetual Investments
- Platinum Investment Management Limited
- Nikko AM Limited
- Vanguard Investments Australia Ltd
- Walter Scott & Partners Limited
- Zurich Investment Management Limited.

Other important information

Tax and Government charges

Taxes, duties and levies incurred by us are recovered directly from the assets of the investment options (where the expenses are investment costs) before determining unit prices, or from your account.

We deduct amounts from your account for contributions tax. The total amount of contributions tax payable by the Fund is calculated at the end of the financial year and is reduced by deductions allowable to the Fund. Therefore, the total amount of contributions tax paid to the ATO may be less than the total amount deducted from members' accounts.

The Fund retains any excess amount deducted for contributions tax and may use this amount to cover expenses incurred in the administration, management or maintenance of the Fund.

Contributions tax surcharge

Contributions tax surcharge has been abolished for contributions made on or after 1 July 2005 but outstanding liabilities may still be payable. The contributions tax surcharge is deducted from members' accounts within 30 days of receipt of a tax assessment from the ATO. Your Annual Statement will show any contributions tax surcharge deducted from your account.

Delays in withdrawing or switching your benefits

The closure, suspension or termination of an investment option by an investment manager may cause delays in processing your withdrawal request. This delay, which may exceed (the maximum) 30 days within which a withdrawal request must be processed, may arise where the investment option can't be converted to cash within the period or it can but not without significantly impacting the value of the investment. You should consider this before selecting or changing your investment options.

Please note that 30 days notice should be provided to us if you wish to switch or withdraw more than \$250,000.

Unit pricing delays

We may suspend unit pricing where in our opinion:

- a significant event or incident occurs that has the potential to affect investment markets
- an event occurs that has the potential to affect unit prices
- an external investment manager closes the underlying investment to applications and withdrawals
- the unit prices calculated have the potential to prejudice specific investors.

Other fees and costs

We may, to the extent permitted by law, deduct investment costs either from the assets of the Fund or directly from members' accounts by selling units to cover:

- costs incurred in buying, selling and valuing assets,
- federal and state taxes, duties, charges, levies, and
- costs incurred in obtaining investment advice.

In addition to the fees, any expenses which are incurred by the Trustee in managing and administering the Fund (such as investment monitoring, audit and legal fees etc) together with any statutory charges and lodgement fees applicable under Government legislation, may be deducted from the assets of the Fund.

Other costs that we incur may also be deducted from the assets of the Fund.

To understand all of the fees payable in respect of your investment in an investment option, you should consider both the PDS and the relevant investment manager's PDS.

Payable compensation amounts

In the event that compensation is payable in certain circumstances for a member who has exited the fund or is deceased, and that amount is less than \$20, it will be returned to the Fund unless otherwise requested from the Trustee. When such amounts are payable, we will put a notice in the relevant annual report and on our website.

Payments to and from other parties

Any payments (or benefits) we make to or receive from other parties are not an additional cost to you unless otherwise stated in the PDS.

We may pay additional amounts to your adviser or their Licensee or other benefits on the total amount of funds they introduce to Suncorp WealthSmart, or for its promotion. These payments won't exceed 0.50% pa of these funds and will be disclosed in your Statement of Advice.

We may receive payments from investment managers or other parties for certain investment options of up to 0.45% pa of the total amount of funds invested. These payments are not an additional charge to you.

For investments in Suncorp WealthSmart Term Deposits we receive brokerage as agreed with the bank that issues the underlying term deposits (including Suncorp Bank) of up to 0.60% pa. This brokerage is deducted by the bank before we declare the rate and we receive it monthly. Brokerage is an additional cost to you.

Any alternative forms of remuneration we may also pay or receive will be in accordance with the Financial Services Council Industry Code of Practice. We keep a register of these payments which you can view by contacting us.

Requests for information

Your Annual Report provides you with financial and investment information to help you understand your super and your membership in the Fund. The Trust Deed, superannuation law and the life insurance policy taken out by the Trustee set out your rights and entitlements. You can request a copy of the following documents by calling us:

- Trust Deed
- Policy documents
- Financial statements.

We may charge a fee to cover the cost of providing copies of some of these documents.

We welcome your feedback

If you have any feedback – we'd like to hear from you. You can find details on how to contact us on the back cover. This also includes any issues or complaints you may have. We make every effort to ensure your complaints are resolved satisfactorily and quickly.

However, if your complaint isn't answered within 90 days, or you're not satisfied with the way it was handled, you may take it to the Superannuation Complaints Tribunal (SCT). The SCT is an independent tribunal set up by the Government to help with the resolution of super complaints.

Mail Superannuation Complaints Tribunal
Locked Bag 3060
Melbourne VIC 3001

Phone 1300 884 114

We're also a member of the Financial Ombudsman Service (FOS). You can generally refer complaints outside the SCT's authority to FOS. Our member number is 11123.

Phone 1300 780 808

It's important we don't lose contact with you – lost members

We're required to report all 'lost members' to the ATO, which keeps a lost member's register. That's why it's important that you keep us up to date with your current address at all times.

You'll be considered a lost member if:

- we receive one piece of returned mail from your last known address and we haven't received a contribution or rollover from you for 12 months, or
- you are an inactive member - you must have joined the fund for more than two years and we have not received any contributions or rollover amounts from you for the last five years, or
- you transferred from another super fund as a lost member.

Any applicable fees and insurance fees will continue to be deducted from your account whilst we have lost contact with you and we may transfer the remainder of your account balance to an eligible rollover fund. For more details please see 'Eligible rollover fund' below.

Unclaimed money and amounts paid to the ATO

An account balance will be paid to the ATO as unclaimed monies if:

- you're aged 65 or over, we haven't received any amounts for two years and we've been unable to contact you again (after making reasonable efforts) after five years since our last contact, or
- following a relationship breakdown, we are unable to ensure that a non-member spouse receives their entitlement after making reasonable efforts to contact them and after a reasonable time has passed.

An account balance will also be paid to the ATO if:

- you're a 'lost member', and
 - your account balance is less than \$2,000 (or the proposed balance of less than \$4,000 commencing 31 December 2015), or
 - we haven't received any amounts for 12 months (and it is not possible to pay an amount to you).

The ATO may instruct us to transfer the benefits of temporary residents to the ATO if:

- a temporary resident has left Australia, and
- their temporary visa expired/ceased more than six months prior.

If we're instructed to transfer your benefits to the ATO, your account will be closed. We're not required to issue an exit statement under these circumstances, as it's unlikely to reach you. We rely on relief from the Australian Securities and Investment Commission (ASIC) not to provide exit statements or notify you in these circumstances. Once your benefit is transferred to the ATO, it can only be accessed if you meet a 'condition of release'.

Any person who has a claim to a benefit will then need to contact the ATO.

Accounts without balances

Your account may be closed by us, by the end of a financial year, if you have not made any transactions on your account for an entire financial year and either of the following has occurred in the prior financial year:

- you opened an account with a zero account balance with us in the previous financial year and never transacted on it, or
- your account balance is exhausted due to ongoing fees in a previous financial year.

We may not provide a periodic statement in this situation as your account will not have any transactions to report on over this period and your account would have been closed. Should you still wish to hold an account after that point, you will need to open a new account with us.

If you have insurance cover attached to your super account, you will not be impacted by this change. You will continue to receive a lapse notice in sufficient time to contribute to your account and continue your insurance cover.

Eligible rollover fund

If we lose contact with you or your account balance falls below \$1,200 we may transfer you to an eligible rollover fund (ERF). If your account is transferred to the ERF, you'll no longer be a member of Suncorp WealthSmart and any insurance cover you have will stop. We've selected the SMF Eligible Rollover Fund as our ERF. You can contact them at:

Mail Fund Administrator
SMF Eligible Rollover Fund
GPO Box 529
Hobart TAS 7001

Phone 1800 677 306

Get involved

Suncorp WealthSmart Business Super members only

Do you want to be part of the decision-making process and management of your plan? A policy committee allows members to provide feedback to us on the operation of the plan. You can find out more about becoming involved in a policy committee in the guide on our website or by calling us. You can find out whether your employer plan has a policy committee and its details by calling us.

Trustee indemnity

Under the Trust Deed, except in the case of fraud, breach of trust or duty, or wilful neglect, the Trustee has the right to be indemnified out of the Fund's assets for all liabilities it may incur.

The Trustee has appropriate professional indemnity insurance.

Bankruptcy and super

A trustee in bankruptcy can recover certain super contributions made after 28 July 2006 if they are made with the intention to defeat creditors. Therefore, if we receive the relevant notification, we may be forced to freeze super benefits. If contributions are recovered by the trustee in bankruptcy under these provisions, we have no obligation to repay fees, charges or taxes applicable to those contributions.

Trans-Tasman portability

Under the Trans-Tasman portability scheme arrangement, we are able to transfer your entire* super account balance from Australia to a New Zealand KiwiSaver scheme provided certain pre-conditions are met. For example, we have to be satisfied that you have emigrated permanently to New Zealand, you already have a KiwiSaver scheme account and that scheme is willing to accept the transfer. Other conditions also apply. Please note that we don't currently accept transfers from KiwiSaver scheme accounts. Please see our website www.suncorp.com.au/super for more information.

* Partial transfers are not permitted.

Privacy

We appreciate that privacy is important to you, our Privacy Statement is available at www.suncorp.com.au/privacy. Please also refer to the Suncorp Group Privacy Policy at www.suncorp.com.au/privacy.

Superannuation Prudential Standards

As part of the Government's Stronger Super Reforms superannuation prudential standards have been introduced by APRA for the purpose of strengthening the governance, integrity and regulatory settings of the superannuation system for APRA-regulated superannuation funds. The Trustee has implemented these standards.

Australian Prudential Regulation Authority (APRA) Levy

APRA imposes a levy on the Trustee, a proportion of which will be recouped from your underlying investments on a monthly basis (excludes investments in Suncorp WealthSmart Term Deposits). The levy is set by APRA and may change each year, for the year ending 30 June 2015 this levy was 0.014%. For the year ending 30 June 2016 this levy should be no more than 0.014%. As the APRA levy is an expense of the Fund any variation to the APRA levy will be passed onto you without notice. Please see our website www.suncorp.com.au/super for more information.

Intra-fund Consolidation

By law, each year we are required to identify any members with multiple accounts and assess whether it's in their best interest to consolidate their accounts. For example, we may consolidate accounts where it would result in a member paying lower fees. As part of this process, we'll consider a number of factors and write to any members who are impacted before we consolidate any accounts. You can find more information on our Intra-fund consolidation process by visiting www.suncorp.com.au/super and following the links to 'employer' and 'your responsibilities'.

Financial information

Reserves

A reserve is an unallocated sum of money over and above the amount necessary to back the accumulated account balances of members. The Fund holds certain reserves that are referable to your division of the Fund.

Movement in reserves

The following table shows the level of and movement in the reserves of the Fund as at 30 June 2015.

Suncorp Master Trust

Movement in reserves for the year ended 30 June	2015 \$'000	2014 \$'000	2013 \$'000
Balance at beginning of year	2,024	3,251	10,774
Income / (expenses) not allocated to members during the year:			
Income tax surplus	6,350	6,086	5,958
Bank interest	606	290	625
Other Income	927	145	704
Bank charges	(158)	(70)	(51)
Trustee reimbursements	(1,809)	(2,242)	(11,873)
Administration Fees	(6,747)	(5,436)	(2,886)
Balance at end of year	1,193	2,024	3,251

Management of reserves

The Trustee has discretionary powers in the management and use of reserves. Reserves may be used to meet costs reasonably and properly incurred in the administration, development or winding up of your division and which are not inherently included in administration fees already charged by the Trustee. At the present time, the Trustee is of the view that, after making sufficient provision for these costs, any surplus may be allocated to members' accounts in an equitable manner.

As at 30 June 2015, reserves were invested in cash.

Abridged financial information

The following table shows the unaudited abridged financial information of the Fund for the year ended 30 June 2015. A copy of the audited financial report and the auditor's report will be made available to members on request after 31 October 2015. This information takes into account all the divisions within the Fund.
