

Suncorp Brighter Super[®] Personal Super and Pension

Product Disclosure Statement

Issued: 30 September 2017

SUNCORP

This booklet is your guide to Suncorp Brighter Super, and to superannuation generally. (We have to call it a Product Disclosure Statement, or PDS, by law.) It's your first step on the way to a brighter future.

Inside this PDS

1. About Brighter Super	3
2. How super works	3
3. Benefits of investing with Brighter Super	4
4. Risks of super	5
5. How we invest your super	6
6. Fees and costs	9
Additional explanation of fees and costs	11
7. How super is taxed	12
8. Insurance in your super	13
9. How to open an account	15
10. How to contact us	15

About us

Brighter Super is provided by Suncorp Portfolio Services Limited (SPSL/Trustee), a wholly owned subsidiary of the Suncorp Group.

SPSL is the Trustee of Brighter Super. A Trustee is an independent body that makes sure our super fund is run in the best interests of all our customers and as per superannuation law. Information about director remuneration can be found on our website at suncorp.com.au/super.

We know you'd prefer not to, but we really need you to read this next bit. It might be boring, but it's important.

This PDS, prepared on 29 September 2017 provides a summary of the key information you need to make a decision. It includes references to additional information that is part of this PDS (marked with a **i**) which is material incorporated by reference. The information in this PDS is general information only and doesn't take into account your personal objectives, financial situation or needs. Before making a decision, you should consider the information in this PDS and should obtain financial advice tailored to your personal circumstances. Suncorp Portfolio Services Limited (SPSL/Trustee) (ABN 61 063 427 958, AFSL 237905, RSE Licence No L0002059) is the Trustee of the Suncorp Master Trust (ABN 98 350 952 022, R1056655) and the issuer of Suncorp Brighter Super (Brighter Super), this PDS (and any information incorporated by reference) and takes responsibility for its contents. Insurance cover within Suncorp Brighter Super is issued by Suncorp Life & Superannuation Limited (ABN 87 073 979 530, AFSL 229880 (SLSL)).

The information in this PDS, and any material incorporated by reference, may change at any time. If the change isn't likely to have a major impact on Brighter Super customers, we'll update the information on our website or by sending you a message when you log into your online account.

Contact us

If you have any questions about Brighter Super or would like a free paper copy of this PDS or any information incorporated by reference, please email super@suncorp.com.au or call us on 13 11 55.

Elsewhere in this PDS you'll see more information written in grey boxes. As with the wording in this section, it means we have to include it by law.

Throughout this PDS we refer to Suncorp Brighter Super simply as Brighter Super.

1. About Brighter Super

Many of us find it hard to pay much attention to our super. For some, it even seems so complicated and frustrating that they simply prefer to ignore it. We understand this. That's why we designed Brighter Super.

Brighter Super is different. It's full of bright ideas and great features, such as:

- Brighter Super has competitive fees, easy investing and hassle-free life insurance cover.
- More online self service, less paperwork: with a few simple clicks you can update your details or investment choices, or combine super accounts and start saving on fees, and much more.
- If you're a Suncorp Bank customer you can check your super balance in Suncorp Internet Banking or when you're on the go via Suncorp's Mobile Banking app.
- A rewards program, that offer a variety of special offers and benefits to members.

As a super account, with a transition to retirement option and a pension account, Brighter Super is your pathway to a brighter future right through your working life and beyond.

The latest product dashboards are available at suncorp.com.au/super. The product dashboard is intended to provide key information about our products to allow customers to easily compare products and make informed choices.

2. How super works

Super is a long term investment, designed to provide financial security in retirement. It is, in part, compulsory and is simply a way of accumulating a sum of money you can live off when you stop working. The money that goes into your super account is invested.

The key differences between super and other forms of saving (such as in a bank account) are that you generally pay less tax with super, although you generally can't access your super until you retire.

How does your super balance grow?

- Employers generally have to pay 9.5 per cent of most employees' salary into a super fund (rising to 12 per cent by 2025). Most Australian employees are free to choose which super fund their employer pays their contributions into, irrespective of which fund their employer provides or recommends.
- Your super savings are invested, and so will generate returns which over time will grow your account balance – albeit with some possible ups and downs along the way.
- You can put more money into your super yourself. You might decide to do this because relying only on your employer's contributions might not be enough to fund the retirement lifestyle you want.

Putting money into your super account yourself

There are three ways you can do this:

1. Asking your employer to divert some of your pre-tax salary into your super account each time you get paid. Called 'salary sacrifice', this is an easy and tax-effective way of adding to your super.

2. Making one-off payments into your super from your take-home pay. If you do this and are on a lower income, you might be able to benefit from the government's co-contribution scheme. Most people can now claim a tax deduction on these after-tax contributions. A tax deduction is available to all persons under age 75, who make personal contributions to superannuation regardless of employment status. Those employees aged 65 and over and under 75 will be subject to a work test.
3. Your spouse may be able to make a contribution into your super and may then be able to claim a tax rebate on that amount.

You need to know that there are limits (sometimes called 'contribution caps') on the amounts you can contribute to super without penalty in any one financial year (there's more in the Brighter Super Product Guide on these).

Other ways to grow your super

- Combine multiple super accounts into one. By combining all your super into the one account you stop paying multiple sets of fees. With Brighter Super you can even do it all online with a few simple clicks in our combine your super tool.
- Find lost super. If you've ever changed jobs, moved house or changed name, you might have some super money you've lost track of. We can do all the work for you in tracking it down. Simply request a lost super search once you log into your account.
- Make sure you're in the right investment options for your age and risk tolerance.

Remember! Whether you put your own additional contributions in or not, it's all still your money.

Taking money out of your super account

To make sure your super is there when you retire, it's 'preserved' throughout your working life and access is generally restricted until you reach preservation age. In limited circumstances you may be able to access it earlier if you meet what's called a 'condition of release'.

If you've got a pension account you can generally access your money at any time by receiving regular income payments or a lump sum. If you have a Transition to Retirement (TTR) option, income payments are limited to a maximum of 10 per cent of the account balance, and lump sum withdrawals aren't allowed (legally it has to work like this).

i You should read the important information about 'How super works' before making a decision. Go to 'Putting money into your Brighter Super account' and 'Taking money out of your Brighter Super account' in the Product Guide for more information. The material relating to 'How super works' may change between the time you read this PDS and the day you acquire the product.

3. Benefits of investing with Brighter Super

Brighter Super is superannuation without the fuss and bother. We've taken out the things you probably don't need and left only the good stuff so it's full of the great features you'd expect, such as:

- Attractive fees – a simple, transparent fee structure with discounts on fees for larger balances as your account grows.
- Great value for you and your family – you can link accounts between family members (including in-laws) which may give you all lower fees as your combined super balance increases.
- Extensive investment choice – you can choose from a selection of around 50 Australian and international investments across a broad range of asset classes.

- ‘Hands-on’ investing – or leave it all to us – if you want to be hands-on, you can design your own portfolio. Or we can do it all for you with our ‘Suncorp Lifestage Funds’ by matching your investment strategy to your age and we’ll change your investments as you get older. You don’t have to do a thing.
- Insurance you can count on – Life, Total and Permanent Disablement (TPD), and Income Protection cover you can tailor within your super account to suit the changing needs of you and your family.
- With you for life – when you’re ready to retire you can easily transfer your super to a pension, and there’s even a tax-effective transition to retirement option to help you reduce your working hours and access your super when you’re almost ready to retire.

It’s also got some extra benefits to really help you on your way to a brighter future, including:

- More online self-service, less paperwork – your online account lets you take control of your super. You can transact and make changes online anytime, as well as check your balance, update your account or any of your details, access statements, reporting and much more.
- Super as easy as online banking – keep up to date with your super on your mobile device and even link your super to your Suncorp Internet Bank account (if you have one). This feature will be available later in 2017.
- Interactive tools to help boost your super – at suncorp.com.au/super you’ll find lots of useful information and educational tools and resources. Your personalised dashboard in your online account will show you how your super is tracking and the interactive retirement estimates simulator and calculators will help you see how to achieve your retirement goals.
- Access to a rewards program offering a variety of special offers and benefits to members.

4. Risks of super

If you’ve got super, you’re an investor. And all types of investment, including super, carry risk. That’s why it’s important to speak to your financial adviser before making any investment decisions.

The overall risk with super is simply that you won’t end up with enough money to provide you with a comfortable lifestyle when you stop working. But don’t panic – there’s a lot you can do to make sure you’re on your way to a bright future.

Take a look at *How does your super balance grow?* in *How super works* earlier in this PDS. Your adviser can also help.

The level of investment risk varies for each person depending on things like their age, how long they plan to keep the investment, what other investments they have and their own tolerance for risk..

What’s important is to understand that:

- The value of your investments (and thus your super account balance) may go up or down. Later in this PDS you’ll find what’s called a Standard Risk Measure to help you compare the riskiness of each of our investment options.
- Unless stated otherwise, investment performance is not guaranteed, which means you could lose some or all of your money.
- Investment returns will vary. Just because an investment or asset class has done well in the past doesn’t necessarily mean it will do well in the future.
- Laws affecting super (such as superannuation, taxation and social security laws) may change.

- Different strategies may carry different levels of risk, depending on the assets (such as cash, shares, term deposits etc) that make up the strategy.
- Assets with the highest long-term returns may also carry the highest level of short-term risk.

It's a good idea for you to consider what these risks might mean for you. If you're not sure how you feel about risk, log into your account and check out our range of tools and calculators on super and investing or give us, or your adviser, a call.

Standard Risk Measure

The Standard Risk Measure (SRM) is a calculation we do to help make it easier for you to compare the riskiness of investment options. It tells you how many negative annual returns an investment option can be expected to deliver over any 20 year period. The SRM doesn't assess all forms of risk so it's important you read the 'Understanding Investment Risk flyer', available on our website.

① You should read the important information about the 'Risks of super' before making a decision. Go to 'Risks of super' in the Product Guide and the 'Understanding Investment Risk flyer' for more information. The material relating to the 'Risks of super' and the 'Understanding Investment Risk flyer' may change between the time you read this PDS and the day you acquire the product.

5. How we invest your super

When it comes to investing with Brighter Super, you've got three broad choices:

1. you and your financial adviser can choose your own investment mix,
2. keep things simple and let us do the work if you choose the Suncorp Lifestage Fund, or
3. do a combination of both!

Brighter Super offers around 50 professionally managed investment options bringing together the skill of our investment partner Morningstar Investment Management Australia Limited (Morningstar) and expertise from a variety of other high quality investment managers from Australia and around the world.

Choose your own investment mix

Brighter Super's investment options are designed to suit a broad range of investors. Each option has a varying degree of risk and expected return, so you and your adviser can mix the options to build the investment portfolio that's right for you. Please refer to the 'How we invest your money' section in the Product Guide for information about all of the investment options available through Brighter Super.

Or we can do the work for you

We can take the hassle out of investing for you with the diversified multi-manager Suncorp Lifestage Fund created with Morningstar.

We'll allocate you a diversified investment mix based on your age. As you get older, we'll automatically adjust this mix to better suit the typical changing needs and appetite for risk of someone your age. So when you're younger, we'll put more of your money in growth investments (such as shares and property) because you probably have a long time before retirement to ride the ups and downs of investment markets. As you get older we'll put more of your money in income investments (such as fixed income, infrastructure and cash) better suited to investors with shorter time horizons.

Here's an example of a fund profile for one of our largest investment options, the Morningstar Balanced Fund. You can find all our fund profiles in the Product Guide.

Morningstar Balanced Fund		
Investment objective	Aims to outperform the investment benchmark (strategic asset allocation weighted composite return of the sector benchmarks) over 5 to 7 years.	
Investment strategy	An actively managed diversified fund with a long term average exposure of around 60% to growth assets such as shares and property and around 40% exposure to defensive assets such as fixed interest and cash. The fund will be invested across managed funds, direct securities, exchange traded funds, foreign exchange contracts and/or derivatives. The fund aims to deliver real returns whilst preserving capital over the targeted investment horizon.	
Standard Risk Measure	5 – Medium to high	
Investment mix	Asset type	Strategic asset allocation (%)
	Australian shares	21.0
	International shares	23.0
	Property securities	7.0
	Infrastructure	3.0
	Alternatives	6.0
	Australian bonds	15.0
	International bonds (hedged)	8.0
	Inflation linked securities (hedged)	5.0
Cash	12.0	
Investment timeframe	5 years	

Before making a choice, you should consider the possible return and risk of the investment options and how long you plan to keep them. You should also consult your financial adviser to help you decide what investment strategy is right for you. You can change your investment strategy at any time by logging into your online account.

You must indicate your preferred investment strategy when completing your application form. We will not be able to accept any contributions until a selection has been made. For more information about our investment options, please refer to the Product Guide.

How we invest your money in the Suncorp Lifestage Fund

Your year of birth	Standard Risk Measure	Recommended minimum time to keep the investment	Strategic Asset Allocation (This shows the percentage)		
			Income investments (%)		
			Cash	Aus fixed interest	Intl fixed interest
2000-2004	6 - High	10 years +	1	4	4
1995-1999	6 - High	10 years +	2	4	4
1990-1994	6 - High	10 years +	3	4	4
1985-1989	6 - High	10 years +	3	6	4
1980-1984	6 - High	10 years +	4	7	5
1975-1979	6 - High	10 years +	6	9	6
1970-1974	5 - Med to high	10 years +	8	12	7
1965-1969	5 - Med to high	10 years +	12	16	9
1960-1964	5 - Med to high	10 years +	14	21	10
1955-1959	4 - Med	10 years +	18	25	11
1950-1954	4 - Med	10 years +	22	28	12
1945-1949	3 - Low to med	5 years +	24	30	11
1940-1944	3 - Low to med	5 years +	26	31	10
1935-1939	3 - Low to med	5 years +	26	31	10
1934 and earlier	3 - Low to med	5 years +	25	31	10

From time to time, different asset classes will offer better expected risk adjusted returns and the actual allocations to each asset class within the Suncorp Lifestage Fund will be different from those shown above.

i You should read the important information about How we invest your money before making a decision. Go to How we invest your money in the Product Guide. The material relating to How we invest your money may change between the time you read this PDS and the day you acquire the product.

Fund profile for the Suncorp Lifestage Fund

Investment objective	The Suncorp Lifestage Fund aims to maximise capital growth, real capital preservation and income returns from a diversified mix of investments. The emphasis changes from capital growth to capital preservation and income as you get older.
Investment strategy	The Suncorp Lifestage Fund holds a diversified mix of growth and income investments, with an increased allocation to income investments as you get older. Each Suncorp Lifestage Fund is tailored to suit the investment needs and risk profile of investors within the specified age group.

Percentage of your money that we put into each type of investment. They add up to 100%.)

Investment	Total Income	Growth investments (%)				
		Infrastructure	Property	Aus shares	Intl shares	Total growth
	9	5	14	36	36	91
	10	5	14	36	35	90
	11	6	15	35	33	89

	67	5	8	12	8	33
	66	5	9	12	8	34

6. Fees and costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

To find out more

If you'd like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

This following section provides a summary of the fees you may be charged on your Brighter Super account. You can also use it to compare fees with other super funds.

Summary of fees and costs

This PDS shows fees and costs that you may be charged. The fees and costs you may be charged are deducted from your account balance, the returns on your investment or from the assets of the superannuation entity as a whole. Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you.

Taxes, insurance fees and other costs relating to insurance are set out in the Product Guide. You should read all the information about fees and other costs because it is important to understand their impact on your investment.

i You can find more information on fee definitions in the 'Suncorp fee definitions flyer' available on our website, suncorp.com.au/super.

Type of fee or cost	Amount – Morningstar Balanced Fund	Amount – Other investment options	How and when paid?
Investment fee	0.77% pa	Range from 0.16% pa to 1.43% pa depending on the investment option(s) you've chosen.	This fee is included in the daily unit price calculation for each investment option.
Administration fee	Up to 0.65% pa of your account balance less any applicable administration fee discounts.	Suncorp Lifestage Fund – Personal super: 0.77% pa of your account balance. Suncorp Lifestage Fund – Pension: 0.65% pa of your account balance. Suncorp Cash Fund – 0% pa All other options – Up to 0.65% pa of your account balance less any applicable administration fee discounts.	The percentage administration fee is calculated on the average value of your account balance for the month. It's deducted by withdrawing units from your account effective on or around the last day of the month. Please see the 'Additional explanation of fees and costs' section for information on administration fee discounts. The income tax deduction benefit with respect to Administration fees is applied to the Personal super administration fee which reduces the gross amount actually deducted from members' accounts. You can see the administration fee that applies to you in your online account.
Buy-sell spread	+/- 0.14%	Ranges from 0.00% pa – 0.50% pa.	Reflected in the buy and sell unit price of each investment option.
Switching fee	Nil		
Exit fee	Nil		
Advice fees relating to all members investing in a particular investment option	Nil		We don't charge any Advice fees. However, if you wish, you can have amounts deducted from your account to pay fees to your financial adviser.
Other fees and costs	See the Additional explanation of fees and costs section for more information.		
Indirect cost ratio	Nil	Nil to 0.97%	These costs are deducted from the underlying assets of the option and are reflected in the daily unit price for that option. Depending on the cost, they may be deducted daily, monthly or at some other time.

Additional explanation of fees and costs

Changing investment options

Changing your future investment strategy (or switching your investment) may mean a change to the fees and costs you pay, including investment, advice and administration fees. Please see 'Fees and costs' in the Product Guide for more information.

Personal advice fees

You can authorise us to pay a fee for personal advice to your financial adviser (agreed by us) and have the fee charged to the account. It can be:

- a one-off fixed dollar fee, or
- an ongoing fixed monthly dollar amount or percentage of your account balance up to a maximum of 2% pa.

Talk to your financial adviser or refer to your financial adviser's 'Statement of Advice' for details of this fee.

Administration fee discounts and family linking

We reward you as your account balance grows by discounting the percentage administration fee on your Brighter Super account. The greater the balance, the bigger the discount you get. If you or your family have more than one Brighter Super super or pension account, discounting may apply by calculating the administration fee payable based on your combined accounts.

For balances ¹	Discount on administration fee		How and when paid?
	Pension	Personal	
Over \$100,000 to \$250,000	0.05% pa	0.06% pa	This administration fee discount is calculated on the combined average value of your Brighter Super accounts or linked accounts for the month and is calculated when the administration fee is charged. Balances invested in the Suncorp Lifestage Fund or Suncorp Cash Fund are not included for administration fee discount purposes.
Over \$250,000 to \$500,000	0.15% pa	0.18% pa	
Over \$500,000	0.20% pa	0.24% pa	

Other important information

The Trustee may also recoup a proportion of its APRA levy from your account or your investment returns (APRA is the government's prudential regulator of superannuation funds). Please refer to the Product Guide for more information.

For insurance fees on your super account, please refer to the 'Insurance in your super' section of this PDS. All fees in this PDS are quoted on a gross of income tax basis and include GST and stamp duty (where applicable). The fees are also quoted less any available reduced input tax credits, and are not reduced by any income tax that the Trustee may be able to claim or any income deduction available to the Trustee through an interposed vehicle. We can also introduce certain new fees or change the level of fees you pay at any time. We can do this without your consent, but if we need to do this, we will always let you know by notifying you in writing at least 30 days before any adverse change.

Example of annual fees and costs

The following table gives an example of how the fees and costs for the Morningstar Balanced Fund in Brighter Super Personal Super can affect your superannuation investment over a one year period. You should use this table to compare Brighter Super with other super products.

EXAMPLE – Morningstar Balanced Fund		Balance of \$50,000
Investment fees	0.72% pa	For every \$50,000 you have invested in the Morningstar Balanced Fund you will be charged \$360.01 each year
PLUS Administration fees	0.65% pa	And, you will be charged \$323.51 in administration fees
PLUS Indirect costs for the Morningstar Balanced Fund	Nil	And, indirect costs of \$0 each year will be deducted from your investment.
EQUALS cost of product		If your balance was \$50,000, then for that year you will be charged fees of \$683.52 for the Morningstar Balanced Fund.

Note: The Administration fees in the example above are reduced by any income tax deduction benefit received and the actual fee applied to members' accounts would be less. You'll receive an administration fee discount if your account balance is \$100,000 or more and not invested in the Suncorp Cash Fund or Suncorp Lifestage Fund. You can also link multiple accounts of your own and those of family members which may give you this discount. The example above is provided for illustrative purposes only.

① You should read the important information about 'Fees and costs' before making a decision. Go to 'Fees and costs' in the Product Guide. The material relating to 'Fees and costs' may change between the time when you read this PDS and the day you acquire the product.

7. How super is taxed

One of the brightest things about super is that most people pay less tax than they would by putting cash in a bank savings account or investing directly in managed funds. **Don't forget there are limits on the amounts you can contribute to super without penalty in any one financial year.** The table below summarises the ways super can be taxed:

How your super is taxed	
Contributions When you or your employer put money ('contributions') into your account, or if you transfer money from another super account (a 'rollover')	<ul style="list-style-type: none"> – 0% on after-tax (non-concessional) contributions – 15% on pre-tax (concessional) contributions¹ – 45%², on excess amounts over the non-concessional contributions cap or an option to withdraw³ – Your marginal tax rate² plus an excess concessional contributions charge on excess amounts over the concessional contribution cap – 45%², on concessional contributions where TFN is not held by the super fund – 15% if your transfer contains any untaxed components⁴
On your investment earnings	<ul style="list-style-type: none"> – Up to 15% on investment earnings – 0% on pension accounts – 15% on transition to retirement investment earnings
Withdrawals When you take money out of your account (remember, you generally have to be over a certain age to do this – at least 55)	For lump sum withdrawals <ul style="list-style-type: none"> – 0% if you're age 60 or over – 15%² on taxable components over \$200,000⁵ if received when you're at or above your preservation age and under 60 years – 20%² on taxable components if you're under your preservation age For death benefits paid as a lump sum withdrawal <ul style="list-style-type: none"> – 0% if paid to a tax dependant – 15%² on taxable (taxed) component paid to a non-tax dependant – 30%² on taxable (untaxed) component paid to a non-tax dependant

1. If income exceeds \$250,000 pa, contributions tax of 30% will apply for the 2017/18 financial year.
2. Plus Medicare Levy of 2%.
3. If your non-concessional contribution exceeds the non-concessional contribution cap, you can withdraw the excess contributions and 85% of associated earnings (a time restriction applies). The excess non concessional contributions will be released tax free. The full amount of associated earnings will be taxed at your marginal tax rate and a 15% non refundable tax offset will apply on the associated earnings reflecting the tax already paid on earnings by the superannuation fund. However, if you leave your excess non-concessional contributions in your super, you will be taxed on these at the top marginal tax rate plus Medicare levy.
4. Any excess over your untaxed plan cap amount (which is up to \$1,445,000 in 2017/18 financial year) is taxed at 45% plus Medicare Levy.
5. For the 2017/18 financial year.

As tax can be complex, we recommend that you seek professional tax advice in respect of your own individual circumstances. The information above is based on our interpretation of tax legislation as at the preparation date of the PDS (and any material incorporated by reference) and assumes you are an Australian tax resident.

Tax File Number (TFN)

It's important we have your TFN. It's up to you whether you give it to us, but if you don't:

- We can't accept any after-tax contributions from you
- It might be difficult to find super funds you may have forgotten about, and to combine your super in one account
- You may pay more tax on pre-tax contributions (eg salary sacrifice) or on withdrawals, than you would otherwise.

i You should read the important information about 'How super is taxed' before making a decision. Go to 'Tax' in the Product Guide. The material relating to 'How super is taxed' may change between the time when you read this PDS and the day you acquire the product.

8. Insurance in your super

Taking out insurance cover within your super can be cost-effective because your insurance fees are deducted from your super account balance. This means you don't have to dip into your take-home pay, as you would if you arranged insurance cover outside super.

The insurance options available to you include:

	Type of benefit payable	Cover options
Life cover	A lump sum benefit is paid if you die (or earlier if you become 'terminally ill').	<ul style="list-style-type: none"> — Fixed benefit amount — Up to a maximum insured amount of \$5 million (including a maximum of \$3 million for terminal illness cover).
Total and Permanent Disablement (TPD) cover*	A lump sum benefit is paid if you become 'totally and permanently disabled'.	<ul style="list-style-type: none"> — Fixed benefit amount — Up to a maximum insured amount of \$3 million.
Income Protection cover	A monthly benefit is paid if you become 'totally disabled' or 'partially disabled'.	<ul style="list-style-type: none"> — Up to 75% of your 'salary', plus optional super contributions of up to 10% of your 'salary', up to a maximum insured amount of \$25,000 per month — Two year 'benefit period' or until you reach age 65 — 30, 60 or 90 day 'waiting period'.

* The Life cover will be reduced by the amount of 'TPD' or 'terminal illness' benefit paid.

Applying for cover

To apply you must be:

- aged over 15 and under 65
- an 'Australian resident', or a non-Australian resident holding a valid 'visa'.
- 'gainfully employed' on a 'permanent basis' for at least 15 hours per week for TPD and income protection cover.

To apply, complete an insurance application form, which you can download from [suncorp.com.au/super](https://www.suncorp.com.au/super) or contact your financial adviser. Acceptance of your application depends on the outcome of an underwriting assessment by the insurer, which will require you to provide evidence of your state of health.

Insurance costs

There are costs associated with insurance. Your insurance fees are calculated from a number of factors including the type and amount of cover, your age, occupation, gender, smoker status, health and whether or not you engage in any hazardous pursuits. Your insurance fees are deducted monthly from the balance of your super account effective on or around the last day of the month.

Insurance fees vary greatly depending on the relevant factors we've listed above. For example your annual insurance fees could vary up to \$33 per \$1,000 of cover for a male or \$25 per \$1,000 of cover for a female, with Life and TPD cover. For the rates and examples of how insurance fees are calculated, please see the relevant **Brighter Super Insurance premium rates guide**.

i You should read the important information about 'Insurance in your super' before making a decision. Go to 'Insurance' in the Product Guide for more information on the types of cover available, your eligibility for cover, the cost of cover, when cover starts and ends, the definitions we use and any conditions or exclusions which may apply. The material relating to 'Insurance in your super' may change between the time you read this PDS and the day you acquire the product.

9. How to open an account

Opening a Brighter Super account is easy. You can speak to a financial adviser who can help you apply online.

A financial adviser can ensure your account meets your specific needs for investments, insurance and other features and benefits.

When you apply, please have the following information ready:

- The email address and mobile you'll use with your new account (this is the way we'll usually communicate with you)
- Your Tax File Number (if you have it handy – you can always give this to us later)
- If you're opening a pension account or transition to retirement option, details of where you'd like your regular pension payments paid.

If you change your mind

You get a 19-day cooling-off period after joining Brighter Super. If you want to close your account within that time, all you have to do is write and tell us. The cooling-off period starts when you receive your membership confirmation or five days after your account has been set up, whichever is earlier.

What if you have feedback?

We'd like to hear from you, including if you have any problems or complaints. We'll try to resolve your complaints quickly. Our contact details are below.
