

Suncorp Brighter Super[®]

—

Product Guide

Issued 3 April 2018

About us

Suncorp Brighter Super (Brighter Super) personal (SPIN RSA0867AU, Unique Superannuation Identifier 98 350 952 022 123), Suncorp Brighter Super pension and Suncorp Brighter Super term allocated pension (SPIN RSA0868AU, Unique Superannuation Identifier 98 350 952 022 321) and Suncorp Brighter Super for business (SPIN RSA0869AU, Unique Superannuation Identifier 98 350 952 022 123) are part of the Suncorp Master Trust (Fund) (ABN 98 350 952 022, RSE Fund Registration No. R1056655). Suncorp Portfolio Services Limited (SPSL) (ABN 61 063 427 958, AFSL 237905) (the Trustee), Suncorp Life & Superannuation Limited (SLSL) (Insurer) (ABN 87 073 979 530, AFSL 229880) and Suncorp-Metway Limited (ABN 66 010 831 722, AFSL 229882) (Suncorp Bank), are related bodies corporate of Suncorp Group Limited (ABN 66 145 290 124). Insurance cover offered through Brighter Super is provided by SLSL in a non-participating policy issued to the Trustee.

Various products and services are provided by different entities of the Suncorp Group. The different entities of the Suncorp Group are not responsible for, or liable in respect of, products or services provided by other entities of the Suncorp Group. The obligations of the Trustee and the insurer aren't guaranteed by any other company within the Suncorp Group.

Suncorp and its subsidiaries don't guarantee the repayment of capital invested in or the investment performance of this product. Brighter Super is not a bank deposit or other liability and is subject to investment risk including possible delays in repayment and loss of the interest and principal invested. The Trustee reserves the right to refuse or reject an application for membership or insurance. Insurance cover offered through Suncorp Brighter Super is provided by the insurer in a policy issued to the Trustee. This policy is a non-participating policy which means you don't have any right to any surplus in the statutory fund.

Suncorp Bank is not liable nor responsible for, and does not guarantee or otherwise support, Suncorp Brighter Super accounts. Internet Banking and Mobile Banking are provided by Suncorp Bank. Suncorp Bank does not guarantee the availability of the Internet Banking and Mobile Banking services and can terminate access to those services at any time without reason or notice. You must agree to Suncorp Bank's terms and conditions before you can access Internet Banking and Mobile Banking.

Administration services are provided to Brighter Super by Suncorp Portfolio Services Limited (SPSL) (ABN 61 063 427 958), a wholly owned subsidiary of the Suncorp Group.

The Trustee is authorised by the Australian Prudential Regulatory Authority to offer a MySuper product under section 29T of the SIS Act in relation to the Suncorp Master Trust, Suncorp Lifestage Fund. Unique identifier 98 350 952 022 938.

The Payment Agent is the person appointed by us from time to time to administer the distribution of contributions to external funds through the clearing house. The current Payment Agent is PayClear Services Pty Limited (PayClear) AFSL 314357.

Investment option information is provided by the relevant investment manager, which includes their objectives, strategies and asset allocations. The relevant investment managers have consented to the publication of this information in the PDS (and any material incorporated by reference) and haven't withdrawn their consent at the time of its preparation. They take no responsibility for any other information in the PDS (and any material incorporated by reference).

The Fund is a resident regulated superannuation fund within the meaning of the Superannuation Industry (Supervision) Act 1993 (Cth) and is not subject to a direction under section 63 of the Superannuation Industry (Supervision) Act 1993 (Cth).

About this Product Guide

The information in this Product Guide forms part of the Suncorp Brighter Super Personal Super and Pension Product Disclosure Statement issued 3 April 2018 and the Suncorp Brighter Super for business Product Disclosure Statement issued 3 April 2018. The Product Guide was prepared on 26 March 2018. The Trustee is the issuer of the PDS (and any material incorporated by reference) and takes responsibility for its contents. If you print an electronic copy of this document, please ensure you print all pages.

The information contained in this Product Guide is of a general nature only and doesn't constitute financial advice. We haven't taken into consideration the personal objectives, circumstances or financial needs of any individual. Before deciding to open an account or continuing to hold an interest, you should consider how the information contained in this Product Guide relates to your own situation. We recommend that you speak to a financial adviser who will be able to help you with your investment and insurance decisions.

This Product Guide is also the Product Disclosure Statement for Suncorp EASE™ (Suncorp EASE PDS). SPSL is the issuer of Suncorp EASE™ (clearing house) for employers in Part 2 of this Product Guide. Suncorp EASE is a service for employers to make contributions to Suncorp and non-Suncorp superannuation funds. This Product Guide contains a summary of the terms and conditions of the clearing house. Full terms and conditions for the clearing house are available online at suncorp.com.au/super.

This Product Guide will be updated from time to time. Please make sure you read the latest version of this Product Guide, with the PDS, before deciding to invest into Brighter Super. Visit our website, suncorp.com.au/super, to check you have the current version. The information in the PDS and this Product Guide and its underlying Trust Deed may change. Where the change isn't materially adverse, we may update the information on our website at suncorp.com.au/super.

You can get a copy of the PDS and this Product Guide from our website at suncorp.com.au/super or for a printed version, free of charge, just call us on 13 11 55.

The PDS (and any material incorporated by reference) can only be used by people receiving it (electronically or otherwise) in Australia. We can't accept applications from outside Australia. We reserve the right to refuse or reject an application to open an account, or for insurance cover.

[Definitions of terms used in the Brighter Super PDS and in this Product Guide](#)

Throughout the PDS (and any material incorporated by reference, including this Product Guide), unless otherwise specified, references to:

- 'we', 'us', 'our' and 'Trustee' mean Suncorp Portfolio Services Limited
- 'adviser' means a qualified financial adviser
- 'insurer' means Suncorp Life & Superannuation Limited
- 'bank account' means an Australian bank, building society or credit union account
- 'business day' means a business day other than a Saturday, Sunday or public holiday in Sydney.

In the PDS and Part 1 of this Product Guide:

- 'you' and 'member' means a member (ie an account holder) of Brighter Super
- 'employer' means your employer, whether registered as an employer under Brighter Super or not.

In Part 2 of this Product Guide:

- 'you' or 'employer' means an employer registered as an employer under Brighter Super
- 'clearing house' means Suncorp EASE which is provided by SPSL, and offers a (non-cash payment) clearing house service to employers for the collection and distribution of contributions to multiple superannuation funds.

How to use this Product Guide

This Product Guide is divided into two parts.

- **Part 1** is for:
 - customers who'd like to learn more about Brighter Super and open an account, and
 - employees who joined Brighter Super as part of their employer's super plan.
- **Part 2** is for employers who want to learn more about Brighter Super and open a Brighter Super employer plan for their employees.

If you're reading this, we hope you've already seen the sixteen-page Product Disclosure Statement (PDS) for Brighter Super, because the two documents work together. Here's how:

- The PDS is a summary of all the best things about Brighter Super, and some easy to digest information about super generally. It also includes some bits that we're required to tell you about by law, such as how super is taxed.
- This Product Guide picks up where the PDS left off. If you want more detail about Brighter Super and how it works, this is the first place you should look.

This Product Guide contains material that we referred to in the PDS. We have to describe this by the legal expression 'material incorporated by reference'. (If you've read the PDS, you'll remember there are lots of legal rules around PDSs. And while we're on the subject, you'll see some things written in this Product Guide in a grey box. As in the PDS, this means we have to include this text by law.)

Having said that, it is very important that before making any investment or insurance decisions, you read the PDS including this Product Guide and any other material incorporated by reference.

If you've got any questions, or would like a free paper copy of the PDS, this Product Guide or any material incorporated by reference, email us at super@suncorp.com.au or call us on 13 11 55. We'll be happy to help.

Throughout this Product Guide, as in the PDS, we mostly refer to Suncorp Brighter Super as just 'Brighter Super'.

[Changes to the PDS](#)

In the world of superannuation, as in the real world, things change from time to time. So the information in the Brighter Super PDS and any material incorporated by reference, such as (but not limited to) this Product Guide and its underlying Trust Deed or Insurance premium rates guide, may change at any time. (The Trust Deed is a legal document that sets out the rules within which we have to operate and your rights as a Brighter Super account holder.)

If the change isn't likely to have a major impact on Brighter Super customers, we'll update the information on our website or by sending you a message when you log into your online account. If you'd like a free printed copy of the updated information, just ask us and we'll send you one in the post.

Part One

1. About Brighter Super

Many of us often find it hard to pay much attention to our super. For some, it even seems so complicated and frustrating that they simply prefer to ignore it. We understand this. That's why we designed Suncorp Brighter Super. Brighter Super is different. It's full of bright ideas and great features, such as:

- Check your super balance in internet banking or when you're on the go via Suncorp's Mobile Banking app.
- More online self-service and less paperwork. With a few simple clicks, you can update your details or investment choices, or combine super accounts and start saving on fees, and much more.
- A rewards program that offers a variety of special offers and benefits to members.
- And of course, Brighter Super has competitive fees, easy investing and hassle-free life insurance cover.

These are just a handful of Brighter Super's great features and benefits. There are many more which we've listed in more detail below.

As a super account, transition to retirement option and a pension account combined, Brighter Super is your pathway to a brighter future through your working life and beyond.

A super account

For when you're working and building up your savings

A transition to retirement option

For when you're approaching the end of full-time work (lucky you!) and want to start withdrawing from your super

A pension account

For when you've stopped work and are ready for new adventures

[About us](#)

Brighter Super is provided by Suncorp Portfolio Services Limited (SPSL), a wholly owned subsidiary of the Suncorp Group. SPSL is the trustee of Brighter Super. (A 'trustee' is an independent body that makes sure our super fund is run in the best interests of all our members and as per superannuation law.)

[A brighter future](#)

When we designed Brighter Super, we wanted to create a simple, fuss-free super fund – so we removed any unnecessary bells and whistles and left out the complicated features that our customers didn't want. But Brighter Super still contains the flexibility and clever features that let you take as much of an active role in managing your super as you like.

Below we take a closer look at all of Brighter Super's main features and benefits.

Competitive, simple and transparent fees

You won't pay any investment switching fees or exit fees and our administration fees are discounted for larger account balances. You could also benefit from lower fees that apply as your combined super balances increase if you link your Brighter Super account with Brighter Super accounts held by your family members.

Extensive investment choice

Extensive choice from around 50 Australian and international investments across a broad range of asset classes.

Hands-on investing – or leave it all to us

If you want to be hands-on, you can choose your own investment options. Or, with our 'Suncorp Lifestage Fund' we can do it all for you by matching your investment strategy to your age. And we change your investments as you get older. You don't have to do a thing.

1. About Brighter Super (cont.)

Protection when you need it

There can be some big advantages in taking out life insurance inside your super. You can protect yourself and your loved ones with Brighter Super's comprehensive insurance:

- Life cover (also known as 'death cover') to a maximum of \$5 million.
- Total and Permanent Disablement (TPD) cover to a maximum of \$3 million.
- Income Protection cover up to a maximum of \$25,000 per month.

With you for life

When you're ready to retire, you can easily transition from super to pension, and there's even a transition to retirement option to help you reduce your working hours and access your super when you're almost ready to retire.

More online self-service, less paperwork

Our website, suncorp.com.au/super, lets you really take control of your super. You can transact and make changes online anytime, as well as check your balance, update your account or any of your details, access statements and reporting online and much more.

Super as easy as online banking

Keep up to date with your super on your mobile device and even link your super to your Suncorp Internet Bank account (if you have one).

Interactive tools and information to help you grow your super

At suncorp.com.au/super you'll find useful information and educational support tools and resources. We'll show you how taking steps to boost your super needn't be time-consuming or difficult with:

- email updates with links to online articles, news and investment market updates
- online updates on financial markets and investing
- an interactive online retirement simulator to help you see if your savings are on track
- an online risk profiler to help you learn which types of investments might best suit you

- a tool to easily combine multiple super accounts into Brighter Super
- resources and education modules in our online learning centre
- an online lost super search tool that provides you with fast results.

Suncorp Benefits program

We like to look after our customers, so Brighter Super gives you access to a variety of special offers that provide extra savings and benefits for members to enjoy. Plus, from time to time, you'll also be able to access additional offers and discounting to events hosted by Suncorp's sponsorship partners.

We're here when you need us

Brighter Super may be an online product, but that doesn't mean you always have to interact with a machine. If you'd like a chat with a real person, just call us on 13 11 55.

Family value

Take advantage of the administration fee discount for larger account balances by linking multiple Brighter Super accounts of your own, or with your family's Brighter Super accounts. The percentage administration fee is then calculated on the combined value of your linked accounts. For the purposes of family account linking, 'family member' means your spouse (including legal, defacto and interdependency relationship), children, parents, grandparents, grandchildren, father or mother in-law, siblings, brother or sister in-law and son or daughter in-law.

Changing jobs? No need to change your super

If you've joined Brighter Super as part of your employer's super plan, you don't need to worry about switching super funds if you decide to move on. We'll give you everything you need so your new employer can keep paying your super contributions into your Brighter Super account. So you'll never lose track of your super again.

1. About Brighter Super (cont.)

'Non-lapsing' beneficiary nomination

Your beneficiary is the person or people you've chosen to receive your super (including any insurance benefit) if you die. Choosing your beneficiary is important. After all, your super could be a lot of money – so you'd want it to go to the right person. Normally, you'd need to update your super beneficiary every three years. But Brighter Super avoids this hassle by letting you make a binding 'non-lapsing' nomination. This means you never have to update your nominated beneficiaries, unless you want to. If you do, you can do it easily in your online account.

And if you have a Brighter Super pension or transition to retirement option, you may be able to choose to have your pension payments continue automatically to your eligible nominated beneficiary (except for children).

MySuper (Brighter Super for business only)

MySuper is a simple, cost-effective superannuation investment. You automatically become a MySuper customer when your employer opens a Brighter Super account for you, and we invest your super in the 'default' MySuper option, the Suncorp Lifestage Fund. If you choose your own investment options, you'll no longer be a MySuper customer. The PDS and this Product Guide provides all the information you need to know about the Suncorp Lifestage Fund.

2. Putting money into your Brighter Super account

Your super account will grow via a combination of investment returns and the money (referred to as 'contributions') that you and/or your employer put into it.

It's easy to pay money into your super account

There are a range of flexible methods for making contributions into your Brighter Super account. These are summarised in the table below and described in more detail underneath.

Types of contributions that can be made into your Brighter Super account	
Pre-tax ('concessional') contributions	<ul style="list-style-type: none"> - Compulsory employer contributions (known as Super Guarantee (SG) or Award) - Personal contributions that may be tax deductible - Salary sacrifice - Voluntary employer (contributions above the compulsory Award/SG minimum amount)
After-tax ('non-concessional') contributions	<ul style="list-style-type: none"> - Personal contributions made from after-tax dollars (ie your take-home pay) - Spouse contributions

Compulsory employer contributions

Your employer must make Award or Super Guarantee (SG) contributions to your account at least every quarter, unless you're an exempt employee. The SG amount is currently 9.5 per cent of most employees' salary. The contributions your employer makes for you probably won't be enough to give you the kind of lifestyle you want in retirement. Below we've outlined some of the ways you can boost your super account yourself and give yourself, a brighter future. If you'd like more information on any of these, please call us, or ask your adviser.

Salary sacrifice contributions

Salary sacrificing part of your pre-tax salary into your super is one of the easiest and most tax-effective ways of boosting your super account balance. The money paid into your super through salary sacrifice is concessionally taxed, so, you can potentially save up to 32 per cent* on tax (based on the highest marginal tax rate of 47 per cent, including the Medicare Levy). These contributions aren't counted as part of your salary for income tax purposes, so salary sacrificing into super may reduce your overall taxable income.

* A 30% contributions tax will apply to pre-tax contributions for individuals earnings over \$250,000 pa (for the 2017/18 financial year).

Personal, after-tax contributions and government co-contributions

If you make a personal contribution from 'after-tax' money (that's money you've paid income tax on, ie your take-home pay), you may be eligible to receive an additional contribution into your super account from the government. This is known as the Government co-contribution scheme.

If you earn \$36,813 a year or less (in the 2017/18 financial year) and make a personal, after-tax contribution of \$1,000 into your super account, the government will pay \$500 (the maximum co-contribution) into your super account. The co-contribution amount decreases for those on higher incomes, but you can still benefit from the scheme if you earn less than \$51,813 pa (for the 2017/18 financial year). To be eligible for the government co-contribution, your total super balance must be less than the general transfer balance cap for the year. Please refer to the ATO website for more information.

Individuals with adjusted taxable income* up to \$37,000 will receive a Low Income Super Tax Offset (LISTO) contribution to their superannuation fund. The LISTO contribution is 15% of total concessional (pre-tax) contributions for a financial year, capped at \$500. It will be paid automatically into the member's super account.

* This includes taxable income, adjusted fringe benefits, target foreign income, total net investment loss, tax-free pension or benefit, reportable superannuation contributions less any deductible child maintenance expenditure for that year.

2. Putting money into your Brighter Super account (cont.)

Personal deductible contributions

All persons regardless of employment status, (although subject to a work test if aged between 65 and 74), may be able to claim a tax deduction for personal contributions into superannuation. To claim the deduction, you must provide to the Fund a valid notice of your intent to claim a deduction, on the approved form.

If you've made personal contributions into your Brighter Super account and haven't withdrawn them before submitting your notice of intent to claim a tax deduction (an ATO Section 290-170 form), you may be able to claim a tax deduction (unless the contribution was rolled to a pension). If you have made personal contributions and have not withdrawn them before 30 June in any financial year, we'll send you a notice at the end of that financial year which you need to complete and send back to us.

Combine your super accounts

If you have several super accounts, consolidating into one account is a great way to simplify your super and save on multiple fees, which can erode your retirement savings over time. Our Combine Your Super tool makes combining your super easy. Visit suncorp.com.au/super to get started.

Spouse contributions

By making a contribution on your behalf, your spouse may be entitled to a tax offset of up to \$540 which they can claim through their personal income tax return. The offset is available to your spouse, if your income is below \$40,000 pa. Refer to the ATO website for a full list of eligibility criteria.

Contribution Limits

There are contribution limits (sometimes called 'contribution caps') on how much you can contribute to super in any one financial year (from 1 July to 30 June), without being charged additional tax. It's important you know these limits, as sometimes the additional tax for exceeding them can be substantial.

Contribution limits on how much you can contribute to super*	
Pre-tax ('concessional') contributions	<ul style="list-style-type: none">– \$25,000 pa– The cap will be indexed periodically to Average Weekly Ordinary Time Earnings (AWOTE) increasing in \$2,500 increments.
After-tax ('non-concessional') contributions	<ul style="list-style-type: none">– \$100,000 per year - eligible individuals under age 65 can bring forward 2 or 3 times the annual NCC cap (ie \$200,000 or \$300,000), subject to their total super balance.

* For the 2017/18 financial year.

2. Putting money into your Brighter Super account (cont.)

Methods of contributing to your account

Contribution methods for Brighter Super													
Direct debit	<p>If you want to make a regular contribution to your super account, it's easy to set up a direct debit from your nominated financial institution. You can contribute monthly, quarterly, half-yearly or yearly.</p> <p>We'll debit your nominated financial institution account on or around the 15th day of the relevant month. And if you want to change or cancel this arrangement, it's easy – just update your details online. Your request must be submitted on or before the 9th of the month to ensure it's effective for the next scheduled direct debit date.</p>												
BPAY®	<p>BPAY® lets you contribute from your own bank account over the phone or internet. To make a BPAY payment, you'll need your Customer Reference Number (CRN), which you'll find in your online account.</p> <p>® Registered to BPAY Pty Ltd ABN 69 079 137 518.</p> <p>The biller code you'll need to use will depend on the contribution type you, your spouse, or your employer wants to make.</p> <p>BPAY codes</p> <table border="1"> <tr> <td></td> <td><i>Use the right Biller Code for the contribution you're making</i></td> </tr> <tr> <td>Employer SG/Award contribution</td> <td>256594</td> </tr> <tr> <td>Salary sacrifice contribution</td> <td>256610</td> </tr> <tr> <td>Spouse contribution</td> <td>256628</td> </tr> <tr> <td>Member contribution</td> <td>256602</td> </tr> <tr> <td>Employer voluntary contribution</td> <td>256636</td> </tr> </table> <p>Telephone & Internet Banking - BPAY®</p> <p>Contact your bank or financial institution to make this payment from your cheque, savings, debit, credit card or transaction account.</p> <p>More info: bpay.com.au</p> <p>Payments via BPAY are limited to \$10,000 for credit card payments, and \$100,000 for debit card payments.</p>		<i>Use the right Biller Code for the contribution you're making</i>	Employer SG/Award contribution	256594	Salary sacrifice contribution	256610	Spouse contribution	256628	Member contribution	256602	Employer voluntary contribution	256636
	<i>Use the right Biller Code for the contribution you're making</i>												
Employer SG/Award contribution	256594												
Salary sacrifice contribution	256610												
Spouse contribution	256628												
Member contribution	256602												
Employer voluntary contribution	256636												
At any Suncorp store	<p>Pop into any Suncorp store and make your contribution by cash deposit, or transfer from your other Suncorp accounts. Simply fill in a deposit slip form available online.</p>												

2. Putting money into your Brighter Super account (cont.)

Who can make contributions to a super account?

Whether you can open an account and contribute to super depends on your personal circumstances, such as your age and employment status:

Who can make contributions into super*	
You can open a Brighter Super account if you're	– receiving SG or certain Award contributions, whatever your age.
You can make contributions into your Brighter Super account if you're	– under age 65, or – between age 65-74 and have worked at least 40 hours in an uninterrupted 30 day period within the current financial year.

* For the 2017/18 financial year.

For transition to retirement (TTR) options and pension accounts

If you'd like to make a personal contribution when opening your TTR option or pension account, you must meet the eligibility criteria outlined above. You generally can't make additional contributions to your existing transition to retirement option or pension account once it's been opened. If you have additional funds you would like to add to the balance of your transition to retirement or pension account, you'll need to open a new account or refresh your existing pension. Speak to your financial adviser or give us a call to find out what you need to do.

Transfer balance cap

There is a \$1.6 million transfer balance cap on the total amount of super an individual can transfer to start pensions (other than transition to retirement pensions). The \$1.6 million cap does not apply to investment earnings so your savings can grow without restriction. The cap will increase in line with the rate of inflation, in \$100,000 increments. If you exceed this cap, we may receive a commutation authority from the ATO. If we receive one, we will attempt to contact you to obtain your instructions. But if we are unable to contact you, we will be required to commute the prescribed amount from your income stream, as instructed by the ATO. If you have an existing super accumulation account with us, we will rollover the prescribed amount to this account (or to the account that was most recently opened if you have more than one super accumulation account). If you do not hold a super accumulation account with us, we will open a personal member account for you and rollover the prescribed amount into this account, into the Suncorp Cash Fund.

3. Taking money out of your Brighter Super account

The purpose of super is to help you save money to fund your lifestyle in retirement, so it's logical that restrictions apply to when you can get access to your money. To give your super time to grow, it's 'preserved' throughout your working life, and access is generally restricted until you reach preservation age or meet what's called a 'condition of release'. However, you can transfer (rollover) your account balance to another complying super fund at any time.

Preserved and non-preserved benefits

Within your super account balance, different sums of money may be categorised into different types of benefits (shown below), which may determine how accessible that money is.

Type of benefit	When you can get access to these benefits
Preserved benefits	You can only get access to money in this category once you've met a condition of release (see the table below).
Restricted non-preserved benefits	Generally, this is money accrued from personal contributions made to an employer fund from 1 July 1983 to 30 June 1999 that you couldn't claim a tax deduction for. Like preserved benefits, you can get access to this money once you've met a condition of release (see the table below), or when you leave the employer who originally made the contributions for you.
Unrestricted non-preserved benefits	You can get access to this money at any time.

Conditions of release

You can access your preserved super benefits if you satisfy one of the 'conditions of release', as shown on this page.

Condition of release	What types of super benefits you can get access to
Retirement - permanently retiring after reaching your 'preservation age' (see the table on the next page)	All
Retirement - leaving your employer after turning age 60	All
Reaching age 65	All
Permanent incapacity	All
Severe financial hardship	The benefit you receive is limited to one lump sum payment between \$1,000 and \$10,000 within a 12-month period, depending on your circumstances.

Condition of release	What types of super benefits you can get access to
Compassionate grounds	You'll need to make an application to the Department of Human Services (DHS) to have your benefits released. The amount you receive is determined by DHS.
Temporary residents departing Australia	All
Termination of your employment with the employer who contributed for you	You can access all your restricted non-preserved benefits. You can only access your preserved benefits as a non-commutable life pension or non-commutable life annuity.
Termination of your employment with the employer who contributed for you (where your preserved benefits are less than \$200)	All
'Lost member' with whom contact is restored and has an account balance of less than \$200	All
Reaching preservation age	All (through income streams which cannot be converted into lump sums). This includes using funds to start a non-commutable (transition to retirement) allocated pension.
Terminal illness	All
Temporary incapacity	You can access your super benefits as long as the withdrawal amount isn't greater than your income before becoming temporarily incapacitated. You can only receive the payments as a non-commutable income stream.
Death	All (your super benefits are generally paid to your dependants and/or estate).
Former resident of Australia that has moved permanently to New Zealand and nominated a provider of a KiwiSaver Scheme	All

3. Taking money out of your Brighter Super account (cont.)

Your 'preservation age'

Your preservation age depends on when you were born. It determines when you can access some of your benefits. Once you have reached age 60 and retired, your super benefits can be withdrawn tax-free as a pension or a lump sum.

Your date of birth	Your preservation age
Before July 1960	55
1 July 1960 – 30 June 1961	56
1 July 1961 – 30 June 1962	57
1 July 1962 – 30 June 1963	58
1 July 1963 – 30 June 1964	59
1 July 1964 onwards	60

Brighter Super pension

If you're ready to retire, Brighter Super makes the change simple and hassle-free. Our pension account provides regular income to fund your retirement needs, while continuing to let your savings grow at a tax-effective rate.

If you have a pension account, you can access the entire balance of your account at any time. You can do this by receiving regular income payments or by requesting an additional lump sum withdrawal from your account.

Opening a pension account

You can open a pension account if you:

- have reached your preservation age and have ceased gainful employment and intend never again to work 10 hours or more in a week
- are aged 60 to 64 and have retired, or since turning 60 have resigned from, or changed your employment
- are aged 65 and over
- are permanently incapacitated
- have a super lump sum consisting entirely of unrestricted non-preserved benefits
- are still able to contribute to super but meet an immediate 'condition of release'.

Accessing your money is easy

You can choose to receive your regular pension payments into an account with your nominated financial institution:

- Twice per month
- Monthly
- Quarterly (you choose the month)
- Half-yearly (you choose the month)
- Yearly (in the month before the anniversary date of your pension starting).

We'll make your pension payments on or around the 14th of each month, (and the 28th for twice-monthly payments only).

Your money, your choice

You can choose which of your investment options you'd like your pension payments drawn from (ie your 'drawdown' nomination). We'll keep making your pension payments from your nominated investment options until the balance in your chosen investment option(s) has been fully withdrawn. If the balance in an investment option has been fully withdrawn, your pension payments will be taken in equal proportion across your remaining investment options. If you don't provide a drawdown nomination, we'll take your pension payments proportionally from all of your investments.

Transition to retirement

Have you reached retirement age, but aren't yet ready to stop working? A Brighter Super transition to retirement (TTR) option allows you to access your super benefits as a retirement income stream while continuing to work.

There are some limits on your pension payment amounts, and because they're designed to give limited access to your super benefits, TTR options are 'non-commutable', which means you can't make a lump sum cash withdrawal until you reach 65 or meet another condition of release.

If you have a TTR option, you can access up to 10 per cent of your account balance per year by receiving regular income payments. (Legally it has to work this way.)

3. Taking money out of your Brighter Super account (cont.)

Term Allocated Pension

Brighter Super Term Allocated Pensions are not available for new Brighter Super customers. They are only available to customers upgraded from a similar product by Suncorp.

A Term Allocated Pension is a tax-effective, fixed-term retirement income stream, which is eligible for a favourable 50 per cent exemption on the age pension assets test. Term Allocated Pensions offer a choice of investment options and that will dictate the level of income provided each year. The income payment is based on the account balance and a 'payment factor' at commencement, and at 1 July each year. The annual income is fixed at this amount for the full financial year.

Apart from the following two exceptions, you can enjoy all the other features and benefits a pension in Brighter Super has to offer:

1. Once commenced, funds invested into a Term Allocated Pension are no longer accessible as a lump sum (limited exceptions).
2. You can change the pension payment you receive at any time, as long as the amount you choose is between 90 per cent and 110 per cent of your 'fixed-term pension amount'.

Contact us for more information relating to the calculation of your pension payment including valuations, life expectancy tables and examples of how this is calculated.

Minimum pension payment amounts

By law, in each financial year you must receive at least one pension payment that meets the minimum amount specified by the government. There are no limits on how much you can withdraw from your pension account, except if you are under age 65, haven't met another condition of release and are transitioning to retirement, in which case you can't withdraw more than 10 per cent of your account balance per year.

The minimum pension amount you must receive in each financial year depends on your age as shown below:

Your age	Minimum pension amount you must withdraw from your account balance (each financial year) [†]
Under 65	4%
65 - 74	5%
75 - 79	6%
80 - 84	7%
85 - 89	9%
90 - 94	11%
95 or older	14%

[†] Pro-rata amounts apply if you start your pension partway through the year.

What happens to your super if you die?

Your Brighter Super account will be paid to your beneficiary. Your beneficiary is the person or people you've chosen to receive your super benefit (including any applicable insurance benefit) if you die. There are rules around who you can nominate to receive your super benefits on your death – but it must be paid to your estate, or one or more of your dependants. A dependant includes a:

- spouse (legal and de facto – including same-sex partners),
- child,
- person in an interdependency relationship with you, and
- financial dependant.

Make sure your beneficiary nomination is valid

Under super law and the terms of the Trust Deed we're obliged to pay your super benefits if you die to the beneficiary you've validly nominated. We provide more information about the Trust Deed later in this Product Guide.

3. Taking money out of your Brighter Super account (cont.)

For your nomination to be valid:

- each beneficiary must be a dependant and/or your Legal Personal Representative (ie the person who administers your estate on your death) at the time of your death, and
- if there is more than one beneficiary, the way you want the total distribution of your super benefits to be made between them must be clearly stated in percentages, and the total must add up to 100 per cent.

Even though your beneficiary nominations won't expire it's still a good idea to keep them up to date so they remain current and clearly reflect your wishes – especially after your circumstances change with things like marriage, divorce, birth of a child or when a beneficiary stops being dependent on you.

How to nominate a beneficiary

You can update your beneficiaries any time in your online account. If you'd like more information about beneficiaries, speak to your financial adviser or give us a call.

Reversionary nomination (pension account holders only)

A reversionary nomination allows your beneficiary to tax-effectively continue to receive your pension payments when you die. You can only nominate a reversionary beneficiary at the time you apply for a Brighter Super pension by completing the relevant section of the application form. You can't add or change a reversionary beneficiary other than by stopping your current pension and starting a new one.

4. Risks of super

Even though the government makes it partly compulsory, investing in super carries certain financial risks. One of the biggest is that you won't end up with enough money to meet your retirement needs. This could happen when:

- an investment decreases in value, or
- money is invested conservatively in assets which provide more stable but lower long-term returns.

It's a good idea for you to consider what these risks might mean for you. If you're not sure how you feel about risk, log into your account and check out our tools and calculators on super and investing, or give your financial adviser a call.

[General risks that could affect your Brighter Super account](#)

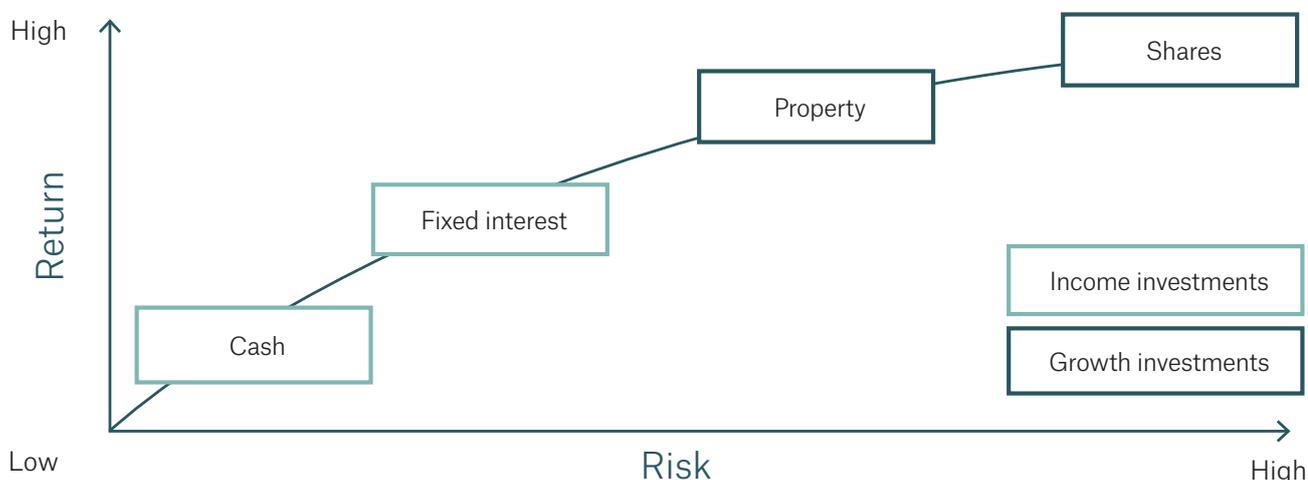

Some of the risks that could affect your investments in your super account are shown in the following table. We regularly monitor these risks for their impact on the investment menu as a whole, but it's a good idea for you to consider what they might mean for you.

Risk type	What is it?
Market risk	This can arise due to changes in government or economic policy, interest rates and exchange rates, market sentiment, global events, technological change, environmental conditions or changes in legislation. All these things can adversely affect the financial markets in which your super may be invested. This type of risk is also known as systemic risk.
Security specific risk	Individual securities, like company shares and fixed income securities, can be affected by risks specific to that security such as the company's management and business environment. This type of risk is also known as unsystematic risk or diversifiable risk.
Investment options risk	Investment managers and the strategies they adopt may change, which may not be in line with your expectations when you first invested. They may also fail to meet their stated investment objectives. It's also possible an investment option may be terminated.
Liquidity risk	This arises where an investment can't be easily converted into cash or sold at fair value, at a time when you need it.
Credit risk	This is where someone doesn't meet their obligations in, or relating to, an investment option. For example, it includes the risk that we or an underlying investment manager are unable to make payments.
Interest rate risk	The value of fixed interest investments such as bonds will fall when interest rates rise, and vice versa.
Inflation risk	If inflation exceeds an investment's return, it will reduce the investment's purchasing power. Inflation risk is more common in low-risk investments such as cash, which generally fluctuate less but potentially provide lower long-term returns.
Foreign exchange risk	The value of international investments will change with the rise and fall of the Australian dollar. Generally, if the Australian dollar's value rises, the value of unhedged investments (those not linked to the Australian dollar) held in other countries will fall, and vice versa. An investment manager can manage foreign exchange risk via a strategy referred to as 'currency hedging'.
Derivatives risk	Derivatives are securities that derive their value from another security. Commonly known derivatives include futures and options. Investment managers may use derivatives to manage risks in a portfolio or to leverage a portfolio in the hope of generating additional returns. The risks of using derivatives include that they may be costly or difficult to reverse and their value may not move in line with that of the underlying security.
Gearing risk	Gearing involves borrowing money to invest in an asset. Geared investment options are internally geared, meaning the investment option borrows the money, rather than you. The cost of borrowing, including interest rates, and the level of gearing influence returns on a geared investment. Gearing magnifies both the gains and losses of an investment option.
Changes in law	Super and tax legislation changes frequently. These changes could affect when you can access your benefits and how they'll be treated upon withdrawal. We'll tell you about any changes we think are likely to affect your investment. Generally, we'll do this through Brighter Super's annual report, which is issued in around September each year.

4. Risks of super (cont.)

The relationship between risk and return

As a general rule, investment options with a higher level of risk will provide a higher potential return. By the same token, the smaller the risk the investment option poses, the smaller the potential return it will provide. This has been illustrated below:

Reducing investment risk

The most common way to reduce your risk is by diversification, or ‘not putting all your eggs in one basket’. Brighter Super can help you diversify your super investment.

How we can help you diversify your super investment	
Multi-sector investment options	You can invest your super across a range of asset classes within the one investment option.
Across our single-sector investment options	You can invest in a range of investments, including cash, Australian fixed interest, property plus Australian and international shares.
Within an asset class	You can invest in different markets, different industries, or different investment styles within one asset class.
Across investment managers	With a choice of quality investment managers to select from, you can invest with different investment managers of differing investment styles.

Standard Risk Measure

The Standard Risk Measure (SRM) is a calculation based on industry guidance that will let you compare investment options that are expected to deliver a similar number of negative annual returns over any 20-year period.

The SRM is not a complete assessment of all forms of investment risk. For instance, it doesn’t detail what the size of a negative return could be or the potential for a positive return to be less than you may need to meet your objectives. Further, it doesn’t take into account the impact of the administration fee or any part of the management fee that is not paid to an investment manager, and tax on the likelihood of a negative return. You should still ensure you are comfortable with the risks and potential losses associated with your chosen investment option(s).

4. Risks of super (cont.)

You can find more information on the methodology we use to calculate the SRM on our website. The SRMs provided in the PDS are outlined in the next table:

Risk band	Risk label	Estimated number of negative annual returns over any 20-year period
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

You'll find a SRM for all of our investment options either in the PDS or later in this Product Guide. The actual measure for each option can change at any time, for example because of market conditions, so you should always check the most up-to-date information before you make a decision – you can find any updates in the 'Understanding Investment Risk' flyer on our website.

5. How we invest your money

When it comes to investing with Brighter Super, you've got three broad choices:

1. You and your financial adviser can choose your own investment mix, or
2. You can let us do the work by investing with the Suncorp Lifestage Fund (see below), or
3. You can have the best of both worlds by putting some of your money in the Suncorp Lifestage Fund and choosing your own investment mix with the rest.

Where your money is invested

Matching your investments to your risk profile, and to your long-term lifestyle goals, is a good start to achieving your retirement goals. With so much choice there's sure to be an investment option, or a combination of investment options, to suit you. It's just a matter of finding out what they are and discussing with your financial adviser the investment strategy that's right for you.

Details of your investments are shown in your online account.

Understanding the asset classes

Each investment option is invested into what are called 'underlying assets'. These underlying assets have different characteristics and may be either income assets or growth assets or a combination of both.

- Income assets include such things as cash and fixed interest, which provide income returns in the form of interest.
- Growth assets include property, shares and alternative assets, which provide for investment returns comprising both capital growth (increase in value of the investment) and income.

Asset class	What is it?
Cash	Cash generally refers to short-term liquid investments and may include bank deposit securities, such as term deposits.
Fixed interest	Fixed interest generally refers to debt instruments issued by governments and companies. Investments may include bonds, debentures and other hybrid securities. The value of fixed interest assets may go up or down.
Property	Property generally refers to direct or indirect property investments in Australian and international property via listed and unlisted real estate trusts (REITs), exchange traded funds (ETFs) and companies.
Infrastructure	Infrastructure refers to the structures, systems, and facilities serving a country, city, or area including the services and facilities necessary for its economy to function. Infrastructure generally refers to direct or indirect infrastructure investments in Australia and overseas via ETFs and companies.
Shares	Shares represent a part ownership in a company (ie a share). Returns from the ownership of shares combine both the income received (dividends) and growth (capital gains) through the increase in the share price. The value of international shares may also be affected by fluctuations in the exchange rate.
Alternative assets	Alternative assets are investments that are not classified or may not be correlated to the traditional asset classes of cash, fixed interest, property or shares. Typically they may involve investments in asset classes (eg commodities such as gold, infrastructure or private equity) or investment strategies (eg financial instruments such as exchange traded or Over The Counter (OTC) derivatives, or trading techniques) that aren't liquid and require specialised skills to manage.

5. How we invest your money (cont.)

Hassle-free investing with the Suncorp Lifestage Fund

We got together with our investment partner Morningstar Investment Management Australia Limited (referred to from now on as just 'Morningstar'), a worldwide leader in investing, and created the diversified multi-manager Suncorp Lifestage Fund. The Suncorp Lifestage Fund brings together the skill and expertise from a number of quality investment managers from Australia and around the world. They make super investing super easy.

How does the Suncorp Lifestage Fund work?

First we allocate you a diversified investment mix determined by your age so you don't have all your eggs in the one basket. And as you get older, we'll automatically change it to better suit the typical changing needs and risk profile of someone your age. So when you're younger, we'll put more of your money in growth investments (such as shares, property and infrastructure) because you have a long time before retirement to ride the ups and downs of investment markets. And as you get older we'll put more of your money in income investments (such as fixed income, and cash) better suited to investors with shorter time horizons.

Investing in the Suncorp Lifestage Fund means we get on with managing your money so you can get on with other things. The illustration below shows how this works.

Default investment option for Brighter Super for business customers

Our default investment option for Brighter Super for business is the Suncorp Lifestage Fund.

- When you join Brighter Super for business, you'll automatically be invested in our simple, cost effective and MySuper compliant Suncorp Lifestage Fund.
- It's a multi-sector investment option that automatically changes its investment mix as you grow older.

Unless you tell us otherwise, you'll automatically be invested in the Suncorp Lifestage Fund for your year of birth. For example, if you were born in 1982, you'll be invested in the Suncorp Lifestage Fund 1980-1984. This could be a perfectly reasonable investment option for you. However, no single investment option suits everyone and the risk you take is that the default investment option won't deliver what you want, or need, from your investments. If you'd prefer to choose your own investment options, you can do so by logging into your account online.

Check out 'How we invest your money' in the PDS for more information about the specific Suncorp Lifestage Fund you'll be invested in. A lot of what you need to know about the Suncorp Lifestage Fund is in the PDS. Here's the rest of the detail.

5. How we invest your money (cont.)

Suncorp Lifestage Fund – investment strategy

The Suncorp Lifestage Fund holds a diversified mix of growth and income investments, with an increased allocation to income investments as you get older. Each Suncorp Lifestage Fund is tailored to suit the investment needs and risk profile of investors within the specified age group.

Investment fee – 0.24% pa

Buy-sell spread – as at 28 February 2018 - Super +/- 0.11%, Pension +/- 0.07% to +/- 0.10%

Investment objective – The Suncorp Lifestage Fund aims to maximise capital growth, real capital preservation and income returns from a diversified mix of investments. The emphasis changes from capital growth to capital preservation and income as you get older. In the PDS we showed you what the SRM and the strategic asset allocation was for each Suncorp Lifestage Fund. The following table shows what the investment objectives and ranges are for each Suncorp Lifestage Fund.

Suncorp Lifestage Fund	Investment objective	Ranges (%) for the different investments						
		Cash	Aus fixed interest	Intl fixed interest	Infrastructure	Property	Aus shares	Intl shares
1934 or earlier	Primarily capital preservation with a return objective of CPI + 1.5% over 10 years	10-100	0-70	0-70	0-30	0-20	0-30	0-20
1935-1939	Primarily capital preservation with a return objective of CPI + 1.5% over 10 years	10-100	0-70	0-70	0-30	0-20	0-30	0-20
1940-1944	Primarily capital preservation with a return objective of CPI + 2.0% over 10 years	10-100	0-70	0-70	0-30	0-20	0-30	0-20
1945-1949	Primarily capital preservation with a return objective of CPI + 2.0% over 10 years	8-100	0-70	0-70	0-30	0-20	0-30	0-20
1950-1954	Tilted towards capital preservation with a return objective of CPI + 2.0% over 10 years	8-100	0-70	0-70	0-30	0-30	0-40	0-30
1955-1959	Tilted towards capital preservation with a return objective of CPI + 2.5% over 10 years	5-100	0-70	0-70	0-30	0-30	0-40	0-30
1960-1964	Tilted towards capital preservation with a return objective of CPI + 3.0% over 10 years	0-100	0-60	0-60	0-20	0-40	0-50	0-40
1965-1969	Tilted towards wealth generation with a return objective of CPI + 3.0% over 10 years	0-100	0-60	0-60	0-20	0-50	0-60	0-50
1970-1974	Tilted towards wealth generation with a return objective of CPI + 3.5% over 10 years	0-100	0-50	0-50	0-20	0-50	0-60	0-50
1975-1979	Primarily wealth generation with a return objective of CPI + 3.5% over 10 years	0-100	0-40	0-40	0-20	0-60	0-70	0-60
1980-1984	Primarily wealth generation with a return objective of CPI + 4.0% over 10 years	0-100	0-30	0-30	0-20	0-60	0-70	0-60
1985-1989	Primarily wealth generation with a return objective of CPI + 4.0% over 10 years	0-100	0-30	0-30	0-20	0-60	0-70	0-60
1990-1994	Primarily wealth generation with a return objective of CPI + 4.5% over 10 years	0-100	0-30	0-30	0-20	0-60	0-70	0-60
1995-1999	Primarily wealth generation with a return objective of CPI + 4.5% over 10 years	0-100	0-30	0-30	0-20	0-60	0-70	0-60
2000-2004	Primarily wealth generation with a return objective of CPI + 4.5% over 10 years	0-100	0-30	0-30	0-20	0-60	0-70	0-60

The Consumer Price Index (CPI) is a key measure of inflation. An investment objective including CPI means it aims to preserve the real value of your investment.

Choose your own investment mix

If you prefer to manage your own investments, you can do so by building your own investment portfolio from our multi-sector and single-sector investment options, from a variety of expert investment managers, including Morningstar. They're designed to suit a broad range of investors. The following section provides an investment profile for each of our investment options. We've also illustrated how the investment profiles work.

This describes the target investment return and risk. Sometimes an objective refers to an index which measures the value of a group of investments. Indices such as the S&P/ASX 200 Accumulation Index are used by investment managers in Australia and around the world to benchmark their performance against.

This is a general description of the investment.

There are different approaches to investing money, including 'index' where the investment option has the same exposure to a group of securities as an index (eg S&P/ASX 200 Accumulation Index) or 'active' where the investment manager makes decisions to invest or not in a particular security based on their own research and valuation.

Suncorp Australian Shares Index Fund			
Investment manager	Suncorp Corporate Services Pty Ltd		
Style	Index - Market Capitalisation		
Investment objective	Aims to match the return and risk profile of the S&P/ASX 200 Accumulation Index		
Investment strategy	Invests in a range of securities listed on the Australian Stock Exchange and derivatives but not for		
Standard risk measure	7 - Very high		
Investment timeframe	5 years plus		
Investment Mix	Asset type	Strategic asset allocation (%)	Range (%)
	Australian shares	100.0	95 - 100
	Cash	0.0	0 - 5

This shows the long-term target asset allocation (or investment mix).

This helps you compare the different investment options' level of risk.

This is how the investment option invests to achieve its objective.

This is the recommended minimum length of time to hold this investment option.

This shows the minimum and maximum investment limits of each asset class. Within these ranges the investment manager may move away from the strategic asset allocation if it believes it can achieve additional return or reduce risk.

	Cash	13.0	0 – 55

Perpetual Wholesale Diversified Growth Fund			
Investment manager	Perpetual Investment Management Limited		
Style	Active		
Investment objective	The fund aims to provide long-term capital growth and income through investment in a diversified portfolio of growth and income assets. The fund aims to outperform a composite benchmark (before fees and taxes) reflecting its allocation to the various asset types over rolling 3-year periods.		
Investment strategy	The fund invests in a diverse mix of growth, defensive and other assets. Tactical asset allocation strategies may be applied, which involves the fund adjusting its exposure to asset classes on a regular basis within investment guidelines. Currency hedges may be used from time to time. Derivatives and exchange traded funds may be used in managing each asset class.

BlackRock Tactical Growth Fund		
Investment manager	BlackRock Investment Management (Australia) Limited	
Style	Active	
Investment objective	<p>The fund aims to outperform peer performance consistent with a "growth" orientated investment strategy encompassing: a broadly diversified exposure to Australian and international assets; active asset allocation, security selection and risk management; and flexibility to deviate meaningfully from the strategic asset allocation to help manage total portfolio risk.</p> <p>The fund aims to outperform its benchmark indices over a 5-year rolling period before fees.</p>	
Investment strategy	<p>The investment strategy of the fund is to provide investors with a diversified exposure to the best investment teams and strategies that the BlackRock Group has globally within the context of an Australian based 'growth' investment portfolio.</p> <p>The strategy is built around two steps: establishing the most appropriate strategic benchmark subject to the growth/income splits and market risk exposures of the range of Australian balanced funds; and enhancing the returns of the fund relative to the strategic benchmark indices to the maximum extent possible by utilising investment teams, strategies and techniques from the BlackRock Group's resources around the globe, subject to a risk budgeting framework.</p>

BlackRock Global Allocation Fund			
Investment manager	BlackRock Investment Management (Australia) Limited		
Style	Total return		
Investment objective	The fund aims to provide high total investment returns through a fully managed investment policy utilising international equity securities, debt and money market securities, the combination of which will be varied from time to time both with respect to types of securities and markets in response to changing market and economic trends. Currency is actively managed in the fund around a fully hedged Australian Dollar benchmark.		
Investment strategy	The fund seeks to achieve its objective by investing in both equity and debt securities, including money market securities and other short-term securities or instruments, of issuers located around the world. There is no limit on the percentage of assets the fund can invest in a particular type of security. Generally, the fund seeks diversification across markets, industries and issuers as one of its strategies to reduce volatility. This flexibility allows the fund to look for investments in markets around the world that the investment manager believes will provide the best relative asset allocation to meet the fund's investment objective.

Suncorp Australian Fixed Interest Fund			
Investment manager	Suncorp Corporate Services Pty Ltd		
Style	Multi-manager		
Investment objective	Aims to outperform the Bloomberg AusBond Composite (All Maturities) Index over any rolling 3-year period.		
Investment strategy	Invests predominantly in cash, term deposits, floating rate notes, Australian government and semi-government securities, and money market financial instruments including bank accepted bills, promissory notes and certificates of deposit and credit securities with a minimum S&P credit rating of BBB-. The fund is permitted to invest in derivatives but not for gearing purposes.		
Standard Risk Measure	5 - Medium to high		
Investment timeframe	3 years		
Investment mix	Asset type	Strategic asset allocation (%)	Range (%)
	Australian fixed interest	100.0	50 - 100
	Cash	0.0	0 - 50

Vanguard Australian Fixed Interest Index Fund			
Investment manager	Vanguard		
Style	Index		
Investment objective	The fund seeks to track the return of the Bloomberg AusBond Composite 0+ Yr Index before taking into account fees, expenses, and tax. The Bloomberg AusBond Composite 0+ Yr Index is a value-weighted index of securities (bonds) issued by the Commonwealth Government of Australia, Australian State Government financing authorities and treasury corporations, as well as investment-grade corporate issuers.		
Investment strategy	<p>Bond indices change far more quickly than share indices because bonds have a finite life (maturity). Index eligibility criteria such as time to maturity and credit rating may cause bonds to enter or fall out of the index at month end when the index is rebalanced. Every time a security is either added to or removed from the index, its composition changes and may require Vanguard to modify the portfolio.</p> <p>The fund aims to hold all of the securities in the index, where practical, or otherwise a representative sample of the securities included in the index. Vanguard selects the securities it holds based on liquidity, access to markets, portfolio cash-flow and minimum trade quantities with the aim of tracking the return of the index. Security weightings in the fund may vary from the index weightings. The fund may exclude certain securities that are included in the index or may invest in securities that have been or are expected to be included in the index.</p> <p>Futures traded on a licensed exchange may be used in the fund to gain market exposure without investing directly in securities. This allows Vanguard to maintain the funds' liquidity without being under-invested. The fund may utilise over-the-counter derivatives generally to manage the overall interest rate and credit risk exposure of the portfolio.</p> <p>The use of over-the-counter derivatives will not be used to a material extent – that is, use will generally not exceed 5% of the net asset value of the fund, other than temporarily and in exceptional circumstances. Importantly, derivatives will not be used to leverage the assets of the fund.</p>		
Standard Risk Measure	5 – Medium to high		
Investment timeframe	3 years plus		
Investment mix	Asset type	Strategic asset allocation (%)	Range (%)
	Australian fixed interest	100.0	100

Suncorp Global Fixed Interest Fund			
Investment manager	Suncorp Corporate Services Pty Ltd		
Style	Active		
Investment objective	Aims to provide excess returns while minimising volatility relative to the Bloomberg Barclays Global Aggregate Bond Index hedged to AUD (benchmark) over a rolling 3-year period.		
Investment strategy	Invests in government, corporate, money market, mortgage-backed, asset backed, inflation-linked and other Investment Grade fixed interest securities. The fund is not permitted to invest in sub-Investment Grade securities (below BBB-). In the event the rating for a security is downgraded to below BBB-, the security can be held subject meeting other restrictions. The fund may hold cash and derivatives (but not for gearing purposes).		
Standard Risk Measure	5 – Medium to high		
Investment timeframe	5 years plus		
Investment mix	Asset type	Strategic asset allocation (%)	Range (%)
	Global Fixed Interest	100.0	95–100
	Cash	0.0	0–5

Vanguard International Fixed Interest Index Fund (Hedged)			
Investment manager	Vanguard		
Style	Index		
Investment objective	The fund seeks to track the return of the Bloomberg Barclays Global Treasury Index hedged into Australian dollars before taking into account fees, expenses and tax. The Bloomberg Barclays Global Treasury Index is a value-weighted index of securities (bonds) issued by the governments of countries that hold an investment grade credit rating.		
Investment strategy	<p>Bond indices change far more quickly than share indices because bonds have a finite life (maturity). Index eligibility criteria such as time to maturity and investment grading may cause bonds to enter or fall out of the index at month end when the index is rebalanced. Every time a security is either added to or removed from the benchmark, its composition changes and requires Vanguard to modify the portfolio.</p> <p>The fund aims to hold an appropriate number of securities so as to produce a portfolio risk exposure profile consistent with that of the index. This is generally achieved by holding a representative sample of the securities included in the index. Security weightings in the fund may vary from the index weightings. The fund may exclude certain securities that are included in the index or may invest in securities that have been or are expected to be included in the index. The fund may utilise futures traded on a licensed exchange to manage the overall interest rate risk exposure of the portfolio where it is unable to invest directly in physical securities.</p> <p>Vanguard will seek to hedge the fund's currency exposure back to the Australian dollar in line with the Index, using forward foreign exchange contracts.</p> <p>To help manage counterparty risk, Vanguard may employ collateralisation of the contracts as part of its currency hedging program. As part of the currency hedging and collateralisation program the fund may utilise derivatives (including over-the-counter derivatives) to effectively manage the cash held for collateral requirements. These derivatives are used solely to support the hedging of currency risk on assets held by the fund. The fund may also use over-the-counter derivatives generally to manage the overall interest rate and credit risk exposure of the portfolio.</p> <p>The use of over-the-counter derivatives, other than forward foreign exchange contracts, will not be used to a material extent – that is, use will generally not exceed 5% of the net asset value of the fund, other than temporarily and in exceptional circumstances. Importantly, derivatives will not be used to leverage the assets of the fund.</p>		
Standard Risk Measure	5 – Medium to high		
Investment timeframe	5 years plus		
Investment mix	Asset type	Strategic asset allocation (%)	Range (%)
	International fixed interest	100.0	100

Macquarie Dynamic Bond Fund											
Investment manager	Macquarie Investment Management Global Limited										
Style	Multi-manager										
Investment Objective	The fund aims to outperform the Bloomberg AusBond Composite 0+ Yr Index over the medium term (before fees). It aims to provide diversification against equity risk as well as income and some capital growth through a flexible investment strategy.										
Investment strategy	<p>The fund provides exposure to an actively managed diversified portfolio of Australian and international fixed interest securities such as sovereign bonds and investment grade credit. The fund may also provide exposure to high yield credit securities and emerging market debt when these sectors are expected to outperform.</p> <p>Generally, exposure will be to fixed rate notes. The duration profile of the fund is actively managed through the use of derivatives such as swaps and futures. The investment process aims to reduce the risk of the fund being adversely affected by unexpected events or downgrades in the credit rating of the fund's investments. A disciplined framework is used to analyse each sector and proposed investment to assess its risk.</p> <p>The fund gains exposure to securities either directly or through funds managed by a member of the Macquarie Group.</p> <p>The fund may be exposed to derivatives to implement its investment strategy. For example, protection may be purchased on issuers that are believed to be over-valued or at risk of downgrade. These positions increase in value when the underlying instrument falls in value and decrease in value when the underlying instrument rises in value.</p> <p>The portfolio is generally hedged to Australian dollars. Small active currency positions may be taken when the investment manager believes that there are opportunities to add value.</p>										
Standard Risk Measure	6 - High										
Investment timeframe	3 years plus

Colonial First State Wholesale Global Credit Income Fund			
Investment manager	Colonial First State Global Asset Management		
Style	Active		
Investment objective	To provide income-based returns and to outperform the Bloomberg AusBond Bank Bill Index over rolling 3-year periods before fees and taxes by investing in a diversified portfolio of higher yielding Australian and international fixed interest investments.		
Investment strategy	The fund invests in a portfolio of predominantly global corporate debt investments. The fund's strategy is to earn an income return from its investments, controlling risk through careful selection and monitoring, combined with broad diversification. The increased credit risk of corporate debt means that these investments have the potential to deliver higher returns over the medium-term compared to cash. Derivatives may be used for risk management or return enhancement. The fund aims to hedge currency risk.		
Standard Risk Measure	4 – Medium [^]		
Investment timeframe	3 years plus		
Investment mix	Asset type	Strategic asset allocation (%)	Range (%)
	Cash and fixed interest	100.0	100

Ironbark Paladin Property Securities Fund			
Investment manager	Deutsche Asset Management		
Style	Active		
Investment objective	The investment objective of the fund is to outperform its benchmark, the S&P/ASX 300 Australian Real Estate Investment Trust (A-REIT) Accumulation Index, after fees, over rolling 3-year periods.		
Investment strategy	<p>The fund invests predominately in Australian property trusts and property related securities with some exposure to cash investments. The fund may also invest in unlisted Initial Public Offering ('IPO') securities, provided those securities are expected to be listed within three months of issue.</p> <p>The fund may have exposure to derivatives, for investment and currency management purposes. In particular, derivatives may be used by the Investment Manager for hedging to protect an asset in the fund against market value fluctuations; to reduce volatility in the fund; as a substitute for a physical security; or when adjusting asset exposures within the investment parameters of the fund.</p>		
Standard Risk Measure	6 – High [^]		
Investment timeframe	5 years plus

Suncorp International Property Securities Index Fund (Hedged)			
Investment manager	Morningstar Investment Management Australia Limited		
Style	Index - Fundamental		
Investment objective	Aims to deliver a superior risk-return profile to the FTSE/NAREIT Developed Market Real Estate Index (\$A hedged) over rolling 5 year periods by investing predominantly in listed Real Estate Investment Trusts (REITs), particularly those that generate high levels of rental income from commercial property.		
Investment strategy	The fund predominantly invests in international real estate investment trusts that generate high levels of rental income hedged back to Australian dollars. To implement this strategy, Morningstar may design portfolios and/or appoint managers to manage the assets of the fund, supplemented by a passive currency overlay.		
Standard Risk Measure	6 - High [^]		
Investment timeframe	5 years plus

BT Wholesale Imputation Fund			
Investment manager	BT Investment Management (Institutional) Limited		
Style	Core		
Investment objective	The fund aims to provide a return (before fees, costs and taxes) that exceeds the S&P/ASX 300 Accumulation Index over the medium to long term.		
Investment strategy	<p>This fund is designed for investors who want the potential for long-term capital growth and tax effective income, diversification across a broad range of Australian companies and industries and are prepared to accept higher variability of returns.</p> <p>The fund is an actively managed portfolio of Australian shares, including Australian listed property securities and convertible preference shares, that offer above average income returns. The fund may also hold cash and may use derivatives.</p> <p>BTIM's investment process for Australian shares is based on their core investment style and aims to add value through active stock selection and fundamental company research. BTIM's core investment style is to select stocks based on their assessment of their long term worth and ability to outperform the market, without being restricted by a growth or value bias. BTIM's fundamental company research focuses on four key factors: valuation, financial risk, franchise and management quality.</p>		
Standard Risk Measure	7 – Very high

Fidelity Australian Equities Fund			
Investment manager	Fidelity International		
Style	Growth		
Investment objective	To achieve a return (before fees, costs and taxes) that exceeds the S&P/ASX 200 Accumulation Index over a period of 5 to 7 years.		
Investment strategy	<p>Fidelity believes that markets are semi-efficient and share prices don't always reflect inherent value. Through in-house, bottom-up company research, Fidelity aims to uncover the opportunities which they believe offer the greatest scope for outperformance.</p> <p>Based on this research approach, the portfolio manager seeks out stocks that they believe are undervalued and likely to generate growth. The companies selected for the portfolio must demonstrate good management, strong competitive advantages and favourable industry dynamics.</p>		
Standard Risk Measure	6 - High [^]		
Investment timeframe	5 years plus

Hyperion Australian Growth Companies Fund		
Investment manager	Hyperion Asset Management	
Style	Growth	
Investment objective	Aims to achieve medium to long-term capital growth and income by investing primarily in high calibre Australian companies listed within the S&P/ASX 300 Index, at the time of investment.	
Investment strategy	<p>Hyperion actively manages its portfolio of companies using proprietary quantitative analytical models, as well as qualitative bottom-up research. Hyperion's rigorous research process creates high-conviction, benchmark insensitive portfolios with excellent after-tax efficiency.</p> <p>Hyperion are proud of their track record of index-beating long-term performance over multiple business cycles. Any investments that do not pass Hyperion's stringent requirements are not held. Hyperion regularly review their portfolio holdings and rebalance as necessary to maintain quality standards.</p>

Ironbark Karara Australian Share Fund			
Investment manager	Karara Capital Pty Limited		
Style	Core		
Investment objective	The investment objective of the fund is to outperform its benchmark, the S&P/ASX 300 Accumulation Index, before fees, over rolling 4-year periods.		
Investment strategy	<p>Karara Capital is an active investment manager whose approach to Australian equities is built on the belief that original, forward looking research can identify underappreciated companies. Karara Capital's approach emphasises the development of insights into a company's longer term prospects. They look to consider all factors which they believe are relevant and carefully assess whether this view is reflected in the market place.</p> <p>Portfolios are built from a diverse range of insights and close attention is paid to understanding the interplay between the holdings. The fund will primarily invest in 25-35 companies included in the S&P/ASX 100 Index plus an allocation to smaller companies. The allocation to smaller companies is generally between 0 – 20% of the portfolio, however this can vary over time. Investments of the fund may also include derivatives such as index futures which would be used for risk management purposes or as substitutes for physical securities.</p>		
Standard Risk Measure	6 – High [^]

Nikko AM Australian Share Income Fund							
Investment manager	Nikko AM Limited (NAML)						
Style	Value						
Investment objective	The fund aims to provide a tax-effective income stream that exceeds the dividend yield of the S&P/ASX 200 Accumulation Index (grossed up for franking credits) by 2% pa over rolling 5-year periods, before fees, expenses and tax, plus the potential for capital growth over the long term.						
Investment strategy	<p>The fund is a managed investment scheme that invests predominantly in a selection of listed Australian shares, with a strong preference for readily marketable securities that deliver tax-effective income.</p> <p>The fund is designed for investors looking for a tax-effective income stream and the potential for long-term capital growth from a portfolio of shares which is actively managed by an investment team that seeks to identify shares that represent good value. Derivatives may be used to gain or reduce market exposures, however the fund's investment strategy does not permit derivatives to be used for speculative or gearing purposes.</p>

Perpetual Wholesale Ethical SRI Fund							
Investment manager	Perpetual Investment Management Limited						
Style	Value						
Investment objective	Aims to provide long-term capital growth and regular income through investment in quality shares of socially responsible companies. The fund aims to outperform the S&P/ASX 300 Accumulation Index (before fees and taxes) over rolling 3-year periods.						
Investment strategy	<p>Perpetual researches companies of all sizes using consistent share selection criteria. Perpetual's priority is to select those companies that represent the best investment quality and are appropriately priced. In determining investment quality, investments are carefully selected on the basis of four key investment criteria:</p> <ul style="list-style-type: none"> – conservative debt levels – sound management – quality business, and – recurring earnings. <p>In addition to the above investment approach, Perpetual utilises a strategy for screening ethical and socially responsible investments. Derivatives may be used in managing the fund.</p>

Perpetual Wholesale Geared Australian Share Fund		
Investment manager	Perpetual Investment Management Limited	
Style	Value	
Investment objective	Aims to enhance long-term capital growth through borrowing (gearing) to invest in quality industrial and resource shares. The fund aims to outperform the S&P/ASX 300 Accumulation Index (before fees and taxes) over rolling 3-year periods.	
Investment strategy	<p>Perpetual researches companies of all sizes using consistent share selection criteria. Perpetual's priority is to select those companies that represent the best investment quality and are appropriately priced. In determining investment quality, investments are carefully selected on the basis of four key investment criteria:</p> <ul style="list-style-type: none"> – conservative debt levels – sound management – quality business, and – recurring earnings. <p>The gearing level of the fund must be kept within predetermined guidelines. Within these, Perpetual aims to ensure that the gearing level is maximised, subject to the cost of borrowing being adequately covered by net income.</p> <p>Derivatives may be used in managing the fund, including for gearing purposes.</p>

Grant Samuel Epoch Global Equity Shareholder Yield (Unhedged) Fund		
Investment manager	Epoch Investment Partners, Inc.	
Style	Value	
Investment objective	The fund's goal is to generate superior risk adjusted returns with a dividend yield that exceeds the dividend yield of the benchmark (MSCI World ex-Australia Index in A\$, Net dividends reinvested) over a period of 5-7 years.	
Investment strategy	The fund pursues attractive total returns with an above average level of income by investing in a diversified portfolio of global companies with strong and growing free cash flow. Companies in the portfolio possess managements that focus on creating value for shareholders through consistent and rational capital allocation policies with an emphasis on cash dividends, share repurchases and debt reduction – the key components of shareholder yield. The portfolio generally holds between 90 and 120 stocks from equity markets worldwide, with risk controls to diversify the sources of shareholder yield and minimise volatility.	
Standard Risk Measure	6 – High^	
Investment timeframe	5 – 7 years plus	
Investment mix	Asset type	Range (%)
	International shares	90 – 100
	Cash	0 – 10

Lazard Global Small Cap Fund			
Investment manager	Lazard Asset Management Pacific Co.		
Style	Value		
Investment objective	The fund seeks to achieve total returns (including income and capital appreciation and before the deduction of fees and taxes) that exceed those of the MSCI World Small Cap Accumulation Index ('the benchmark') by 3% pa over rolling 3-year periods.		
Investment strategy	<p>The investment strategy of the fund is to provide investors with access to investments in global small companies in any geographical location. Lazard Asset Management (LAM) considers global small cap equity securities to have market capitalisations generally between US\$300 million and US\$5 billion and to be domiciled in countries in the benchmark. The number of securities will generally range from 60 to 90 which means LAM makes active decisions as to which securities the fund holds.</p> <p>The fund cannot invest:</p> <ul style="list-style-type: none"> - more than 5% of its assets in the equity securities (including equity like and securities convertible into equity securities) of any one issuer at the time of purchase; - more than 10% of the outstanding equity securities (including equity like and securities convertible into equity securities) of any one issuer, and - more than 25% of its assets in the equity securities (including equity like and securities convertible into equity securities) of issuers located in emerging market countries. Emerging market countries will be determined by LAM but are generally considered to be countries not included in the benchmark. <p>The funds may also invest in initial public offerings which are expected to be listed within 3 months from the date of purchase.</p>		
Standard Risk Measure	6 - High [^]

	International shares	100.0	95 - 100
	Cash	0.0	0 - 5

Platinum International Fund		
Investment manager	Platinum Investment Management Limited	
Style	Core	
Investment objective	The fund aims to provide absolute capital growth, where measured over at least 5 years, by investing in undervalued companies from around the world.	
Investment strategy	<p>The fund primarily invests in listed securities. The fund will ideally consist of 70 to 140 securities that Platinum believes to be undervalued by the market. Cash may be held when undervalued securities cannot be found. Platinum may short sell securities that it considers overvalued.</p> <p>The fund will typically have 50% or more net equity exposure.</p> <p>Platinum may use derivatives for risk management purposes and to take opportunities to increase returns.</p> <p>Platinum has set the following investment restrictions in respect of the fund:</p> <ul style="list-style-type: none"> - the underlying value of derivatives may not exceed 100% of the Net Asset Value ("NAV") of the fund; and - the underlying value of long stock positions and derivatives will not exceed 150% of the NAV of the fund. <p>Platinum manages risk associated with currency exposure through the use of hedging devices (eg foreign exchange forwards, swaps, non-deliverable forwards and currency options) and cash foreign exchange trades.</p>

	International equities	0 - 100
	Cash & cash equivalents	0 - 100

Suncorp International Shares Index Fund			
Investment manager	Morningstar Investment Management Australia Limited		
Style	Fundamental Quality & Value		
Investment objective	Aims to deliver a similar or superior risk-return profile to the MSCI All Country World ex-Australia Index (with net dividends reinvested) over rolling 7 year periods by investing predominantly in listed international shares.		
Investment strategy	The Fund invests in listed international shares across developed and emerging markets and aims to deliver a superior risk-return profile to that of the performance benchmark. To achieve this aim, the Fund invests in an international equity strategy that is non-market cap weighted, incurs low turnover, and targets companies that exhibit desirable fundamental quality, value, and liquidity characteristics.		
Standard Risk Measure	6 – High [^]		
Investment timeframe	7 years

Brighter Super's single sector investment options (cont.)

Walter Scott Global Equity Fund		
Investment manager	Walter Scott & Partners Limited	
Style	Growth	
Investment objective	The fund aims to achieve a long-term total return (before fees and expenses) that exceeds the MSCI World ex Australia Index, in \$A unhedged with net dividends reinvested.	
Investment strategy	<p>The fund provides exposure to a concentrated portfolio of global equities by investing in securities which, in Walter Scott's opinion, offer strong and sustained earnings growth. The fund is actively managed using a benchmark unaware, fundamental, bottom-up and research-driven approach to build a portfolio of strong growth companies capable of generating wealth over long periods of time. The investment approach combines detailed financial analysis with business and management analysis. The portfolio is constructed with a primary focus on stock-based analysis and a bias towards strong growth companies which Walter Scott believes are capable of generating high earnings growth.</p> <p>The fund may be exposed to derivatives to either obtain or reduce market exposures.</p> <p>The fund may use foreign exchange spot contracts to facilitate settlement of stock purchases. The fund's exposure to international assets is unhedged.</p>	
Standard Risk Measure	7 – Very high	
Investment timeframe	7 years	
Investment mix	Asset type	Range (%)
	International shares	90 – 100
	Cash	0 – 10

Lazard Global Listed Infrastructure Fund			
Investment manager	Lazard Asset Management Pacific Co.		
Style	Value		
Investment objective	The fund seeks to achieve total returns (including income and capital appreciation and before the deduction of fees and taxes) that outperform inflation, as measured by the Australian Consumer Price Index, by 5% pa over rolling 5-year periods.		
Investment strategy	<p>The fund will invest in listed companies that own physical infrastructure (including concessions or long-term contracts to this effect); have assets predominantly invested in member countries of the Organisation for Economic Cooperation and Development and meet a minimum market capitalisation hurdle at the time of purchase. The number of securities will generally range from 25-50 which means Lazard makes active investment decisions as to which securities the fund holds. Lazard will substantially hedge the foreign currency exposures back to the Australian dollar.</p> <p>The fund will also diversify its assets between countries and sectors.</p> <p>The fund may also invest in initial public offerings which are expected to be listed within 3 months from the date of purchase.</p>		
Standard Risk Measure	6 – High [^]

Australian bonds	- Bloomberg AusBond Composite Index	85%
	- Bloomberg AusBond Inflation Government Index	15%
International bonds (hedged)	- Barclays World Government Inflation-Linked Bonds 1-15 Years Index (A\$ Hedged)	15%
	- Bloomberg Barclays Global Aggregate A\$ Hedged Index	85%
Cash	Bloomberg AusBond Bank Bill Index	100%

2. [Perpetual Wholesale Conservative Growth Fund and Perpetual Wholesale Diversified Growth Fund](#)

The fund may gain its exposure to Australian shares by investing in one or more underlying Australian share funds. Where the fund invests in the Perpetual Australian Share Fund, that underlying fund invests primarily in shares listed on or proposed to be listed on any recognised Australian exchange but may have up to 20% exposure to shares listed on or proposed to be listed on any recognised global exchange. The investment guidelines showing the fund's maximum investment in international shares do not include this potential additional exposure. Underlying Australian share funds may use short positions as part of their investment strategy. Currency hedges may be used from time to time.

3. [Perpetual Wholesale Conservative Growth Fund and Perpetual Wholesale Diversified Growth Fund](#)

Perpetual may allocate up to 30% of the portfolio to other assets which may include, but is not limited to, infrastructure, mortgages (including mezzanine mortgages), private equity, opportunistic property, absolute return funds, commodities and real return strategies. Exposure to other assets aims to enhance the fund's diversification and may help reduce volatility.

4. [Perpetual Wholesale Conservative Growth Fund and Perpetual Wholesale Diversified Growth Fund](#)

These funds may invest in enhanced cash funds that allow gearing.

5. [Suncorp Multi-Manager Funds](#)

Benchmark indices for the Suncorp Multi-Manager Funds.

Asset sector	Asset class benchmark
Australian shares	S&P/ASX 200 Accumulation Index
International shares	MSCI ACWI (All Countries World Index) ex-Australia (with net dividends reinvested)
International shares (hedged)	MSCI ACWI (All Countries World Index) ex-Australia (with net dividends reinvested) hedged into Australian dollars
Australian listed property	S&P/ASX 200 A-REIT Accumulation Index
International listed property	FTSE EPRA/NAREIT Developed ex Australia Rental Index, in Australian Dollars (and Australian Dollar Hedged)
Infrastructure	Absolute return of 8.75% pa after fees and expenses
Unlisted property	Absolute return of 8.0% pa
Australian fixed interest	Bloomberg AusBond Composite Index
International fixed interest (hedged)	Bloomberg Barclays Global Aggregate A\$ Hedged Index
Cash	Bloomberg AusBond Bank Bill Index

6. [Perpetual Wholesale Ethical SRI Fund, Perpetual Wholesale Geared Australian Share Fund and Perpetual Wholesale SHARE-PLUS Long-Short Fund](#)

The fund invests primarily in shares listed or proposed to be listed on any recognised Australian exchange but may have up to 20% exposure to shares listed on or proposed to be listed on any recognised global exchange. Currency hedges may be used from time to time.

7. [Perpetual Wholesale Geared Australian Share Fund](#)

The gearing level is the fund's borrowing divided by the total gross value of assets. It will depend on the present levels and future expectation of the fund's net income (income after fees and expenses and excluding franking credits) and the cost of borrowings. If the fund's gearing level exceeds 60% (due to withdrawals or negative market movements), Perpetual will reduce the gearing level to 60% (or lower) within a reasonable period of time by repaying part of the borrowings through inflows or selling some of the fund's assets.

8. [Perpetual Wholesale Industrial Share Fund](#)

The fund invests primarily in shares listed on or proposed to be listed on any recognised Australian exchange but may have up to 10% exposure to shares listed on or proposed to be listed on any recognised global exchange. Currency hedges may be used from time to time.

9. [Perpetual Wholesale SHARE-PLUS Long-Short Fund](#)

The net market exposure is the value of the fund's long positions minus the value of the fund's short positions.

10. [Zurich Investments Equity Income Fund](#)

The fund can have up to 100% in physical holdings of Australian shares (range 60-100%). The fund then uses exchange traded options and index futures to create a lower effective exposure of between 25-80% (since inception, the average effective exposure has been 70%). The fund maintains a portfolio of bought and sold options over shares and index futures to reduce and control equity exposure, to increase the income stream of the fund via option premiums and to lower the volatility of the portfolio.

11. [Platinum International Fund](#)

The principal investments in the fund are international equities.

Cash and cash equivalents typically represents less than 40% of the fund's NAV. The fund may invest in bullion and other physical commodities, but the total value of such investments at the time of acquisition will not exceed 20% of the NAV of the fund.

12. [Suncorp Traditional Capital Guaranteed Fund](#)

SLSL may depart from the allocations and ranges.

Other important information about how we invest your money

[Changing your investment strategy](#)

Brighter Super gives you the flexibility to switch between your investment options and change your investment strategy at any time via your online account. You can even have your current account balance invested differently from how your future contributions are invested, if you want.

Changing your future investment strategy (or switching your investment) from the Suncorp Lifestage Fund to other investment options may mean a change to your investment risks and the fees and costs you pay, including investment, administration and advice fees.

For some investment options a PDS is issued by the underlying investment manager. You can download copies from our website or ask us for a printed version.

Before you select or change your investments to a new investment option, you should consider the relevant investment manager's PDS or speak to a financial adviser.

In general, if there's a conflict between the terms and conditions shown in an investment manager's PDS and the Brighter Super PDS and this Product Guide, you should refer to the Brighter Super PDS and this Product Guide to understand the terms and conditions applying to your investment.

[Auto-rebalancing](#)

Keeping track of movements in the value of your investment options can be a time-consuming task. Over time, variances in investment performance may result in your investment options moving away from the percentages nominated in your original investment selection.

By using the auto-rebalancing service, available in both super and pension accounts, you can choose to have your investment options regularly rebalanced in line with your future investment strategy without having to constantly monitor your account. For pension members, your future investment strategy may be different to your pension payment strategy.

For example, you invest 50% in Option A and 50% in Option B and you want to maintain this investment strategy. Over time, your actual investment allocation may change to 40% in Option A and 60% in Option B as a result of movements in the unit price. Your account will then be automatically rebalanced to your future investment strategy (50% in Option A and 50% in Option B) at the frequency you select.

You can choose to have your account rebalanced:

- Quarterly (March, June, September, and December)
- Half-yearly (June and December), or
- Yearly (June).

Rebalancing takes effect on or around the 22nd of the month.

[Changes to investment options](#)

Brighter Super's investment menu may change so it's important to check our website regularly. From time to time, investment options may be closed, suspended or terminated by an external investment manager or by us. This may happen where:

- the investment option is no longer offered by the investment manager, or
- the total amount of investors' money in the investment option has grown too large for the investment manager to continue with its current investment strategy, or
- laws change so that some investment types become no longer permissible, or
- we determine that it's in the best interests of Brighter Super customers, or
- the investment option becomes illiquid, or
- the investment option may no longer be economically viable.

If an investment option is closed, suspended or terminated, there may be delays in processing withdrawals and transfer requests. Such a delay may exceed 30 days. The unit price used to process your transaction may therefore differ from the price applicable on the day you lodged your request.

Where an investment option is closed, suspended or terminated, we'll contact you in advance (where possible) to tell you. You'll then be able to review your strategy.

If we can't tell you in advance, we'll choose a replacement investment option (one that is comparable to your investment option) in which to invest your money until you've been able to review your investment strategy.

We don't take labour standards, environmental, social and ethical considerations into account when selecting, retaining or terminating investment options.

Management of investment options

Our Suncorp Lifestage Fund, Suncorp Universal Funds, Suncorp Multi-Manager Diversified Funds and Suncorp Global Property Index Fund are managed by Morningstar, a world-class investment manager.

Morningstar is a leading provider of Australian investment portfolio solutions, backed by capital markets and investment manager research. Morningstar advises and manages funds for superannuation funds, institutions, platform distributors, financial advisers and individuals.

Morningstar delivers innovative investment solutions to help investors reach their financial goals, as well as providing independent investment thought leadership. Morningstar forms part of Morningstar Investment Management LLC which was founded in 1977 and is a Morningstar Inc company. Morningstar is a leading provider of investment research. Morningstar is a highly respected thought leader in the areas of asset allocation, portfolio construction and retirement advice provision in the United States and other international markets.

Our other investment options are professionally managed by a number of expert investment managers, including Morningstar. For more information, please see 'Information about the investment managers' later in this section of the Product Guide.

[Multi-manager investment options](#)

A multi-manager approach to investing uses the skills of more than one investment manager. It's based on the view that no single investment manager consistently outperforms the market in all conditions. Over any given timeframe, it's difficult to predict which investment managers or which investment style will outperform the market and its peers. Some investment styles will perform well in one stage of the market cycle, while others may perform poorly in the same conditions.

Brighter Super's multi-manager investment options blend a combination of quality investment management styles to create investment options aimed at reducing investment risk and the volatility of returns.

Brighter Super offers you access to a range of multi-manager investment options. For more information on these options, please refer to the investment profiles earlier in this Product Guide.

Information about the investment managers

References to 'we', 'us' and 'our' in this section refer to the investment manager.

	<p>Ausbil Investment Management Limited</p> <p>Ausbil Investment Management Limited is an Australian equities specialist with approximately \$11.0 billion in funds under management as at 31 January 2018. Established in April 1997, Ausbil's core business is the management of Australian equities and emerging leader investment portfolios for major superannuation funds, institutional investors and master trust clients. During the past twenty years Ausbil has demonstrated an impressive consistency in delivering superior returns through its core investment process. Ausbil is owned by its employees and indirectly by New York Life Investment Management Holdings LLC (New York Life Investments), a wholly owned subsidiary of New York Life Insurance Company. New York Life Investments, through its multi-boutique investment structure, offers a broad array of investment capabilities. From equity to debt or fixed income, domestic to international, growth to value, indexed to active, large cap to small cap and publicly traded securities to private placements, New York Life Investments, through its multi-boutique investment structure, has a team of investment professionals focused on virtually every sector of the capital markets. Ausbil offers clients the focus and specialisation of an employee owned boutique.</p>
	<p>BlackRock Investment Management (Australia) Limited</p> <p>BlackRock helps investors build better financial futures. As a fiduciary to our clients, we provide the investment and technology solutions they need when planning for their most important goals. As of December 31, 2017, the firm managed approximately US\$6.288 trillion in assets on behalf of investors worldwide. For additional information on BlackRock, please visit www.blackrock.com Twitter: @blackrock Blog: www.blackrockblog.com LinkedIn: www.linkedin.com/company/blackrock.</p>
	<p>BT Investment Management (Institutional) Limited</p> <p>BT Investment Management (Institutional) Limited (BTIM) combines a strong institutional platform with an investment-led culture to achieve strong risk-adjusted returns for its investors. BTIM follows a 'multi-boutique' business model, where teams of investment professionals focus exclusively on asset management, while distribution, compliance, business and general management functions are delivered centrally. Boutiques also share information, giving each the benefit of expert views from other asset classes. The model is designed to provide the best of both worlds. Fund managers operate in a boutique environment where they maintain full autonomy over their investment approaches and share in the economic value that they create for clients, combined with the strength of a significant institution with a strong operational platform (brand, distribution, compliance, sales and marketing, back office). BTIM offers investors a range of investment choices including Australian shares and property securities, fixed income and cash, absolute return investments, international shares and property securities. To complement its in-house expertise, BTIM also partners with leading global and domestic managers. BTIM is a wholly owned subsidiary of BT Investment Management Limited. BT Investment Management Limited is one of the largest ASX-listed pure investment managers (ASX:BTT), with a market capitalisation of around \$3.6 billion and funds under management of \$98.1 billion* as at 31 December 2017.</p> <p>* includes J O Hambro Capital Management assets under management.</p>
	<p>Colonial First State Global Asset Management</p> <p>The investment manager is Colonial First State Asset Management (Australia) Ltd. Colonial First State Global Asset Management ('CFSGAM'), known as First State Investments outside of Australia, is the investment management business of the Commonwealth Bank of Australia. CFSGAM is a global asset manager with established offices across Europe, the US, Middle East, and Asia Pacific regions.</p> <p>With expertise across a range of asset classes and specialist investment sectors, CFSGAM's approach to investment is driven by a commitment to provide the best possible outcomes over the long term for our investors. CFSGAM are stewards of over A\$218.2 billion* in assets managed on behalf of institutional investors, pension funds, wholesale distributors, investment platforms, financial advisers and their clients worldwide.</p> <p>* Assets under management indicated above includes Realindex Investments which is a wholly owned investment management subsidiary of the Colonial First State group of companies. Source: Commonwealth Bank of Australia Financials as at 31 December 2017.</p>
	<p>Deutsche Asset Management</p> <p>Ironbark Asset Management (Fund Services) Limited has delegated investment management activities for the Ironbark Paladin Property Securities Fund to RREEF America L.L.C. RREEF America L.L.C has sub-delegated the investment management of the fund to Deutsche Investments Australia Limited. RREEF America L.L.C and Deutsche Investments Australia Limited are wholly-owned subsidiaries of Deutsche Bank AG, and are part of the Deutsche Asset Management division. With approximately US\$840 billion of assets under management (as of September 30, 2017), the Deutsche Asset Management division is one of the world's leading investment management organisations. The Deutsche Asset Management division offers individuals and institutions traditional and alternative investments across all major asset classes.</p>

 <p>EPOCH Epoch Investment Partners, Inc.</p>	<p>Epoch Investment Partners, Inc.</p> <p>Epoch Investment Partners, Inc. (Epoch), a New York-based global asset management firm, was formed in 2004 and provides a variety of U.S. and global equity investment strategies to clients worldwide. Three of the founders, Bill Priest, David Pearl and Tim Taussig, continue to lead the firm today. In March 2013 Epoch became a wholly owned subsidiary of The Toronto Dominion Bank. Epoch is registered with the U.S. Securities and Exchange Commission as an investment adviser. At the cornerstone of Epoch's investment philosophy and process is its belief that the growth and application of free cash flow represents the best predictor of long-term shareholder return. As a result, Epoch's security selection process is focused on free-cash-flow metrics and capital allocation as opposed to traditional accounting based valuation metrics such as price-to-book and price-to-earnings. In Epoch's view, the key to producing superior risk-adjusted equity returns is the identification of companies with a consistent ability to both generate free cash flow and to properly allocate it either: to internal reinvestment opportunities and acquisitions; or return to shareholders as dividends, share repurchases and debt repayments which Epoch define as 'shareholder yield'.</p>
 <p>Fidelity INTERNATIONAL</p>	<p>Fidelity International</p> <p>Fidelity International offers world class investment solutions and retirement expertise. We are a privately owned, independent company, with the commitment and resources to provide the investment expertise, technology and service innovation needed to help our clients achieve their financial goals. We invest AU\$414.5 billion* globally on behalf of clients in Asia Pacific, Europe, the Middle East, and South America. Our clients range from pension funds, central banks, sovereign wealth funds, large corporates, financial institutions, insurers and wealth managers, to private individuals. For institutional clients, we offer tailored investment solutions design and full- service asset management outsourcing. In addition to asset management, we provide investment administration and guidance services for workplace benefit schemes, advisers and individuals in several countries, with AU\$ 134.1 billion* in assets under administration.</p> <p>* As at 31 December 2017.</p>
 <p>HYPERION ASSET MANAGEMENT</p>	<p>Hyperion Asset Management Limited</p> <p>Founded in 1996, Hyperion Asset Management Limited ('Hyperion') is a high conviction growth style manager that specialises in identifying and investing in quality Australian and global equities. Zurich Investments provides exclusive access to specialist investments by combining the expertise of specialist fund managers with our distribution and customer service strength. This Fund is one of several funds issued by Zurich Investments, known as the Zurich Investments Funds.</p>

Suncorp Traditional Capital Guaranteed Fund

(Closed to new members)

SLSL declares interest rates in arrears for this investment option at 30 June each year. Interest is calculated on the daily account balance and credited to your account on or around 30 June each year. An investment in the Suncorp Traditional Capital Guaranteed Fund provides a participating benefit. This means that the profits arising in respect of this option are allocated 80 per cent to members and 20 per cent to SLSL as shareholder.

SLSL guarantees that the interest credited to your account at 30 June each year won't be negative. We use an interim interest rate to calculate interest on full withdrawals made before the interest rate is declared (including full switches to another investment option and if you move from super to pension, and vice versa, before 30 June). The interim rate can be changed by SLSL at any time and will apply from the previous 1 July. The final declared rate on 30 June may be less than the interim rate that has applied during the past year.

The declared interest rates are determined based on several factors, including:

- the investment income received after an allowance for tax, including both realised and unrealised capital gains and losses
- transfers to and from reserves in order to smooth returns over time and provide for guarantees
- investment fees, and
- expenses such as brokerage, stamp duty, taxes, and other expenses incurred in managing the assets.

This investment option is closed to new members. Members who currently have an investment in this investment option may continue to invest in it.

Administration fees are payable on investments in the Suncorp Traditional Capital Guaranteed Fund and are charged directly to your account, so the net performance on your investment in the Suncorp Traditional Capital Guaranteed Fund may be negative after the deduction of administration fees.

Other important information about how we invest your money

Unit prices

For all Brighter Super investment options (except the Suncorp Traditional Capital Guaranteed Fund which is closed to new members), your balance in that investment option is calculated by multiplying the number of units you hold by the investment option's exit price. Your unit balance represents a partial holding in an investment option and moves up or down over time.

Calculation of unit prices

Unit prices are usually calculated daily and reflect the value of the underlying assets of the investment option. This takes into account income entitlements, investment fees, taxes, transaction costs, other expenses and liabilities. The underlying asset value is divided by the number of units on issue to arrive at the price per unit.

Like the values of the underlying investments, the price of units can move up and down.

The daily unit prices for each investment option and the Suncorp Traditional Capital Guaranteed Fund interest rates are quoted on our website.

Unit pricing delays

We may suspend unit pricing where in our opinion:

- A significant event or incident occurs that has the potential to affect investment markets,
- An event occurs that has the potential to affect unit prices,
- An external investment manager closes the underlying investment to applications and withdrawals, or
- The unit prices calculated have the potential to prejudice specific investors.

Buying units

When you invest or switch into an investment option, units in your chosen investment option are allocated to you. The number of units you receive will depend on the investment option's entry price at that time and the amount you invest.

Selling units

When we sell units in an investment option, the amount you receive will depend on the exit price of the investment option's units at that time and the number of units sold.

We can sell units from your investment options to pay for taxes, insurance fees (if applicable) and certain fees or charges. We also sell units when you switch to another investment option, request a withdrawal or transfer to another super fund.

Switching between investment options

If you request a switch, we'll sell units from one investment option and use the proceeds to buy units in the other investment option. The buy-sell spread is applied to cover transaction costs associated with processing the switch.

Earnings tax on your investments

For all investment options, any earnings tax liability is included when calculating the unit price excluding the Suncorp Traditional Capital Guaranteed Fund, which is deducted proportionately from your other investment options or included in the interest rate.

How investment performance is calculated

Investment performance lets you see how your investment is going. It's important to remember that your super balance can go up and down and that past performance is not an indicator of future performance. In accordance with industry standards, investment performance is generally calculated net of taxes, levies and ongoing fees such as the administration fee, performance fee, and investment fee. However, when calculating investment performance, we generally don't take into account contributions tax or any discretionary ongoing fees such as insurance fees and financial adviser service fees. If we calculate the investment performance for an investment option in a way different from that set out above, we'll explain this in the monthly Brighter Super investment performance report which is available from our website.

Please note that the investment performance information for the investment options may differ from the performance of the underlying investment managers. This may be due to:

- holding some assets in cash or short-term securities, for liquidity purposes, or
- provisions for tax, levies and distribution of tax credits, or
- the fees and charges that apply, or
- a lag between when the underlying investment managers report their performance and when the value of the underlying investment option is reflected in the unit prices.

Investing through Brighter Super and investing directly

When you invest with Brighter Super, we hold the investment on your behalf, instead of you holding it directly. There are differences in investing into an investment option through Brighter Super as opposed to investing directly with the underlying investment manager. These include:

Timing of information	An investment manager’s PDS may have a different preparation date from this PDS and may include investment information effective as at different dates.
Differing returns	Investment returns based on unit prices as calculated for Brighter Super are likely to differ from any returns in an investment manager’s PDS or reports. This could be due to differences in investment fees, costs, taxes, and the timing impact of differences in transactions for the investment options offered within Brighter Super relative to those for the investment manager’s financial product.
Differing fees	The fees incurred when investing through Brighter Super are likely to differ from the fees charged by the investment manager as a result of fees levied to administer Brighter Super.
Minimum and maximum transaction amounts	An investment manager’s PDS may set out minimum and maximum investment amounts. These don’t apply to you when investing through Brighter Super.
Tax implications	Brighter Super is liable to pay tax for each investment option. The unit prices of investment options in Brighter Super will reflect any applicable tax liability.

Receipt of reports	You won’t receive reports directly from investment managers when you invest in Brighter Super.
The rights to attend and vote at unit holder meetings	When you invest in Brighter Super, you won’t hold any rights to attend and vote at meetings of unit holders of the underlying financial product.

Before you make any investment decisions, you should consider the relevant investment manager’s PDS. You can download copies from our website, or you can ask us for a printed version, free of charge.

The information in an investment manager’s PDS may change from time to time. This means that when you make a contribution into an investment option, you may not have referred to the most recent PDS for that investment option. You may not therefore be aware of material changes or significant events that would be in the most recent PDS.

However, you can download from our website information about material changes or significant events that affect a matter in the underlying PDS. We’ll provide this information as soon as practicable after the change or event takes place. You should therefore check our website each time you make an additional contribution to see whether any matter in the PDS has been affected by a materially adverse change or significant event.

Related companies

We, Suncorp Bank, Suncorp Corporate Services Pty Ltd (ABN 69 074 966 466), Suncorp Funds Pty Ltd (ACN 153 008 354) (SFPL) and SLSL are part of the Suncorp Group. We don’t deal with our related companies more favourably than we would with any other independent service provider. We invest your money in a variety of ways including in trusts, of which SFPL is trustee.

6. Fees and Costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

To find out more

If you'd like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (moneysmart.gov.au) has a superannuation fee calculator to help you check out the different fee options.

This section of the Product Guide shows the fees and costs that you may be charged. Other fees and costs may be charged to members or employer plans who have been transferred by us to Brighter Super from another of our products (please see later in this section).

The fees and other costs you may be charged are deducted from your account balance, the returns on your investment or from the assets of the superannuation entity as a whole. Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you or your employer.

Taxes, insurance fees and other costs relating to insurance are set out later in this Product Guide. You should read all the information about fees and other costs because it's important to understand their impact on your investment. Except where otherwise stated, all fees deducted from your account are in arrears.

In some instances, in the PDS and in this Product Guide, fees have been rounded to two decimal places.

You can find more information on fee definitions in the 'Suncorp Brighter Super fee definitions' flyer available on our website, suncorp.com.au/super.

6. Fees and costs (cont.)

Fees and costs for Brighter Super personal and Brighter Super pension

Type of fee or cost	Amount – Morningstar Balanced Fund	Amount – Other investment options	How and when paid
Investment fee^{1,2}	0.72% pa	Ranges from 0.16% pa to 1.39% pa depending on the investment option(s) you've chosen.	This fee is included in the daily unit price calculation for each investment option.
Administration fee^{1,2}	0.65% pa (0.55% pa for pension) of your account balance less any applicable administration fee discounts.	Suncorp Lifestage Fund – personal super: 0.76% pa of your account balance. Suncorp Lifestage Fund – pension: 0.65% pa of your account balance. Suncorp Cash Fund – 0% pa All other options – 0.65% pa (0.55% pa for pension) of your account balance less any applicable administration fee discounts.	The percentage administration fee is calculated on the average value of your account balance for the month. It's deducted by withdrawing units from your account effective on or around the last day of the month (or earlier, if you leave Brighter Super part way through a month). Please see the 'Additional explanation of fees and costs' section for information on administration fee discounts. You can see the administration fee that applies to you in your online account.
Buy-sell spread	+/- 0.14%	Ranges from 0.00% to +/- 0.40%	Reflected in the buy and sell unit price of each investment option.
Switching fee	Nil		
Exit fee	Nil		
Advice fees relating to all members investing in a particular investment option	Nil		We don't charge any Advice fees. However, if you wish, you can have amounts deducted from your account to pay fees to your financial adviser.
Other fees and costs	See the 'Additional explanation of fees and costs' section for more information.		
Indirect cost ratio	Nil	0.00% to 0.97%	These costs are deducted from the underlying assets of the option and are reflected in the daily unit price for that option. Depending on the cost, they may be deducted daily, monthly or at some other time.

1 We receive a tax deduction for expenses related to super investment and administration fees. As a result, the actual super investment and administration fees you pay in Brighter Super will be reduced by up to 15%. The difference in super and pension administration and investment fees is due to the effect of tax deductions we receive for super and pension accounts.

2 The percentage investment and administration fees have been rounded to two decimal places.

6. Fees and costs (cont.)

Fees and costs for Brighter Super for business

If your employer set up a Brighter Super account for you, you are a business super member. The fees outlined below are applicable to you while you are employed by the employer who set up your Brighter Super account on your behalf. Refer to 'What happens when you leave your employer' later in this Product Guide for changes to fees and costs when you leave your Brighter Super employer.

Type of fee or cost	Amount - Suncorp Lifestage Fund	Amount - Other investment options	How and when paid
Investment fee^{1,2}	0.24% pa	Ranges from 0.16% pa to 1.39% pa depending on the investment option(s) you choose.	This fee is included in the daily unit price calculation for each investment option.
Administration fee^{1,2}	0.76% pa of your account balance	Up to 0.71% pa of your account balance less any applicable administration fee discounts. 0% for investments in the Suncorp Cash Fund.	The percentage administration fee is calculated on the average value of your account balance for the month.
	\$7.65 per month		Administration fees are deducted by withdrawing units from your account effective on or around the last day of the month (or earlier, if you leave Brighter Super part way through a month). Please see the 'Additional explanation of fees and costs' section for information on administration fee discounts. If you have made an investment choice, the fixed administration fee of \$7.65 per month is only applicable if your account balance is less than \$20,000 on the last day of the month. You can see the administration fee that applies to you in your online account.
Buy-sell spread	+/- 0.11%	Ranges from 0.00% to +/- 0.40%	Reflected in the buy and sell unit price of each investment option.
Switching fee	Nil		
Exit fee	Nil		
Advice fees relating to all members investing in a particular MySuper product or investment option	Nil		We don't charge any Advice fees. However, if you wish, you can have amounts deducted from your account to pay fees to your financial adviser.
Other fees and costs	See the 'Additional explanation of fees and costs' section for more information.		
Indirect cost ratio	0.00% to 0.97%		

1 We receive a tax deduction for expenses related to super investment and administration fees. As a result, the actual super investment and administration fees you pay in Brighter Super will be reduced by up to 15%.

2 The percentage investment and administration fees have been rounded to two decimal places.

Additional explanation of fees and costs

Administration fee discounts

We want you to have a bright future. That's why we reward you as your account balance (or your employer super plan's balance) grows. The greater the balance, the bigger the discount you'll get on the percentage administration fee. If you have more than one Brighter Super and/or pension account, or have 'linked' your account with a family member, discounting may apply by calculating the administration fee payable based on your combined accounts. Sorry, but money invested in the Suncorp Cash Fund and the Suncorp Lifestage Fund won't be included in your balance when we calculate administration fee discounts.

For balances ¹	Discount on percentage administration fee ^{2,3}	How and when paid?
Over \$100,000 to \$250,000	Personal and business super 0.06% Pension 0.05%	This administration fee discount is calculated on the combined average value of your accounts or linked accounts for the month and is calculated when the administration fee is charged. It excludes any money invested in the Suncorp Cash Fund or the Suncorp Lifestage Fund.
Over \$250,000 to \$500,000	Personal and business super 0.18% Pension 0.15%	
Over \$500,000	Personal and business super 0.24% Pension 0.20%	

¹ If your employer has set up your Brighter Super account for you, the combined balance of your employer plan is used to calculate any administration fee discounts. Any discounts will change if you leave your employer – please see 'What happens when you leave your employer' later in this Product Guide.

² These fee discounts have been rounded to two decimal places.

³ We receive a tax deduction for expenses related to super investment and administration fees. As a result, the actual super investment and administration fees you pay in Brighter Super will be reduced by up to 15%. The difference in super and pension administration and investment fees, and therefore the administration fee discount, is due to the effect of tax deductions we receive for super and pension accounts.

Other fee arrangements for members

Some customers may have different fee arrangements as a result of you or your employer plan transferring to Brighter Super from other products within the Suncorp Master Trust, or because we have agreed a flat percentage administration fee with your employer. If this applies to you, some of the fees in this section will be different, and additional fees, including advice fees may be payable. It is important to review your online account for more up to date details of the fees that apply to you.

How do taxes impact the fees I pay?

Unless noted otherwise, all fees in this PDS are quoted on a gross of income tax basis and include GST and stamp duty (where applicable). The fees are also quoted less any available reduced input tax credits, and are not reduced by any income tax benefit that the Trustee may be able to claim or any income deduction available to the Trustee through an interposed vehicle.

The Trustee receives the benefit of income tax deductions related to administration fees charged to Suncorp Brighter Super personal and business members and this benefit is passed on to members via a reduction of the gross administration fee applied to members' accounts. For example, the monthly administration fee of \$7.65 noted in the PDS is reduced by the deduction the trustee receives, and we charge the net amount of \$6.50 to members' accounts.

For more information on tax, please see 'Tax' in this Product Guide.

Insurance fees

If you have insurance cover, your insurance fees will be deducted monthly in arrears by deducting units from your account effective on or around the last day of the month (or earlier, if you leave Brighter Super part way through a month). Insurance fees will be pro-rated across your investments.

For more information on the costs of insurance, please see Insurance in your super later in this Product Guide.

Expense recovery and reserves

We can recover any expenses and costs incurred in the administration and management of the Suncorp Master Trust (the Fund), of which Suncorp Brighter Super is part. The Fund holds a tax reserve and a general expense reserve which may be used to meet the expenses associated with the administration, management and operation of the Fund. Any excess amounts are retained within the reserve to meet future costs. No expenses or costs incurred are recovered from any investment in the Suncorp Lifestage Fund.

Family linking

If you have multiple Brighter Super accounts, or your family members also have a Brighter Super account, you can start receiving discounts sooner by linking your accounts. You can link between Brighter Super personal, pension and also Brighter Super for business. You'll still keep your own individual accounts, and your fees will be based on your individual fee structure for your own product, but your percentage administration fee discount will be calculated using the combined value of your linked accounts.

If your employer has set up your Brighter Super account for you, any 'linked' accounts will also count towards your employer plan's total balance for you and your colleagues' benefit unless we have agreed a flat percentage administration fee with your employer.

Example A	Example B
Brighter Super personal/pension to Brighter Super personal/pension	Brighter Super personal/pension to Brighter Super for business
If you have \$50,000 in Brighter Super personal or pension, and link your account with a family member who has \$100,000 in Brighter Super personal or pension, both of your fees will be assessed on the combined balance of \$150,000 using the percentage administration fee discounts set out on page 72.	If you have \$50,000 in Brighter Super personal or pension, and link your account with a family member who has \$100,000 of their own money in Brighter Super for business, your fees will be assessed on the combined balance of \$150,000 using the percentage administration fee discounts set out on page 72. Your \$50,000 balance will count towards the linked employer plan's total balance. All members in the employer plan, including your family member, will have their fees assessed on the combined balance of all accounts in or linked to the plan.

For more information on how to link your accounts, speak to your adviser or give us a call. 'Family member' means your spouse (including legal, de facto and interdependency relationship), children, parents, grandparents, grandchildren, father or mother in-law, siblings, brother or sister in-law, and son or daughter in-law. We reserve the right to cancel or reject a request for family linking and the maximum number of family members who can be linked is 50. If you or your employer plan were transferred by us to Brighter Super from another of our products, different administration fee discounts may apply.

Personal advice fee

You can authorise us to pay a personal advice fee to your financial adviser (agreed by us) and have the fee charged to your Brighter Super account. Personal advice fees can be payable as:

- A one-off fixed dollar fee.
- An ongoing fixed monthly dollar fee, or percentage of your account balance up to a maximum of 2% pa, deducted from your account effective on or around the last day of the month (or earlier, if you leave Brighter Super part way through a month).

Any personal advice fees that relate to other investment options cannot be deducted from the Suncorp Lifestage Fund. This fee may include GST. You should refer to your financial adviser's 'Statement of Advice' for details. The Trustee may at its discretion refuse to deduct a personal advice fee or any other fee. You can cancel an ongoing personal advice fee at any time.

APRA levy

The Australian Prudential Regulation Authority (APRA) imposes a levy on the Trustee, a proportion of which will be recouped from your underlying investments or directly from your account on a monthly basis. For the year ending 30 June 2018 this levy should be no more than approximately 0.02% pa of the value of your investments but may change each year based on the levy set by APRA. As the APRA levy is an expense of the Fund any variation to the APRA levy will be passed onto you without notice. Please see our website suncorp.com.au/super for more information.

Changes to fees and costs

We can introduce certain new fees or change the level of current fees you pay at any time. We can do this without your consent, but if we need to do this, we'll notify you in writing at least 30 days before any adverse change.

Payments to and from other parties

We may receive payments from investment managers or other parties for certain investment options of up to 0.45% pa of the total amount of funds invested. We may also make payments to, or receive payments from Suncorp Financial Services Pty Ltd (ABN 50 010 844 621, AFSL 229885) for certain services. Any payments (or benefits) we make to, or receive from, other parties won't be an additional cost to you (unless otherwise stated in the PDS or any material incorporated by reference, including this Product Guide).

Fees and costs for the Suncorp Lifestage Fund in Brighter Super for business

By law we are required to offer all Brighter Super for business customers invested in the Suncorp Lifestage Fund (our MySuper product) a standard set of fees and costs. Fees and costs associated with any Brighter Super for business investment in the Suncorp Lifestage Fund will be shown separately from your other investment options on your online account and any statements.

Suncorp Traditional Capital Guaranteed Fund

If you're invested in the Suncorp Traditional Capital Guaranteed Fund, the amount you'll pay will ultimately reflect the investment fee and actual expenses of the option. These fees and expenses will be reflected in the interest rate. For more information, see page 63 in this Product Guide.

Borrowing costs

Borrowing costs are costs that arise when an underlying fund manager borrows money to fund the purchase of an asset. Borrowing costs are recovered from the assets of the underlying investment option and are an additional cost to you. The latest borrowing costs are provided in the monthly Brighter Super investment performance report available on our website.

To find out which investment options have a borrowing cost, please see the table below.

Investment fees

The investment fee is charged by the investment manager of the underlying investment option. This fee generally includes the investment manager's fee, audit, custody and other general costs incurred in the administration of the underlying investment option. These fees and expenses may be varied by the investment manager and are equal to the management costs of the underlying investment option. As this is an expense of the Fund, for investment options not issued by Suncorp, these variations will be passed on to you without notice. To understand all of the fees payable in respect of your investment, you should consider both the PDS and this Product Guide as well as the relevant investment manager's PDS.

Indirect cost ratio

This ratio is the total of the indirect costs for an investment option to the total average net assets of the Fund attributed to the investment option. Indirect costs are any amount that will reduce the return on an investment option that is not charged to you as a fee. It is an additional cost to you.

Estimated net transaction costs

Costs are incurred by an investment option, including underlying funds, when purchasing and selling assets. Some of these costs may be offset by the buy-sell spreads reflected in an investment option's unit price. The estimated net transaction costs in the following table are those costs not offset by buy-sell spreads during the previous financial year, and reduced the investment option's return.

Buy-sell spreads

You may incur a buy-sell spread when you make contributions, withdraw or change your investment options. This 'spread' is the difference in the buying price and selling price of the investment option, and generally covers the transaction costs of buying and selling the underlying assets of that investment option. It ensures that non-transacting members are not disadvantaged by the activity of transacting members. The spread isn't a fee paid to us or the investment manager. It is retained within the underlying investment option to cover the transaction costs. The investment manager (including us) may vary the buy-sell spread costs from time to time including increasing these costs without notice when it is necessary to protect the interests of existing investors and if permitted by law.

Performance fees

This fee is only charged by some investment managers for certain investment options when they outperform their stated benchmarks. It's an additional amount to the investment fee. As this is an expense of the Fund, any performance fee payable will be passed onto you without notice. Performance fees are not charged for any investment in the Suncorp Lifestage Fund. To find out which investment options have a performance fee, please see the table below.

Fees relating to investment options

The following table shows the fees and costs for each investment option available in Brighter Super. Fees and costs can change from time-to-time. You can get the latest investment fees, indirect cost ratios, estimated net transaction costs and buy-sell spreads from the monthly Brighter Super investment performance report, available from our website, or by calling us.

Performance fees explained

Investment option	Performance fee description
Morningstar Conservative Fund	Certain underlying investment managers may charge performance fees. These fees are payable if the relevant investment manager meets specific investment performance targets. Performance fees are structured so that an investment manager's remuneration is linked to the investment return achieved over an appropriate benchmark index. Underlying investment managers' performance fees are typically between 10.25% and 30.75% pa of performance in excess of the relevant benchmark index, although they can be higher or lower. The method of charging performance fees (including the performance amount of the performance fee) may change in the future. Members will be notified via the monthly Suncorp Brighter Super Investment Performance Report (available via www.suncorp.com.au/super) if performance fee arrangements change and result in the estimated performance fees exceeding the range disclosed.
Morningstar Moderate Fund	
Morningstar Balanced Fund	
Morningstar Growth Fund	
Morningstar High Growth Fund	
BlackRock Global Allocation Fund	BlackRock Investment Management (Australia) Limited is currently entitled to a performance fee of 12.5% pa of any out-performance of the fund above a defined High Water Mark level. The fee is accrued daily and paid monthly out of the fund's assets.
Ausbil Australian Emerging Leaders Fund	A performance fee may be payable by the fund. This fee is only payable where the fund outperforms the relevant performance hurdle. The performance fee is set at 15.375% pa of the difference between the Fund Performance and the return of the Performance Fee Hurdle, which is a composite made up of 70% S&P/ASX Midcap 50 Accumulation Index and 30% S&P/ ASX Small Ordinaries Accumulation Index, plus 0.85%, multiplied by the Fund's gross asset value.
Perpetual Wholesale SHARE-PLUS Long Short Fund	The investment fee percentage quoted is based on the sum of the fund's long and short positions. The performance hurdle for the fund is the S&P/ASX 300 Accumulation Index plus 2% pa. The daily performance fee is equal to 13.98% of the difference between the fund's daily return and its performance hurdle multiplied by the fund's adjusted net asset value (that is, net asset value inclusive of management fee accruals but excluding accrued performance fees).

Borrowing costs explained

Borrowing costs for the 12 months to 30 June 2017 were incurred by the following investment options:

Investment option	Borrowing cost
BT Wholesale Imputation Fund	0.41%
Perpetual Wholesale Geared Australian Share Fund	3.12%
Perpetual Wholesale SHARE-PLUS Long-Short Fund	0.21%

7. Tax

How super is taxed

The table below summarises the ways super can be taxed:

How your super is taxed	
Contributions When you or your employer put money ('contributions') into your account, or if you transfer money from another super account (a 'rollover')	<ul style="list-style-type: none"> – 0% on after-tax (non-concessional) contributions – 15% on pre-tax (concessional) contributions¹ – 47% on excess amounts over the non-concessional contributions cap,³ – Your marginal tax rate plus an excess concessional contributions charge on excess amounts over the concessional contribution cap – 47% on concessional contributions where a TFN is not held by the super fund – 15% if your transfer contains any untaxed components⁵
On your investment earnings	<ul style="list-style-type: none"> – Up to 15% on investment earnings – 15% on your transition to retirement investment earnings – 0% on your pension account
Withdrawals⁶ When you take money out of your account (remember, you generally have to be over a certain age to do this)	For lump sum withdrawals: <ul style="list-style-type: none"> – 0% if you're age 60 or over – 15%² on taxable (taxed) component over \$200,000⁴ if received when you're at or above your preservation age and under 60 years – 20%² on taxable (taxed) component if you're under your preservation age For death benefits paid as a lump sum withdrawal: <ul style="list-style-type: none"> – 0% if paid to a tax dependant – 15%² on taxable (taxed) component paid to a non-tax dependant – 30%² on taxable (untaxed) component paid to a non-tax dependant

1 If income exceeds \$250,000 pa, contributions tax of 30% will apply for the 2017/18 financial year.

2 Plus Medicare Levy of 2%.

3 If your non-concessional contribution exceeds the non-concessional contribution cap, you can withdraw the excess contributions and 85% of associated earnings (a time restriction applies). The excess non concessional contributions will be released tax free. The full amount of associated earnings will be taxed at your marginal tax rate and a 15% non refundable tax offset will apply on the associated earnings reflecting the tax already paid on earnings by the superannuation fund. However, if you leave your excess non-concessional contributions in your super, you will be taxed on these at the top marginal tax rate plus Medicare Levy.

4 For the 2017/18 financial year.

5 Any excess over your untaxed plan cap amount (which is up to \$1,445,000 for the 2017/18 financial year) is taxed at 45% plus Medicare Levy.

6 When you fill out your tax return you must include the taxable component of your super payment as assessable income.

As tax can be complex, we recommend that you seek advice from a registered tax adviser in respect of your own individual circumstances. The information above is based on our interpretation of tax legislation at the preparation date of the PDS (and any material incorporated by reference) and assumes you are an Australian tax resident.

Tax File Number (TFN)

It's important we have your TFN. It's up to you whether you give it to us, but if you don't:

- we can't accept any after-tax contributions from you,
- it might be difficult to find super funds you may have forgotten about, and to combine your super in one account, and
- you may pay more tax on concessional contributions (from pre-tax money – eg salary sacrifice) than you would otherwise.

We're legally authorised to collect your TFN. And of course we'll keep it confidential and only use it for lawful purposes, including:

- finding or identifying your super funds,
- calculating tax on any superannuation lump sums,
- providing your TFN and other information to the Australian Taxation Office (ATO), and
- providing your TFN to your future super fund trustee or retirement savings account provider if you're transferring your account.

These lawful purposes may change in the future, as a result of legislative changes.

We won't pass on your TFN to another super fund if you write and tell us not to, and we won't disclose your TFN to anyone else.

Refund of no-TFN contributions tax

If you made a contribution and were charged additional tax on it because we didn't have your TFN, we may be able to refund the additional tax paid if you provide us with your TFN within three years of the financial year in which the contribution was made.

7. Tax (cont.)

Goods and Services Tax (GST)

Any expenses we incur from administering the Fund may be subject to GST. If we can claim a credit for the GST paid, we may pass the benefit on to you.

Tax and government charges

Taxes, duties and levies we incur are recovered from your account or directly from the assets of the investment options (where the expenses are investment or administration costs) before unit prices are set, or from your account.

We deduct an amount from your account for contributions tax at the applicable rate. The total amount of contributions tax for the Fund is calculated at the end of the financial year. The amount is reduced by deductions allowable to the Fund. Therefore, the total amount of contributions tax which is remitted to the ATO may be less than the aggregate amount which has been deducted from relevant members' (ie Brighter Super account holders) accounts.

We retain any excess amount deducted for contributions tax within the Fund and may use this amount for authorised purposes including covering expenses we incur in the proper administration, management or maintenance of the Fund.

8. Insurance in your super

Today we happily take out insurance for all our assets, including the car, house and valuables such as jewellery. However, many people neglect to insure their most important asset – themselves, and their ability to earn an income. That's why Brighter Super offers a range of insurance options which you can tailor to help protect you and your family from life's uncertainties.

Why insurance is important

Insurance can't prevent the unfortunate things happening, but it could help your family financially if you die or became unable to take care of your loved ones. Having insurance helps to give you peace of mind, knowing you could still help protect the most important people in your life, if the unexpected happens.

The advantages of insurance through super

By having insurance in your Brighter Super account, you can have your insurance fees (also referred to as insurance premiums) conveniently and tax-effectively deducted from it.

This could be cheaper than buying insurance outside super. And there is also the added advantage that your beneficiaries may be able to choose to receive your death benefit payment as a lump sum or a pension should you die.

Insurance offered through Brighter Super is provided by Suncorp Life & Superannuation Limited (SLSL) (referred to in the PDS as 'the insurer'). SLSL is part of the Suncorp Group and is an insurer with a proud heritage of protecting Australians that stretches back for more than 180 years.

How does it work?

Insurance in Brighter Super works in two ways depending on whether your employer set up an account for you, or you joined directly:

1. If your employer set up your account, then you'll automatically receive insurance cover as selected by your employer if you're eligible, or
2. If you or your financial adviser set up your account directly, then you'll need to complete an insurance application form to apply for insurance cover.

There's more detail on this later in this Product Guide.

8. Insurance in your super (cont.)

What insurance cover is available?

The Brighter Super insurance options were outlined in the PDS, but here is some more information about the type of insurance benefits available:

Type of cover	What is it?	How is it paid at claim time?	How can it be accessed?
Life cover (sometimes known as death cover)	A lump sum benefit paid if you die or become 'terminally ill'. Having the right amount of Life cover means that your family can afford the lifestyle you want for them.	It's paid into your Brighter Super account and invested in the Suncorp Cash Fund while your account is finalised. The amount of Life cover paid is based on your insured amount at the time of your death. The Life cover will be reduced by the amount of 'TPD' or 'terminal illness' benefit paid.	The benefit will be paid to your dependants and/or your estate. If you have a valid death benefit nomination, we'll make the payment in accordance with your instructions. Your dependants can then elect to receive the benefit as a lump sum, or in some circumstances, as a pension or a combination of both.
Total and Permanent Disablement (TPD in short)	A lump sum benefit paid if you become 'totally and permanently disabled'. If your family relies on your income, TPD cover can help alleviate some of the financial stress in the event that you are unlikely to work again due to becoming 'totally and permanently disabled', by providing money for living, care and medical expenses. Note: TPD cover can never be higher than Life cover.	It's paid (less any tax) to your Brighter Super account and invested in the Suncorp Cash Fund. The amount of TPD benefit payable is based on your insured amount at the 'date of disablement'.	You will need to satisfy what is known under superannuation law as 'a condition of release' ¹ in order to withdraw this benefit from your account.
Income Protection (also referred to as IP)	An ongoing monthly benefit paid if you can't work for an extended period due to 'illness' or 'injury'. You must meet the definition of 'totally disabled' or 'partially disabled' for the duration of your 'waiting period' to be entitled to this benefit.	It's paid (less any tax) to you. If you're covered for super contributions, any amounts will be paid into your Brighter Super account and be subject to the normal charges applying to your contributions.	You will need to satisfy 'a condition of release' ¹ in order to have this benefit paid to you ² . You may be able to access your benefit on the grounds of 'temporary incapacity'. If you met this condition of release, Income Protection will be paid as a non-commutable income stream for the duration of the incapacity or until the benefits expiry. If you die while receiving an Income Protection benefit, we'll stop paying the benefit amount and credit your Brighter Super account with a lump sum of three times the monthly benefit amount.

¹ You can find information in the 'Conditions of release' section in this Product Guide.

² Income tax is payable on any benefits you receive.

What is the maximum amount of insurance cover you can have?

This table shows the maximum levels of cover available, by insurance type:

	Life	TPD	Income Protection ²
Maximum amount of cover	\$5 million (\$3 million for terminal illness ¹)	\$3 million	\$25,000 per month (up to 75% of your 'salary' plus optional super contributions of up to 10% of your 'salary')

1 A 'terminal illness' benefit is an early payment of your Life cover. The terminal illness benefit is the lesser of your Life cover, or \$3 million. Your Life cover benefit will be reduced by the amount of terminal illness benefit paid.

2 Members cannot have Income Protection only.

If you are a personal account holder

You're a personal account holder if you opened a Brighter Super account on your own (or through an adviser), independent of any superannuation arranged or offered by your employer.

How to apply for insurance

You'll need to complete an insurance application form, which you can download from our website, and you may need to provide medical evidence when applying for cover.

In the interim

While your application is being assessed, you may be eligible for interim accident cover for up to 90 days from the time we receive your completed insurance application form. The maximum amount of interim accident cover is the lesser of the amount of cover you requested and:

- \$1 million for Life cover
- \$500,000 for TPD cover, or
- \$13,000 per month for Income Protection cover.

Interim accident cover may stop before 90 days in a number of circumstances which are set out in Brighter Super's Group Life and Group Income Protection insurance policies.

If your employer has set up your Brighter Super account

The good news is that you may be eligible for automatic cover, which means you'll receive cover without the need to complete an application and provide evidence of health.

You can find out which employer selected insurance cover your employer has chosen for you by logging in to your online account. By the way, employer selected cover doesn't apply to family account members.

If your employer has arranged an insurance policy outside of Brighter Super for you (as agreed with the Trustee), the terms and conditions of insurance set out in the PDS and this Product Guide don't apply to you. If your insurance is provided by an insurer other than SLSL, you'll find the details, including the insurance policy and any other relevant information, in your online account.

Automatic cover

If your plan has an Automatic Acceptance Limit (AAL), you can receive cover up to the AAL from the date you're first eligible for insurance, without the need to complete an application. This is provided that:

- you're aged over 15 and under 65
- you're 'at work' on that day
- the insurer is willing to provide cover for your occupation (some occupations are too risky)
- we receive your personal details (see below) and sufficient contributions to cover insurance fees payable within 130 days of when you're first eligible for insurance
- you're an 'Australian resident', or a non-Australian resident holding a valid 'visa'.

For TPD and Income Protection you must also be 'gainfully employed' on a 'permanent basis' for at least 15 hours per week to be eligible for cover.

8. Insurance in your super (cont.)

The personal details we need are:

- title
- last name
- given name(s)
- residential address
- email address
- mobile phone number
- date of birth
- gender
- date commenced employment
- occupation
- basis of employment (permanent, casual or contract)
- salary (where required)
- hours worked per week and
- membership category.

What date am I first eligible for insurance?

This is the day you start working for your employer who set up your Brighter Super account, or another date agreed by us. If you're not 'at work' on this day, we'll provide you with what we call 'new events' cover only. You then must be 'at work' for 60 consecutive days before we can provide you with 'all events' cover.

If we don't receive your personal details and sufficient contributions to cover the insurance fees within 130 days of the date you're first eligible for insurance, all cover will be deemed to have never commenced.

If your employer has selected cover for you that exceeds the AAL, you'll need to apply and be underwritten for the amount of cover above the AAL. Otherwise, your insurance cover will be capped at the plan's AAL.

What is 'new events' and 'all events' cover?	
New events cover	Is cover provided for death or a TPD arising from an 'illness' which first becomes apparent or an 'injury' which first occurred on or after the 'commencement date'.
All events cover	Is cover provided for death or a TPD arising from an 'illness' or 'injury' regardless of the date the 'illness' first became apparent or the date the 'injury' occurred.

Trustee Minimum Cover

If your employer hasn't chosen an insurance design for you (and if you are eligible) you will automatically receive what we call 'Trustee Minimum Cover' or TMC. Trustee Minimum Cover is simply a default insurance benefit for Life and TPD which we are required to provide by law for eligible members to make sure they have a minimum level of insurance cover. But don't worry, if you don't want this insurance cover we can easily remove it, just let us know.

This is how Trustee Minimum Cover is calculated:

Life cover: $\$1,750 \times (65 - \text{current age})$.

TPD cover: $\$250 \times (56 - \text{current age})$.

The amount of cover you receive will automatically alter in line with your age. For example:

Jim is 45 years old. His TMC for Life cover is \$35,000 (ie multiply \$1,750 by 20 years).

If Jim has both Life and TPD cover his TMC for TPD cover is \$2,750 (ie multiply \$250 by 11 years).

8. Insurance in your super (cont.)

What if we don't have your correct details?

It's important we have your correct details.

If we don't have this at the time we receive your application, or you receive automatic cover, we may still provide you with Trustee Minimum Cover. But if we don't receive your:

- Occupation details – any insurance cover you receive will have insurance fees calculated using a heavy blue collar occupation. Let us know if this isn't correct and we'll update your insurance fees using the correct occupation details. If you received insurance cover as a result of us having incorrect details and your occupation is non-insurable, we'll cancel your insurance cover as at the date your cover commenced.
- Details of the hours you work per week – in the event you make a TPD claim and you are not 'gainfully employed' on a 'permanent basis' for at least 15 hours per week, the definition of TPD that applies may not be the standard definition.

See the Brighter Super Insurance premium rates guide for more information on how the ratings work and how they affect your insurance fees.

How to apply for member selected cover

If you'd like to apply for additional cover, or a different type of cover, you can apply by completing the insurance application form available from our website. The insurer will assess your application and we'll advise you in writing if your application has been accepted and the date your additional member selected cover starts.

While your application is being assessed, you may be eligible for interim accident cover, see 'In the interim' for more information.

Automatic Acceptance Limits (AALs)

The AAL is the maximum amount of cover you'll be able to receive without having to apply and be underwritten. AALs are awarded by the insurer after considering things like the number of eligible members within an employer plan and the different types of benefit within the plan. For example, members who have different Income Protection 'benefit periods' will be treated as having different types of cover for AAL and insurance pricing purposes. As the number of insured members in your plan changes, the AAL may be adjusted from time to time and may also be reduced or withdrawn if

the number of insured members is less than 75 per cent of your plan's total membership. (A change to the AAL won't affect your accepted cover.)

Automatic increases in cover

If your employer selected cover exceeds your plan's AAL, you'll need to apply and be underwritten for any excess cover. If your application is accepted, and your employer selected cover is based on 'salary', we may give you a forward underwriting limit (FUL) which means you may avoid the need for 'underwriting' each time your 'salary' increases in the future. If your 'salary' increases we'll automatically increase your 'salary' based cover up to the AAL or FUL (if you have one) at the time we are notified of the change in your 'salary'. Automatic increases in cover are limited to 30 per cent each year.

Leave without pay (not applicable for personal super members)

If you take leave without pay and it's approved by your employer, your insurance cover will continue for up to 12 months without the need to obtain confirmation from the insurer, as long as you continue to pay your insurance fees. For longer periods, you'll need to get written confirmation from the insurer before commencing leave for cover to continue. If you are insured for TPD and do not return to work after your approved leave period, your TPD definition will change. If you have Income Protection, in the event of a claim your 'waiting period' won't start until the return to work date agreed with your employer before your leave without pay commenced.

Change of role

If your role at work changes significantly (for example you're promoted), your employer selected cover may be revised up or down on the day we're notified of that change. There will be no change to your member selected cover (if you have it).

If your working hours increase due to a change in employment status to a 'permanent basis' for a minimum of 15 hours each week, while continuing to be employed with your 'employer', you will be eligible to apply for member selected cover, which will need to be underwritten.

8. Insurance in your super (cont.)

How much does insurance cost?

The cost of insurance varies depending on several factors including:

- the type of cover
- the amount of cover
- your age
- your gender
- your occupation
- your smoking status
- your health, lifestyle and hazardous pursuits for personal members.

The table below shows you when you'll be charged group or individual rates.

What rates are charged?	
Employer selected cover (including amounts above the AAL)	Group rates
Trustee Minimum Cover while you're still working with your employer who set up your Brighter Super account	Group rates
Higher benefit amount than what your employer has selected (ie member selected cover)	Group rates
Different type of cover than what your employer has selected (ie member selected cover)	Individual rates
Income Protection with a longer 'benefit period' or shorter 'waiting period' than your employer has selected (ie member selected cover)	Individual rates
Cover for family account members	Individual rates
When you leave your employer	Individual rates

For the premium rates and examples of how insurance fees are calculated, please see the Insurance premium rates guide, available on our website. It's important to note your insurance fees (and how they are calculated) may be different if you have applied for cover through your employer's Brighter Super plan or if your employer's plan was set up before June 2016.

Payment of insurance fees

Your insurance fees will be calculated on a daily basis and deducted from your account monthly in arrears.

Insurance fees will be deducted proportionally across your investment options. If your account balance is insufficient to pay for your monthly insurance fee when it falls due, we'll write to let you know. You'll then have 30 days to pay the outstanding insurance fee and an additional one month's insurance fee. If these insurance fees remain outstanding at the end of the 30 days, we'll cancel the cover and close your account.

Stamp duty on insurance fees

Depending on the state that you live in, we may also need to deduct stamp duty from your account. The rate of stamp duty can vary from state to state and is dependent on the type of insurance cover you have attached to your Brighter Super account. We will deduct the applicable stamp duty from your account at the time we deduct the insurance fees.

Going overseas?

As long as you continue to pay your insurance fees, your cover will continue while you're away on holidays, and you won't need to obtain confirmation from the insurer before you go. However, if you're intending to work overseas, you'll need to get written confirmation from us for your cover to continue. Cover will stop if you move overseas permanently.

We'll waive insurance fees

Your monthly insurance fees for Income Protection will be waived while you receive any total disability or partial disability benefits. We'll restart deducting insurance fees from your account in the month that you are no longer eligible for a benefit under the policy definition.

Brighter Super's Insurance Policy

The Brighter Super Group Life policy and the Brighter Super Group Income Protection policy contain the full terms and conditions of the insurance, including all applicable definitions. In the event of any inconsistency between the PDS (including any material incorporated by reference), this Product Guide and the insurance policies, the insurance policies will prevail.

Grandfathering of some insurance benefits may apply to Brighter Super for members who joined prior to June 2016. You can find details of any benefits that apply to you by logging into your online account.

Income Protection

Total disability

If you have Income Protection cover and are 'totally disabled' for longer than the 'waiting period' that you or your employer has selected, the monthly benefit that you are insured for starts to accrue from the day after the end of the 'waiting period'. A benefit will be paid to you monthly in arrears until the earliest of the following:

- you no longer meet the definition of being 'totally disabled' as determined by the insurer[†]
- you reach 65
- you die
- you reach the end of the 'benefit period' that you or your employer has selected.

You can find the definition of 'totally disabled' later in this Product Guide.

[†] If you are able to return to work in some capacity you may be eligible for a 'partial disability' benefit.

Partial disability

If you have Income Protection cover and have been 'totally disabled' for seven out of twelve consecutive days during the 'waiting period', and you remain 'partially disabled' at the end of the 'waiting period', you'll receive a 'partial disability' benefit if you go back to work in a reduced capacity due to 'injury' or 'illness'.

This benefit can compensate your partial loss of earnings if you can only return to work gradually (and will be paid). We'll pay this monthly benefit until:

- you can return to work at full capacity (or you are medically certified to do so), or
- you do not meet the 'partial disablement' definitions as determined by the insurer, or
- the end of the 'benefit period'.

Your monthly benefit will be reduced in line with anything you have capacity to earn while 'partially disabled'.

Rehabilitation benefit

If you've been 'totally disabled' or 'partially disabled', we want you to get back on your feet as soon as possible. If you have Income Protection cover, we may pay some or all of the expenses of a return to work program, or some form of rehabilitation treatment to a rehabilitation provider, if the insurer believes that this may aid your return to work.

Recurring disability

If you've received an Income Protection benefit and you become 'totally disabled' or 'partially disabled' from the same or a related 'injury' or 'illness' within six months of the payments ending, we'll consider it a continuation of the previous claim, as long as you're still covered. This means you'll skip the 'waiting period', but your 'benefit period' will take into account your previous period of disability. If you have employer selected cover, in order to receive cover for this benefit, you'll still need to be employed by your employer (or have been accepted for cover when you left your employer) at the date of the recurring disability.

Indexation of benefit payments

To help protect your cover from inflation, if you have Income Protection cover for a 'benefit period' to age 65, and have received benefit payments for 12 continuous months, your benefit payments will increase each year by the lesser of 5 per cent or the 'indexation factor'.

8. Insurance in your super (cont.)

How to make a claim

We try to make sure that the claim process is as quick and simple as possible. If you need to make a claim, please contact us as soon as you can reasonably do so, but no later than:

Claim type	When you should make a claim by
For a TPD claim	Twelve months from the time of the event giving rise to the claim
For an Income Protection claim	One month after your 'waiting period' ends

If you make a claim later than this, the insurer may reduce the amount paid, or not pay any benefit at all, if the delay is prejudicial to the insurer.

You can only make a claim if the event first happens while you're a customer of Brighter Super and your cover is active. You'll receive a benefit if you die, or meet the definition of 'totally and permanently disabled', 'totally disabled', 'partially disabled' or 'terminally ill'. You can find information about these definitions and concepts later in this Product Guide.

When cover may be reduced

Your insurance cover may be reduced in a number of circumstances, including:

- If you're covered for Life or TPD cover under other policies issued by the insurer, your cover may be reduced by the insurer so that the sum of all cover doesn't exceed \$5 million for Life and \$3 million for TPD cover.
- If you hold TPD cover with another company, a \$5 million limit applies to the total sum insured for TPD insurance cover across all companies.
- If for any reason you have more than one Brighter Super account, you can have an insured benefit under only one account. This may include instances where either a single employer or more than one employer has requested a Brighter Super account on your behalf and you have received insurance cover for each account.

- Monthly Income Protection benefits will be reduced if you receive sick leave payments, worker's compensation or motor accident compensation, statutory compensation payments, Centrelink or similar government payments, or income replacement benefits from any other insurance policies or super funds. If you are self-employed, your monthly Income Protection benefit will be reduced by any ongoing profits, distributions or 'salary' from your business.

Exclusions

It's important that you read this section when deciding whether this insurance cover is appropriate for you. You won't receive benefits if the event giving rise to the claim is caused directly or indirectly by one of the exclusions listed below:

Employer selected Life only or Life and TPD cover exclusions:

- None

Member selected Life only or Life and TPD cover exclusions:

- An intentional self-inflicted act occurring within 13 months of starting cover, any increases in cover, or cover being reinstated.

Employer and member selected Income Protection cover exclusions:

- 'War'
- An intentional self-inflicted act
- Normal and uncomplicated pregnancy
- Criminal activity for which you're convicted
- Imprisonment.

8. Insurance in your super (cont.)

When does insurance cover stop?

Cover will stop at the earlier of any of the following:

When insurance cover stops			
Scenario	Life	TPD	Income Protection
You reach age 65 ¹	-	✓	✓
You reach age 70 ^{1,2}	✓	-	-
You receive a payment for 'TPD' ³	✓	✓	-
You receive a payment for terminal illness ³	✓	✓	-
You die	✓	✓	✓
You haven't paid outstanding insurance fee amounts 30 days after we have sent you a notice	✓	✓	✓
You join any armed forces. Effective the day before joining. This excludes routine activities of reservists ⁴	✓	✓	✓
You work overseas for a period that hasn't been agreed with the insurer	✓	✓	✓
You have employer-selected cover and take leave without pay for a period that hasn't been agreed with the insurer	✓	✓	✓
You request in writing to cancel your cover ⁵	✓	✓	✓
You no longer hold a valid Australian 'visa'	✓	✓	✓
You leave Brighter Super	✓	✓	✓
You work less than 15 hours per week on a 'permanent basis' ⁶	-	-	✓
You reach the end of the 'benefit period' and, if employed, do not return to work with your employer	-	-	✓
You move permanently overseas	✓	✓	✓
You leave your employer and we're notified. This applies to employer selected cover only.	-	-	✓
You have 'Insurance only' or 'Externally Insured' cover and cease to be employed	✓	✓	✓

1 TPD Trustee Minimum Cover ceases when you reach age 56. Life Trustee Minimum Cover will cease when you reach age 65.

2 If your employer selected cover is based on a percentage of future years of service to age 65, your cover will stop at age 65.

3 Life cover will be reduced by any 'TPD' or terminal illness benefit paid.

4 Reservists no longer on active duty may have their cover reinstated.

5 Cancellation is effective from the date your request is received by us.

6 Other than because of total or partial disability.

Summary of key definitions and concepts

Definitions are important – they help you to understand what you’re paying for and set out the test the insurer will apply when considering a claim, helping to avoid uncertainty and make the claims process easier.

This table contains a summary of some of the key definitions to help understand what you’re covered for. Please keep in mind that this is a summary of the definitions for you to use as a guide only:

- full details of all definitions are in the Brighter Super Group Life and Group Income Protection policies. These policies contain the exact definition wording and are available by contacting us
- different definitions apply for different types of cover
- different definitions may apply to you depending on when you joined Brighter Super.

Life and TPD cover			
Date of disablement	This is the date from which a ‘medical practitioner’ certifies you’re no longer able to work because of ‘illness’ or ‘injury’.		
Salary	<p>The definition of salary for Life and TPD cover is different depending on how you joined Brighter Super.</p> <ul style="list-style-type: none"> – If your ‘employer’ set up your Brighter Super account and you are still working for this ‘employer’: <ul style="list-style-type: none"> – Salary will be the salary we were last advised before the date of death or ‘date of disablement’ unless otherwise specified by us. Where we agree to include commission and bonuses in your salary, your ‘employer’ must when advising us of your salary include a three-year rolling average of any paid commission or bonuses on the ‘commencement date’ and at each review date. Where you haven’t been eligible for commission or bonuses for a period of three years, then the average will be calculated over the shorter period. – ‘Benefits’ paid will be based on your salary at your last review date, unless otherwise specified by us. – If you joined Brighter Super directly or through a financial adviser, or you no longer work for the ‘employer’ who set up your Brighter Super account: <ul style="list-style-type: none"> – Salary will be the remuneration you receive for personal exertion from your ‘occupation’. – If you’re a self-employed person who has ownership interest in the business which is operating under a sole trading, partnership, company and/or trust (including an employee of your own company or trust) structure, monthly income is your share of the net income before tax of the business (your share of business income less business expenses), directly due to your personal exertion. 		
Terminally ill	<p>You’re considered terminally ill if two ‘medical practitioners’ certify that your life expectancy is, due to ‘illness’ or ‘injury’, likely to result in your death within 12 months of the date of the certification, and:</p> <ul style="list-style-type: none"> – at least one of the ‘medical practitioners’ is a specialist in an area related to the ‘illness’ or ‘injury’; and – the period of certification for each of the certificates has not ended. 		
<p>Totally and Permanently Disabled (TPD)</p> <p>TPD means one of the following:</p>	<table border="0" style="width: 100%;"> <tr> <td style="width: 50%; vertical-align: top;"> <p>a. TPD (Occupational)</p> <p>You were employed on a ‘permanent basis’ at the ‘date of disablement’ and</p> <ul style="list-style-type: none"> i. as a result of ‘illness’ or ‘injury’, have been absent from and totally unable to engage in such employment for a period of six consecutive months from the ‘date of disablement’ and ii. in the insurer’s opinion, after consideration of medical and other evidence (on the day which is six months after the ‘date of disablement’), you’re unlikely to ever engage in any occupation for which you’re reasonably suited by education, training or experience. </td> <td style="width: 50%; vertical-align: top;"> <p>Or b. TPD (Specific loss)</p> <p>You suffer total and permanent loss of use of:</p> <ul style="list-style-type: none"> i. two limbs or ii. sight of both eyes or iii. one limb and sight of one eye. <p>‘Limb’ is defined as whole hand or whole foot, and ‘loss of sight’ is defined as:</p> <ul style="list-style-type: none"> i. visual acuity less than 6/60 in both eyes after correction or ii. a field of vision constricted to 20 degrees or less of arc or iii. a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above. </td> </tr> </table>	<p>a. TPD (Occupational)</p> <p>You were employed on a ‘permanent basis’ at the ‘date of disablement’ and</p> <ul style="list-style-type: none"> i. as a result of ‘illness’ or ‘injury’, have been absent from and totally unable to engage in such employment for a period of six consecutive months from the ‘date of disablement’ and ii. in the insurer’s opinion, after consideration of medical and other evidence (on the day which is six months after the ‘date of disablement’), you’re unlikely to ever engage in any occupation for which you’re reasonably suited by education, training or experience. 	<p>Or b. TPD (Specific loss)</p> <p>You suffer total and permanent loss of use of:</p> <ul style="list-style-type: none"> i. two limbs or ii. sight of both eyes or iii. one limb and sight of one eye. <p>‘Limb’ is defined as whole hand or whole foot, and ‘loss of sight’ is defined as:</p> <ul style="list-style-type: none"> i. visual acuity less than 6/60 in both eyes after correction or ii. a field of vision constricted to 20 degrees or less of arc or iii. a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above.
<p>a. TPD (Occupational)</p> <p>You were employed on a ‘permanent basis’ at the ‘date of disablement’ and</p> <ul style="list-style-type: none"> i. as a result of ‘illness’ or ‘injury’, have been absent from and totally unable to engage in such employment for a period of six consecutive months from the ‘date of disablement’ and ii. in the insurer’s opinion, after consideration of medical and other evidence (on the day which is six months after the ‘date of disablement’), you’re unlikely to ever engage in any occupation for which you’re reasonably suited by education, training or experience. 	<p>Or b. TPD (Specific loss)</p> <p>You suffer total and permanent loss of use of:</p> <ul style="list-style-type: none"> i. two limbs or ii. sight of both eyes or iii. one limb and sight of one eye. <p>‘Limb’ is defined as whole hand or whole foot, and ‘loss of sight’ is defined as:</p> <ul style="list-style-type: none"> i. visual acuity less than 6/60 in both eyes after correction or ii. a field of vision constricted to 20 degrees or less of arc or iii. a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above. 		

Life and TPD cover		
<p>Totally and Permanently Disabled (TPD)</p> <p>TPD means one of the following: (cont.)</p>	<p>Or c. TPD (Activities of daily living)</p> <p>In the insurer's opinion, after consideration of medical and other evidence, you're constantly and permanently unable to perform at least two of the following activities without the physical assistance of another person:</p> <ul style="list-style-type: none"> i. bathing and showering ii. dressing and undressing iii. eating and drinking iv. maintaining continence with a reasonable level of personal hygiene and v. getting in and out of bed, a chair or wheelchair, or moving from place to place by walking, wheelchair or walking aids. <p>If you're able to perform the activity on your own by using special equipment, you'll be treated as being able to perform that activity.</p>	<p>Or d. TPD (Home duties)</p> <p>You've been engaged full-time in normal domestic duties in your own residence for more than six consecutive months before the 'date of disablement', and</p> <ul style="list-style-type: none"> i. have suffered an 'illness' or 'injury', and ii. are unable to engage in all of the normal domestic duties because of that 'illness' or 'injury' for a continuous period of at least six consecutive months (if you're able to perform any normal domestic duty you won't meet this requirement), and iii. are unable to leave home unaided, and iv. in the insurer's opinion, after consideration of medical and any other evidence, you're incapacitated to such an extent that you're unlikely ever to be able to perform any normal domestic duty nor engage in any occupation for which you're reasonably suited by education, training or experience, and v. are under the regular treatment and following the advice of a 'medical practitioner' for the 'illness' or 'injury' that prevents you from performing 'normal domestic duties'. <p>'Normal domestic duties' means the domestic duties normally performed by a person who remains at home and isn't working in regular employment for income, but not limited to:</p> <ul style="list-style-type: none"> a. cleaning the home b. doing the washing c. shopping for food d. cooking meals and e. when applicable, looking after children.
	<p>In addition to satisfying one of the above definitions</p> <ul style="list-style-type: none"> a. TPD (Occupational) b. TPD (Specific loss) c. TPD (Activities of daily living) or d. TPD (Home duties) (whichever applies), <p>the insurer must have also determined that, after consideration of medical and any other evidence it is reasonably satisfied that your ill health (whether physical or mental) makes it unlikely that you will engage in gainful employment for which you're reasonably suited by education, training or experience.</p>	

8. Insurance in your super (cont.)

Income Protection cover	
Benefit period	The maximum period for which an Income Protection benefit will be paid.
Event	Is an occurrence of a medical condition or 'illness' or any directly or indirectly related condition, or an 'injury' that has caused, or may cause, a claim to be made.
Income producing duties	Income producing duties means those duties which could reasonably be considered primarily essential to producing a 'salary'.
Indexation factor	<p>The indexation factor is the percentage change in the Consumer Price Index (CPI) which is:</p> <ol style="list-style-type: none"> the weighted average of the eight Australian capital cities combined as published by the Australian Bureau of Statistics or any body which succeeds it in respect of the 12 month period finishing on 30 September. <p>It will be determined at 31 December each year and applied from 1 March in the following year. If the CPI is not published by 31 December, the indexation factor will be calculated using a retail price index which the insurer considers most nearly replaces it. If the percentage change in the CPI or any substitute is negative, the indexation factor will be taken as zero.</p>
Partially disabled or Partial disability	<p>You're considered partially disabled if, as a result of 'illness' or 'injury', you were previously 'totally disabled', are no longer 'totally disabled' and you're:</p> <ol style="list-style-type: none"> performing, or able to perform, one or more of the important 'income producing duties' of your 'occupation' or are otherwise working and under the regular care, and following the advice of a 'medical practitioner' and; earning less than your 'pre disability earnings' monthly rate of 'salary' immediately before the 'waiting period' as a result of 'illness' or 'injury' causing partial disability. <p>You must also satisfy either the 'temporary incapacity' or 'permanent incapacity' conditions of release under superannuation law (see Conditions of release in this Product Guide).</p>
Salary	<p>The definition of salary for Income Protection cover is different depending on how you joined Brighter Super.</p> <ul style="list-style-type: none"> If your 'employer' set up your Brighter Super account and you are still working for this 'employer': <ul style="list-style-type: none"> Salary means the salary we were last advised before the date the 'total disability' is determined, unless otherwise specified by us. Salary will comprise of base salary unless otherwise specified by us. Where we agree to include commission and bonuses in your salary, your 'employer' must when advising us of your salary include a three-year rolling average of any paid commission or bonuses on the 'commencement date' and at each review date. Where you haven't been eligible for commission or bonuses for a period of three years, then the average will be calculated over the shorter period. 'Benefits' paid will be based on the salary at your last review date, unless otherwise specified by us. If you joined Brighter Super directly or through a financial adviser, or you no longer work for the 'employer' who set up your Brighter Super account: <ul style="list-style-type: none"> Salary will be determined as your highest average monthly earnings from employment over any consecutive 12 months in the period of three years before the date that you are determined to be 'totally disabled'. Where the period of employment is less than 12 months, salary will be determined from the average monthly earnings over the shorter period of your employment. If you're a self-employed person who has ownership interest in the business which is operating under a sole trading, partnership, company and/or trust (including an employee of your own company or trust) structure, monthly income is your share of the net income before tax of the business (your share of business income less business expenses), directly due to your personal exertion.
Totally disabled or Total disability	<p>You're considered totally disabled if, as a result of 'illness' or 'injury', you:</p> <ol style="list-style-type: none"> are unable to perform one or more of the important 'income producing duties' of your 'occupation' and are not working, whether or not for reward and have consulted and are under the regular care, and following the advice, of a 'medical practitioner'. <p>You must also satisfy either the 'temporary incapacity' or 'permanent incapacity' conditions of release under superannuation law (see Conditions of release in this Product Guide).</p>

8. Insurance in your super (cont.)

Income Protection cover	
Waiting period	<p>The waiting period starts on the day you're first 'totally disabled'. The waiting period may be 30, 60 or 90 days and determines the earliest day you'll be eligible to receive benefit payments. You'll be advised which waiting period is applicable to your cover. Generally, a longer waiting period means you'll pay lower insurance fees. You may return to work for a maximum of:</p> <ul style="list-style-type: none"> – five days if your waiting period is 30 days – ten days if your waiting period is 60 or 90 days, <p>without having to restart the waiting period. Any days worked are added to the waiting period.</p>
Common to Life, TPD and Income Protection cover	
At work	<p>You're considered at work if you were actively performing all the duties of your 'occupation' with your 'employer', and weren't receiving and/or entitled to claim income replacement benefits from any source including workers compensation, motor accident compensation, statutory compensation, Centrelink or similar government body or any other insurance policies or super funds.</p> <p>If you were on approved leave, you must've been capable of performing all the duties of your regular occupation had you not been on approved leave. If you didn't meet these requirements you'll be considered not at work.</p>
Australian resident	Australian resident means a citizen or permanent resident of Australia or a citizen or permanent resident of New Zealand living in Australia.
Commencement date	Commencement date means the date an insured person's insurance cover (or, when the context requires, increase in insurance cover) commences in accordance with the Terms and Conditions of the Insurance Policy.
Gainfully employed	You're considered gainfully employed if you're employed or self-employed for gain or reward in any business, trade, profession, vocation, calling, occupation or employment.
Illness	Illness means a sickness or disease suffered by the Insured Person.
Injury	Injury means physical damage to the body caused solely and directly by accidental, external and visible means and which is not an 'illness'.
Medical practitioner	This is a medical practitioner (and includes an appropriate specialist) who is legally qualified and registered to the equivalent Australian standards and if they are qualified overseas are approved by us and isn't you, your 'spouse', a relative, a business associate, the Trustee or employed by the Trustee.
Permanent basis	<p>Permanent basis means you're engaged and performing all of the 'income producing duties' of your usual 'occupation' for a minimum of 15 hours each week and satisfy one of the following conditions:</p> <ol style="list-style-type: none"> a. permanent full-time or permanent part-time employee, or b. casual employee employed for a minimum period of two years, or c. contractor working on a fixed term contract of at least 12 months duration and your 'salary' is paid to you directly by your employer who also makes SG contributions on your behalf, or d. self-employed on a full-time or part-time basis.
Underwriting or underwritten	Underwriting is the assessment conducted by the insurer when you're applying for insurance cover before they make a decision on your application.
Visa	<p>This is a current and valid visa issued in accordance with the Migration Act 1958 (Cth) or any amending or replacing act. It can be a:</p> <ol style="list-style-type: none"> a. Subclass 457 working visa (or equivalent) (with or without a 8107 condition) or; b. 'Spouse' visa ('spouse' of a permanent 'Australian resident' on a two year temporary stay visa) without a 'no work' condition.
War	War means any act of war (whether declared or not), revolution, invasion, rebellion, or civil unrest.

Honesty is the best policy

Duty of disclosure

We have a duty, under the Insurance Contracts Act 1984, to disclose to the insurer every matter that we know, or could reasonably be expected to know, that is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

This duty of disclosure continues to apply until the contract is entered into. It also applies when the insurer extends, varies or reinstates a contract of life insurance.

This duty, however, does not require disclosure of a matter:

- that diminishes the risk to be undertaken by the insurer,
- that's of common knowledge,
- that the insurer knows, or in the ordinary course of their business, ought to know, or
- as to which compliance with your duty is waived by the insurer.

As the Insured Person you have the same duty of disclosure and it is a condition of your membership to discharge that duty.

Non-disclosure

If you fail to comply with your duty of disclosure and the insurer would not have entered into the contract if the failure had not occurred, the insurer may avoid the contract within 3 years of entering into it.

If your non-disclosure is fraudulent, the insurer may avoid the contract at any time.

The insurer may elect not to avoid your contract but to vary it by:

- i. reducing the sum insured in accordance with a formula that takes into account the premium that would have been payable if you had complied with your duty of disclosure, or
- ii. placing the insurer in the position in which it would have been in if you had complied with your duty of disclosure.

The options to vary the contract are available to the insurer while cover under the contract remains in force.

Where the contract provides Life cover, the insurer may only apply (i) above, and must do so within 3 years of entering into the contract.

As the contract is for insurance of your life, any failure by you to provide information about a matter that you know, or could reasonably be expected to know, is relevant to the insurer's decision whether to give you insurance and, if so, on what terms, may be treated as a failure by us to comply with our duty of disclosure.

9. What happens when you leave your employer?

If you are a Brighter Super for business member, once we are notified you've left your employer that set up your Brighter Super account, it doesn't mean you need to change your super, making it one less thing you need to worry about. Provided your account balance isn't zero, your super will automatically remain invested in Brighter Super – allowing you to keep your valuable benefits. You'll then be referred to as being an individual member and having an individual account.

We'll also provide you with the information you need so that your new employer can contribute to your Brighter Super account on your behalf. When we are notified you have left employment, we'll let you know, explain your options and ask you to complete a Benefit Questionnaire.

This allows you to provide updated personal details to us. Once we receive your completed questionnaire, your insurance fee may be reviewed and changed, depending on the information provided.

To ensure you are paying the correct insurance fee, you should return the Benefit Questionnaire to us (eg if you confirm that you are a non-smoker and have not smoked in the last 12 month period, then reduced non-smoker rates will be applied).

Investment Options	You continue to be invested in the same investment options, unless you tell us otherwise.										
Insurance Cover	<p>Life and TPD cover Your Life and TPD cover will continue automatically, without 'underwriting'. Your insurance cover will be fixed at the sum insured that applied at the time we're notified that you've left your employer.</p> <p>Income Protection cover Any employer selected Income Protection cover will cease. However, you have six months from the date you left your employer to apply to have your cover reinstated with limited 'underwriting'. If accepted, your insurance fees will be based on individual rates. Any member selected Income Protection will continue automatically.</p> <p>Insurance fees Insurance fees for your Life and TPD and Income Protection will now be based on individual insurance rates, instead of any group rates that may have applied. Any loadings or exclusions will continue to apply. Insurance fees will be smoker rates unless you provide confirmation that you are a non-smoker. Please see the Brighter Super Insurance premium rates guide, which is available on our website suncorp.com.au/super.</p>										
Fees	<p>All the fees in the PDS and this Product Guide continue to apply to you, and the percentage administration fee will change with the exception of the Suncorp Lifestage Fund and Suncorp Cash Fund. This fee will be 0.76% pa of your account balance, less any applicable administration fee discounts and income tax deductions. When you leave your employer these discounts are as follows:</p> <table border="1"> <thead> <tr> <th>For balances</th> <th>Discount on administration fee</th> <th>How and when paid?</th> </tr> </thead> <tbody> <tr> <td>Over \$250,000 to \$500,000</td> <td>0.29% pa</td> <td rowspan="2">This administration fee discount is calculated on the combined average value of your individual balance or linked accounts for the month and is calculated when the administration fee is charged. Balances invested in the Suncorp Cash Fund and the Suncorp Lifestage Fund are not included for Administration fee discount purposes.</td> </tr> <tr> <td>Over \$500,000</td> <td>0.47% pa</td> </tr> </tbody> </table>			For balances	Discount on administration fee	How and when paid?	Over \$250,000 to \$500,000	0.29% pa	This administration fee discount is calculated on the combined average value of your individual balance or linked accounts for the month and is calculated when the administration fee is charged. Balances invested in the Suncorp Cash Fund and the Suncorp Lifestage Fund are not included for Administration fee discount purposes.	Over \$500,000	0.47% pa
For balances	Discount on administration fee	How and when paid?									
Over \$250,000 to \$500,000	0.29% pa	This administration fee discount is calculated on the combined average value of your individual balance or linked accounts for the month and is calculated when the administration fee is charged. Balances invested in the Suncorp Cash Fund and the Suncorp Lifestage Fund are not included for Administration fee discount purposes.									
Over \$500,000	0.47% pa										

10. Other important information

[Our service standards for investment transactions](#)

Our service standards apply from when we receive your complete instructions. If we receive a complete investment transaction request from you by 12pm (noon) (Sydney time) on a business day, you'll receive the unit price effective for the investment option for that day.

If we receive a completed investment transaction request after 12pm on a business day, we'll process the request using the investment option unit prices for the following business day.

The 12pm cut-off applies to all contributions, switches and withdrawal requests. Generally, we aim to process requests within four business days. Although we try to always meet our service standards, the unit price used to process your transactions could differ from the effective unit price for that day or processing your transactions may be delayed in some circumstances including if:

- you've provided incomplete or incorrect information,
- there is a delay in receipt of confirmation or payment from an external investment manager,
- carrying out the transaction may materially impact other Brighter Super account holders,
- we receive a direction from a lawful authority to suspend or amend the transaction,
- the investment manager suspends redemptions from your underlying investment,
- it is close to the end of the financial year, or
- there are any other delays in redeeming assets.

Please note that 30 days' notice should be provided to us if you wish to switch or withdraw more than \$250,000.

We may from time to time review our service standards. Please also refer to Unit pricing delays in the How we invest your money section of this Product Guide.

[How we keep you updated](#)

The information in the PDS and any material incorporated by reference, including this Product Guide, may change or be updated by us from time to time. Where it is allowed under legislation, we will provide you with all the information about your account or Brighter Super generally that is required and allowed to be given to you, including the PDS (and any material incorporated by reference), your annual statement, transaction confirmations, annual report and any significant product updates electronically. 'Electronically' could mean any of the following:

- by email or SMS (including emails containing a hyperlink),
- by providing an update on our public and member only (accessible by Brighter Super account holders only) websites, or
- by providing an update on your account, accessible by logging into your online account.

By investing in Brighter Super on or after the date of the PDS (which includes any material incorporated by reference), you agree to receiving information about Brighter Super in any of these ways.

If we update the information in the PDS (and any material incorporated by reference), you can view it on our website at suncorp.com.au/super. If you'd like a free paper copy of the updated information just give us a call.

[Please keep us updated](#)

It's very important that you always keep us up to date with your current email address, mobile phone number and home address, as this is the way we communicate with you and send you important information. You can update your details at any time by logging into your online account or by giving us a call.

10. Other important information (cont.)

Terms and conditions for accepting faxes

We'll accept faxed instructions on our relevant forms. Before using this option, there are a few things you need to know, such as:

- we're not responsible to you for any loss resulting from any fraudulently completed request
- we're not responsible to you for any loss suffered by you because we process a fax that has been corrupted during transmission
- we won't compensate you for any losses arising from the use of this facility, and
- we'll be released and indemnified by you against any liabilities as a result of acting on any faxed communication received in relation to your account.

Lost members

Super customers with whom we've lost contact are known as 'lost members'. We're required to report all lost members to the Australian Tax Office (ATO), who keep a register. That's why it's important you keep us up to date with your current details including email address, mobile phone number and home address at all times.

You'll be considered a 'lost member' in the following circumstances:

- we have never received an address (electronic or other) for you.
- we receive a piece of returned mail (or email) and we can't contact you to obtain new contact details, and
 - a. you have not made contact with us, or logged into your online account within the last 12 months, and
 - b. we haven't received a contribution or rollover from you in the last 12 months.
- you are considered an 'inactive member' meaning you have joined the fund for more than two years, and
 - a. your employer set up your super account for you, and
 - b. you haven't logged into your online account, and we haven't received any contributions or rollover amounts from you in the last five years.

Any applicable fees and Insurance fees will continue to be deducted from your account whilst you are a 'lost member' and we may transfer the remainder of your account balance to an eligible rollover fund (ERF). For more details please see 'Unclaimed super money' and 'Our Eligible Rollover Fund' later in this section of the Product Guide.

If you're a 'lost member' and your account is less than \$6,000, we may also be required to transfer your account to the ATO. Any person who has a claim to your benefit will then need to contact the ATO.

Reclaim your missing super

If you've had more than one job, there's a chance you've left some of your super behind. The ATO offers a free search service, where you can search for any super you may have lost. We can help you find missing super on your behalf by searching ATO databases. Complete the online search tool at suncorp.com.au/super or give us a call for more information.

Unclaimed super money

Your account balance will be paid to the ATO if you have reached your preservation age and:

- we haven't received a contribution or rollover from you for two years, and
- we're unable to contact you within five years since last contacting you.

Any person who has a claim to your benefit will then need to contact the ATO.

Our Eligible Rollover Fund (ERF)

If we lose contact with you, or your super balance falls below \$1,200 we may transfer your super to an eligible rollover fund (ERF). If your super is transferred to the ERF, you'll no longer have a Brighter Super account and any insurance cover you have will be cancelled.

10. Other important information (cont.)

We've chosen SMF Eligible Rollover Fund as our ERF. You can contact them by:

Post SMF Eligible Rollover Fund
GPO Box 264
Melbourne VIC 3001

Phone 1800 677 306

Fax 03 6215 5933

Email email@ioof.com.au

For investment options, features and details of what is available to you under the SMF Eligible Rollover Fund please refer to their PDS.

[Transfer of benefits for temporary residents](#)

The ATO may instruct us to transfer the benefits of temporary residents to the ATO if:

- a temporary resident has left Australia, and
- their temporary visa expired or was cancelled more than six months before they left.

If we're instructed to transfer your benefits to the ATO, your account will be closed. We're not required to issue an exit statement under these circumstances, as it's unlikely to reach you.

Once your benefit is transferred to the ATO, it can only be accessed if you meet a condition of release.

[Trans-Tasman portability](#)

Under the Trans-Tasman portability scheme arrangement, we are able to transfer your entire super account balance from Australia to a New Zealand KiwiSaver scheme provided certain pre-conditions are met. (We don't currently accept transfers from KiwiSaver accounts.) Please see our website suncorp.com.au/super for more information.

Note that partial transfers are not available

[Intra-fund Consolidation](#)

We are required to undertake a process called Intra-fund Consolidation on an annual basis, which means we will identify members who have more than one Brighter Super account with us and determine if it is in the member's 'best-interest' to consolidate accounts into a single Brighter Super account. We will provide advance notice of any change to a member's super accounts.

[Employer subsidisation of fees and costs](#)

Prior to 1 January 2014, some employers subsidised particular fees and costs for certain members within their Plan. These types of arrangements are no longer allowed for new Plans under the MySuper legislation. From 1 January 2014, any subsidised fees and costs must apply to all MySuper employees (ie employees invested 100% in the Suncorp Lifestage Fund) on the same basis.

Any additional employer payments may count towards the concessional contributions cap and be subject to contributions tax.

[Relationship breakdown](#)

Your Brighter Super account may be split with your spouse if you separate or divorce. This can be done either by court order or by agreement between you and your spouse. The splitting of super benefits as a result of relationship breakdown or divorce may have tax consequences. We won't charge you a fee to split your account.

For further information on family law matters, please speak to your legal adviser.

[Trust Deed, governing rules and provisions](#)

Brighter Super is part of the Suncorp Master Trust and is governed by the Trust Deed, which you can get free of charge, by contacting us. The Trust Deed, combined with the PDS and any material incorporated by reference (including this Product Guide), relevant laws and certain information and communications we send you set out the governing rules and provisions by which we must operate, and set out your rights as a Brighter Super account holder.

Other features and benefits for certain Brighter Super customers

Some customers may have additional features and benefits within Brighter Super as a result of upgrading to Brighter Super from other Suncorp products. These features only apply to you if we have confirmed them in writing at the time of your upgrade, and are not available to new Brighter Super members. These include:

- Binding beneficiary nominations: any binding nominations which were valid at the time of transfer to Brighter Super will remain in place until their 3 year expiry, at which time they will be upgraded to a binding non-lapsing nomination. As binding non-lapsing nominations do not expire, we recommend you review your beneficiaries on a regular basis. Customers can also cancel their existing binding nomination or choose to upgrade to a binding non-lapsing nomination at any time.
- Child Pensions: existing child pension payments which are currently in place and providing an income will continue until the final scheduled payment has been made. No new child pensions can be established.
- 5 year benefit payment period for Income Protection: the 5 year benefit payment period for income protection is not available to new Brighter Super customers, but will remain available for existing customers who have this arrangement today.

Please contact us for more information.

Other Suncorp products and services

Every now and then, we and any related companies that use the Suncorp brand might let you know – including via mail, SMS, email, telephone or online – about news, special offers, products and services that you might be interested in. We will engage in marketing unless you tell us otherwise. You can contact us to update your marketing preferences at any time.

We value your feedback

If you have any feedback, including problems or complaints, we'd like to hear from you. We make every effort to resolve things quickly. However, if you aren't satisfied with our response, or haven't received one in 90 days, you may contact the Superannuation Complaints Tribunal (SCT) by calling 1300 884 114, writing to Locked Bag 3060, Melbourne VIC 3001 or visiting sct.gov.au. The SCT is an independent body established by the Government to help members of super funds resolve complaints.

Anti-Money Laundering and Counter-Terrorism Financing

Anti-Money Laundering and Counter-Terrorism Financing legislation requires us to collect and verify information about your identity and monitor transactions on accounts held with us.

If we request personal information about you and you do not provide it, we may not be able to provide you with the financial product or service that you request, or provide you with the full range of services we offer.

How to open an account

Opening an account is easy. You can speak to a financial adviser, or ask us for help. A financial adviser can help you ensure your account meets your specific needs for investments, insurance and other features and benefits.

What do you need to apply?

- The email address and mobile you'll use with your new account
- Your Tax File Number (if you have it handy – you can always give this to us later)
- If you're opening a pension account or transition to retirement option, details of where you'd like your regular pension payments paid.

What if you change your mind? (for Personal Super and Pension)

You get a 19-day cooling-off period after joining Brighter Super unless your account was set up for you by your employer. If you want to close your account within that time, all you have to do is write and tell us. The cooling-off period starts when you receive your membership confirmation or five days after your account has been set up, whichever is earlier.

Superannuation Privacy Statement

Your privacy is important

We are a member of the Suncorp Group, which we'll refer to simply as 'the Group'.

Why do we collect personal information?

Personal information is information or an opinion about an identified individual or an individual who is reasonably identifiable. We collect personal information so that we can:

- identify you and conduct appropriate checks;
- understand your requirements and provide you with a product or service;
- set up, administer and manage our products and services;
- assess and investigate a right exercised by you under one or more of our products;
- determine eligibility for family discounts where applicable;
- manage complaints and disputes and report to dispute resolution bodies;
- manage, train and develop our employees and representatives; and
- get a better understanding of you, your needs, your behaviours and how you interact with us, so we can engage in product and service research and development including managing the delivery of our services and products via the ways we communicate with you.

What happens if you don't give us your personal information?

If we ask for your personal information and you don't give it to us, we may not be able to provide you with any, some, or all of the features of our products or services.

How we handle your personal information

We collect your personal information directly from you and, in some cases, from other people or organisations. We also provide your personal information to other related companies in the Group, and they may disclose or use your personal information for the purposes described in 'Why do we collect personal information?' in relation to products and services they may provide to you. They may also use your personal information to help them provide products and services to other customers, but they'll never disclose your personal information to another customer without your consent.

Under various laws we will or may be authorised or required to collect your personal information. These laws include the: Australian Securities and Investments Commission Act 2001, Superannuation Industry (Supervision) Act 1993, Corporations Act 2001, Anti- Money Laundering and Counter-Terrorism Financing Act 2006, Anti-Money Laundering and Counter- Terrorism Financing Rules Instrument 2007 (No. 1), Income Tax Assessment Act 1997, Taxation Administration Act 1953, Superannuation Guarantee (Administration) Act 1992, Small Superannuation Accounts Act 1995, Superannuation (Unclaimed Money and Lost Members) Act 1999, Superannuation (Resolution of Complaints) Act 1993, Superannuation (Government Co-contribution for Low Income Earners) Act 2003 and Family Law Act 1975 (Part VIII B), as those acts are amended and any associated regulations. From time to time other acts, may require, or authorise us to collect your personal information.

10. Other important information (cont.)

We will use and disclose your personal information for the purposes we collected it as well as purposes that are related, where you would reasonably expect us to. We may disclose your personal information to and/or collect your personal information from:

- other companies within the Group and other trading divisions or departments within the same company (please see our Suncorp Group Privacy Policy for a list of the companies);
- any of our Group joint ventures where authorised or required;
- customer, product, business or strategic research and development organisations;
- data warehouse, strategic learning organisations, data partners, analytic consultants;
- social media and other virtual communities and networks where people create, share or exchange information;
- a third party that we've contracted to provide financial, legal or professional services, financial products or administrative services – for example:
 - i. information technology providers;
 - ii. administration or business management services, consultancy firms, auditors and business management consultants;
 - iii. marketing agencies and other marketing service providers, claims management service providers;
 - iv. print/mail/digital service providers, and
 - v. imaging and document management services;
- any intermediaries, including your agent, adviser or other representative or person acting on your behalf, other Australian Financial Services Licensee or our authorised representatives, advisers, and our agents;
- a third party claimant or witnesses in a claim;
- the Superannuation Complaints Tribunal or any other external dispute resolution body;
- an employer, trustee or custodian associated with membership of a superannuation fund, investment/managed fund or life insurance policy;

- government, statutory or regulatory bodies and enforcement bodies;
- policy or product holders or others who are authorised or noted on the policy as having a legal interest, including where you are an insured person but not the policy or product holder;
- other insurers, reinsurers, insurance investigators and claims or insurance reference services, financiers; and
- hospitals and medical, health or wellbeing professionals.

We'll use a variety of methods to collect your personal information from, and disclose your personal information to, these persons and organisations, including written forms, telephone calls and via electronic delivery. We may collect and disclose your personal information to these persons and organisations during the information life cycle, regularly, or on an ad hoc basis, depending on the purpose of collection.

Overseas Disclosure

Sometimes, we need to provide your personal information to – or get personal information about you from – persons located overseas, for the same purposes as in 'Why do we collect personal information?' The countries we usually disclose your personal information to have been outlined on our website suncorpgroup.com.au/privacy or you can give us a call and we will provide a copy. From time to time, we may need to disclose your personal information to, and collect your personal information from, other countries not on this list. Nevertheless, we will always disclose and collect your personal information in accordance with privacy laws.

Your personal information and our marketing practices

Every now and then, we and any related companies that use the Suncorp brand might let you know – including via mail, SMS, email, telephone or online – about news, special offers, products and services that you might be interested in. We will engage in marketing unless you tell us otherwise. You can contact us to update your marketing preferences at any time.

10. Other important information (cont.)

In order to carry out our direct marketing we collect your personal information from and disclose it to others that provide us with specialised data matching, trending or analytical services, as well as general marketing services (you can see the full list of persons and organisations under 'How we handle your personal information'). We may also collect your personal information for marketing through competitions. We, and other people who provide us with services, may combine the personal information collected from you or others, with the information we, or companies in our Group, or our service providers already hold about you. We may also use online targeted marketing, data and audience matching and market segmentation to improve advertising relevance to you.

How to access and correct your personal information or make a complaint

You have the right to access and correct your personal information held by us and you can find information about how to do this in the Suncorp Group Privacy Policy. The Policy also includes information about how you can complain about a breach of the Australian Privacy Principles and how we'll deal with such a complaint. You can get a copy of the Suncorp Group Privacy Policy. Please use the contact details in 'Contact Us'.

Contact us

For more information about our privacy practices including overseas disclosure or to tell us about your marketing preferences visit our website suncorp.com.au/privacy or give us a call on 13 11 55.

Part Two

11. Brighter Super for business and Suncorp EASE

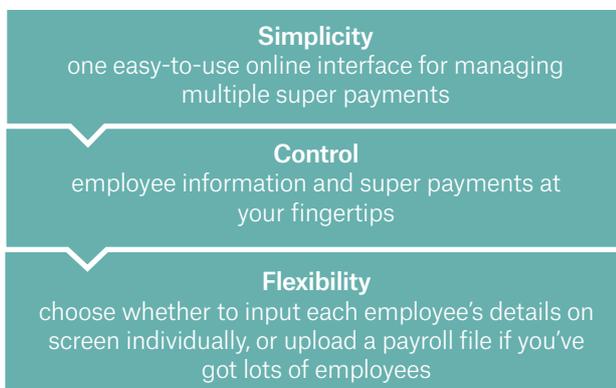

If you're running a business and would like to set up a super plan to manage your employee superannuation requirements, then this part of the document is for you. We make it easy for you to meet your superannuation needs by providing a free (if enough of your employees are using Brighter Super) and simple to use payment solution that will meet your choice of fund requirements. So you spend less time on super, which means more time for your customers. In Brighter Super we also offer an uncomplicated, competitive super fund with lots of great features for your employees. Take a look at Part 1 of this Product Guide to learn more.

Saving you time

Our online administration system and payment solution

- Suncorp EASE™ (technically, it's what is known as a 'superannuation clearing house') removes the hassle when it comes to managing your employees' super, especially if you're paying super to multiple funds.

Suncorp EASE is all about:

With Suncorp EASE you can:

- View and manage your super information all in one place online, anytime.
- Enjoy fast and reliable payment processing straight into your employees' super accounts.
- Make your super contributions by direct debit from your bank or by direct credit to ours.
- Easily set up a Brighter Super account for new employees when they join your company.
- Quickly update employee details such as salary, address, and tax file numbers.
- Pay your employees' super contributions including to multiple super funds at the touch of a button.
- Painlessly delete employees from your employer plan when they leave your company.
- Get access in one convenient location to reporting for employees in your plan and those who've chosen another super fund.

What you need to know about your super obligations as an employer

What is the contribution amount you need to pay?

For most employees, the Super Guarantee (SG) contribution amount is currently equal to 9.5 per cent of their salary and will gradually increase to 12 per cent by 2025.

How often do you have to make super contributions for your employees?

You must make Award or SG contributions to your employees' accounts at least every quarter, unless they're exempt. Payments are required by the 28th day of the month following the quarterly period in which the contribution was deducted, otherwise you may become liable to pay the Superannuation Guarantee Charge (SGC). The SGC is a non tax-deductible charge and may include interest and penalties. Please also refer to our 'turnaround time for processing contributions' in this Product Guide for information on cut-off times for payments.

Does Brighter Super satisfy 'choice of fund' obligations?

Yes. Brighter Super is a complying super fund for choice of fund purposes and more than meets the minimum insurance requirements. However, it's your responsibility (and not ours or any other member of the Suncorp Group) to check if you're able to use us as your default fund under the employment award or arrangements relevant to your industry.

What if an employee wants their super contributions paid to another account?

Under 'Super Choice' legislation, your employees (if eligible) can choose where they want their compulsory employer contributions paid. If they want them paid to a fund other than Brighter Super, you won't have to run around and make separate payments to each different fund. Suncorp EASE lets you make contributions to as many different funds as you need to.

Insurance offerings for your Employees when signing up for a Suncorp Brighter Super for business account.

Holding life insurance through superannuation can be a tax-effective way to provide your employees with the security of knowing that they have taken care of the most important people in their life if the unexpected happens. With your MySuper obligations you are required to provide your employees with a prescribed minimum level of cover. Through Suncorp Brighter Super we have a range of options to select from if you would like more cover than what is on offer through our default MySuper insurance option called 'Trustee Minimum Cover'.

You can select insurance for your employees for:

- Life and Total and Permanent Disablement (TPD) cover
- Income Protection cover[†]

[†] Depending on eligibility. Members cannot have Income Protection only.

You may be able to apply for automatic insurance for all types of cover available through Suncorp Brighter Super and Brighter Super is flexible to cater for a wide range of business needs.

Trustee Minimum Cover

If you don't nominate a chosen insurance design, your employees will be automatically provided with our MySuper compliant default insurance design for Life and TPD insurance on an 'opt out' basis. This is called 'Trustee Minimum Cover' (TMC), and ensures you meet your MySuper requirements to provide a minimum level of Life* and TPD cover.

The standard MySuper design for Trustee Minimum Cover is as follows:

Life cover: \$1,750 x (65 – current age).

TPD cover: \$250 x (56 – current age).

The amount of cover your employees will receive will automatically alter in line with their age.

* Not all of your employees will be eligible for TPD cover due to their occupation, in these instances your employees will be provided with Life cover only.

Employer selected cover

Life and TPD¹

If you want to provide your employees with more cover than the Trustee Minimum Cover, you can apply for a different benefit design, as long as the cover provided under your chosen design is above the prescribed amounts in the MySuper legislation. The types of benefit designs you can choose from are as follows:

- fixed sum insured (eg \$100,000 per employee), or
- multiple of an employee's 'salary', or
- percentage of an employee's 'salary' multiplied by the number of years to age 65, or
- fixed insurance fee (eg \$1 per week) with insured benefits varying depending on age².

There are some instances where your employees won't be eligible for TPD due to their occupation. In these instances, we will provide those employees with life insurance only.

11. Brighter Super for business and Suncorp EASE (cont.)

Income Protection³

You can choose cover based on:

- up to 75% of an employee's 'salary'
- an additional optional super contribution component of up to 10% a year of 'salary'⁴
- a 'benefit period' of 2 years or until age 65
- a 'waiting period' of 30, 60 or 90 days.

1 The amount of TPD cover chosen cannot be higher than the amount of Life cover.

2 Where a fixed insurance fee is selected, we will advise you of the sums insured which will depend on the occupation profile of your employees.

3 Monthly benefits can be reduced if the employee receives sick leave payments, worker's compensation or motor accident compensation, statutory compensation payments, Centrelink or similar government payments, or income replacement benefits from any other insurance policies or super funds.

4 Payment of this benefit must be made to a complying superannuation fund.

Automatic acceptance limits (AAL)

A benefit of employer selected cover is that the insurer may be able to offer automatic levels of cover for your employees. The AAL is the maximum amount of cover a member is able to receive without having to apply. AALs are awarded by the insurer.

When making its decision on the size of the AAL, the insurer will consider the number of eligible members with each type of benefit. Members who all have Income Protection insurance, but with different 'benefit periods', will be treated as having different types of cover for AAL/pricing purposes.

Number of insured members	Life only	Life and TPD	Income Protection two year or to age 65 benefit
0-5	Trustee Minimum Cover	Trustee Minimum Cover	Nil
6-9	Trustee Minimum Cover	Trustee Minimum Cover	Nil
10-19	\$300,000	\$300,000	\$5,000 per month
20-49	\$400,000	\$400,000	\$6,500 per month
50-99	\$500,000	\$500,000	\$8,000 per month
100-199	\$600,000	\$600,000	\$9,000 per month
200-499	\$750,000	\$750,000	\$10,000 per month
500-999	\$900,000	\$900,000	\$12,000 per month
1,000+	\$900,000	\$900,000	\$14,000 per month

- As the number of insured members in your plan changes, the AAL may be adjusted in line with the table above.
- The AAL for your plan may also be reduced or withdrawn if the number of insured members is less than 75% of your plan's membership.
- Any change to the AAL won't affect an employee's accepted cover.
- The AAL for Income Protection cover would include the super contribution component.

Transfer of existing insurance arrangements

We may allow you to transfer your employees' existing insurance cover, subject to certain terms and conditions.

How does Suncorp EASE work?

Suncorp EASE (or Employer Administration Super Exchange) is our online superannuation clearing house facility. This is how it works:

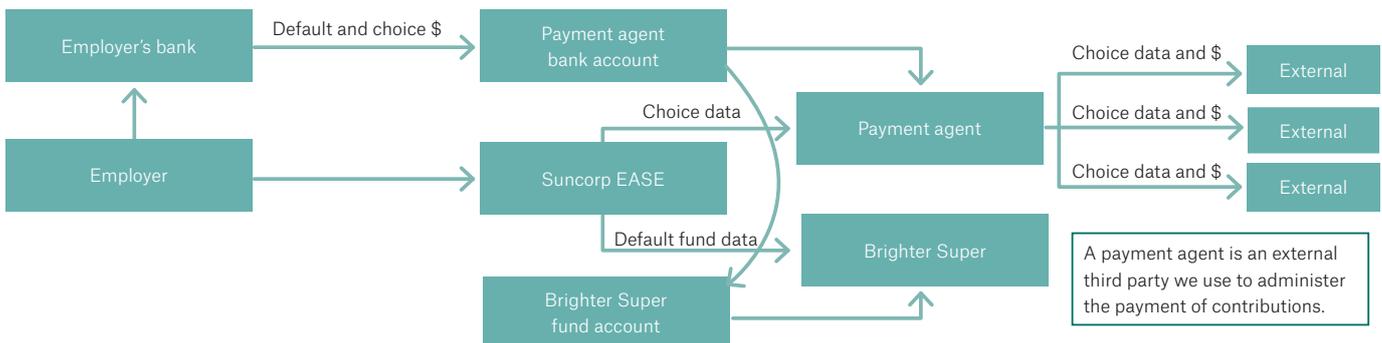

How do I make contributions?

The chart below illustrates how contributions are made using Suncorp EASE: You can pay your contributions by either direct debit or direct credit.

Direct debit

This is the easiest way to make your contributions. Just complete the direct debit request online (for registered employers). We'll then draw payments from your nominated bank account. We'll debit your nominated account for the total value of the payments for your Brighter Super and external funds (which will then be on-paid to them by direct credit or cheque).

Direct credit

If you choose direct credit then you'll send payments directly from your bank account. This is a bit more complicated than using direct debit. Here's how it works:

- **Step 1** – Please check that your bank offers direct credit on your account (not all banks do).
- **Step 2** – Tell us your contribution information through Suncorp EASE and ensure you take note of the reference for your payment. If you don't provide the reference, we won't be able to process or pass these contributions on to any external funds on your behalf.
- **Step 3** – Immediately after step 2, you'll need to make a payment for each contribution period using the reference number from Step 2.

Whether you choose direct debit or direct credit, if we get your contribution information before 12pm (Sydney time) on a business day, your payments will be deducted that night.

Otherwise they may not be deducted until the end of the following business day.

For more information on how to use Suncorp EASE just call us.

Pass through service

Under the Federal Government's SuperStream reforms, employers can choose to utilise a messaging-only 'pass-through' service to submit their contribution data separately from the accompanying payment. Additional fees and agreements apply for this service and can vary depending on the solution you require for your business. Contact us if you'd like to learn more about your contribution 'pass-through' options.

Our turnaround time for processing contributions

We'll try our best to make contributions into your employees' super accounts within ten days of receiving the contribution information from Suncorp EASE and the correct payment. If we receive it on a non-business day, then we'll take it to have been received on the following business day.

This means contribution information (and if paying by direct credit, contribution payments) should be sent to us by at least 12pm (Sydney time) on a cut-off day (the 14th of January, April, July or October, or the last business day before these dates if they fall on a non-business day). This will allow enough time for your payments to be distributed to, and processed by, each external fund into your employee's super accounts. Otherwise you may become liable to pay the Superannuation Guarantee Charge (SGC) (we talked about this earlier).

Please make sure you send us accurate information

If the information you've given us is incomplete or contains errors, you may get an error message stopping you from sending it to us, and/or we may be unable to action some or all of your contribution information and payments. Sorry, but we're not liable for any loss you or any other person incurs as a result of this.

We'll process your request based on what you've sent us. But neither we nor the payment agent will check you've sent us everything you need to or that what you've sent to us is accurate. And of course, both you and your employees must have met the application requirements (if any) of any external funds before sending us a payment and contribution information via Suncorp EASE.

Fees and costs for using Suncorp EASE

Suncorp EASE is free, as long as you:

- Have contributed to your Brighter Super default employer plan for at least 50 per cent of your employees at the time you provide the contribution information
- Nominated Brighter Super as your default employer plan and make contributions to it (except for those employees who have chosen an external fund).

If the above conditions aren't met, we have the right to charge reasonable fees. And in any event, we can introduce new fees or change the current fees at any time. It's not our intention to do so but if we do this we'll always give you at least 30 days written notice.

Risks of using a superannuation clearing house such as Suncorp EASE

Using Suncorp EASE involves some risk. The main risk is that contributions for an employee who has exercised 'choice' and chosen their own external fund (ie a fund other than Brighter Super) may not get paid by the due date for SG contributions.

This could happen if:

- you provide your contribution information late (see the cut-off dates above)
- your contribution information contains errors or is not complete
- there's not enough money in your nominated account at the time of withdrawal
- a contribution is rejected by an external fund.

Also, by law you're only considered to have made a choice contribution to an external fund when the external fund accepts it.

What if an external super fund rejects your employer super contributions?

If this happens, our payment agent will refund the contribution payments into your bank account and will let you know (to the extent they can based on the information they receive from the external fund). For this reason, it's important we have your bank details.

Sorry, but we wouldn't be able to help you resolve the issue at this point – you'd need to take this up with the trustee of the external fund and re-send the contribution payment and supporting information directly to them.

What if there's a problem with your employer contribution payments?

Where you've made a payment to us by direct credit and this doesn't match the contribution information from you, then all clearing house services will cease and you'll need to cover any costs in resolving the issue. If we can't sort this out with you then the contribution payment will be refunded to you. If you use direct debit and you receive notice that a payment has been dishonoured, we'll let you know, but you're responsible for any dishonour fees you incur. You can then deposit amounts into your nominated account and re-send the contribution information to us. No interest or earnings will be paid to you on any amounts we receive.

What happens to an employee's Brighter Super account if they leave employment with you?

When they leave your employment, they'll automatically remain a member of Brighter Super. But once you've let us know they've left, we'll take care of things for you by deleting them from your employer plan, so you'll no longer see them listed on Suncorp EASE under any employee reporting.

Where are the terms and conditions of using Suncorp EASE?

The terms and conditions for Suncorp EASE are on our website. It's important you read them carefully, and if we update the terms and conditions, this will be available on our website, suncorp.com.au/super. If you'd like a free paper copy of the updated information just call us.

Cancelling your use of Suncorp EASE

In the unlikely event that we do this, we'll let you know at least 14 days beforehand.

Tax File Number (TFN)

By law, you must provide us with your employees' TFNs, unless they instruct you not to. While it's not compulsory for them to provide us with their TFN, they should be aware there are consequences if they don't. (See the information in Part 1 of the Product Guide about this.)

Policy committees

A policy committee lets you and your employees give us feedback on how your super plan is working, including on the general operation and performance of Brighter Super. You should set up a policy committee if there are 50 or more employee members in your Brighter Super employer plan. For smaller plans, you can still set up a policy committee if five or more members request it in writing.

Please keep us up to date with your employee information

Information you've given us will change from time to time. For example, an employee may roll their super out of Brighter Super to another fund, or change their external super fund or the name or contact details of the external fund may change. It's important you tell us about any changes at least three business days before you provide the contribution information for a contribution period, otherwise there may be a delay in us processing your payments.

How to open an account

Brighter Super for business accounts are opened by the employer through EASE by visiting **suncorp.com.au/super**.

What will my employees receive?

Once your account has been opened, your employees will receive a login to their online account which will provide all the details they need to know about their account. Refer to Part 1 of this Product Guide for further information.

What if you join Brighter Super, but then change your mind?

That's fine. You get a 19-day cooling-off period which starts on the day your first employee's account has been set up. It ends once any employee transacts on their account (for example, switching investment options or cancelling your insurance cover). If you want to close your Brighter Super account during the cooling-off period, just call us. You and your employees may get back less than you put in and any insurance cover they have will be cancelled from the day we receive your request.

And finally...

The following information applies to you, just the same as it does for your employees. We provide additional information on each of these in Part 1 of this Product Guide:

- How we keep you updated
- Superannuation Privacy Statement
- Other Suncorp products and services
- We value your feedback
- Anti-Money Laundering and Counter-Terrorism Financing.

The information in this Product Guide may change. If the change isn't likely to be materially adverse, we'll update the information on our website, **suncorp.com.au/super**. If you'd then like a printed copy of the updated information, just ask us and we'll send you a copy free of charge. Thanks for taking the time to read all about Brighter Super for business. If there's anything else you need to know either now or any time after your new super plan is up and running, just give us a call on 13 11 55. We'll be happy to help.
