This flyer is designed to help you understand the types of fees and costs that could be charged by a super fund. It doesn't necessarily reflect the fees and costs charged for your Suncorp superannuation account.

i We're required by law to provide you the below information. We've added some text in green boxes (like this one) to help you understand these legal definitions.

Administration fees

An **administration fee** is a fee that relates to the administration or operation of the superannuation entity and includes costs incurred by the trustee of the entity that:

- relate to the administration or operation of the entity; and
- are not otherwise charged as an investment fee, a buy-sell spread, a switching fee, an exit fee, an activity fee, an advice fee or an insurance fee.

Advice fees (optional)

A fee is an **advice fee** if the fee relates directly to a fee you have authorised the Trustee to pay to your adviser and deduct from your account. In your Suncorp superannuation account an advice fee may be ad hoc, or regular as a fixed fee or percentage amount deducted from your account on a monthly basis.

Buy-sell spreads

A **buy-sell spread** is a fee to recover transaction costs incurred by the trustee of the superannuation entity in relation to the sale and purchase of assets of the entity.

i In your Suncorp superannuation account, an administration fee is a percentage amount (or a fixed fee) deducted from your account on a monthly basis.

i In your Suncorp superannuation account, you can authorise us to pay a personal advice fee to your financial adviser.

i A buy-sell spread isn't a fee paid to us. It is an amount retained within the underlying investment option to cover costs if you make a transaction on your account.

Insurance Fee

A fee is an **insurance fee** if:

- a. the fee relates directly to either or both of the following:
 - i. insurance premiums paid to an insurer by the trustee, or the trustees, of a superannuation entity in relation to a member or members of the entity;
 - ii. costs incurred by the trustee, or the trustees, of a superannuation entity in relation to the provision of insurance for a member or members of the entity; and
- b. the fee does not relate to any part of a premium paid or cost incurred in relation to a life policy or a contract of insurance that relates to a benefit to the member that is based on the performance of an investment rather than the realisation of a risk; and
- c. the premiums and costs to which the fee relates are not otherwise charged as an administration fee, an investment fee, a switching fee, an exit fee, an activity fee or an advice fee.

i Insurance fees (sometimes known as premiums) are deducted from your account to pay for your insurance cover.

Investment fees

An **investment fee** is a fee that relates to the investment of the assets of a superannuation entity and includes:

- a. fees in payment for the exercise of care and expertise in the investment of those assets (including performance fees); and
- b. costs incurred by the trustee of the entity that:
 - i. relate to the investment of assets of the entity; and
 - ii. are not otherwise charged as an administration fee, a buy-sell spread, a switching fee, an exit fee, an activity fee, an advice fee or an insurance fee.

i Investment fees are charged by the investment manager of the underlying investment option.

Fee Definitions flyer

An **exit fee** is a fee to recover the costs of disposing of all or part of members' interests in the superannuation entity.

Indirect cost ratio (not applicable for Suncorp superannuation customers)

Indirect costs are any amount that will reduce the return on an investment option that is not charged to you as a fee. It is an additional cost to you.

Switching fees (not payable for Suncorp superannuation customers)

A **switching fee** for a MySuper product has the meaning given by subsection 29V(5) of the SIS Act and, for superannuation products other than a MySuper product, is a fee to recover the costs of switching all or part of a member's interest in the superannuation entity from one investment option or product in the entity to another.
