Past performance should not be taken as an indication of future performance.

'n/a' means no monies were invested during this period, so no performance is provided.

We calculate investment performance using the withdrawal unit price for each investment option in accordance with industry standards. Investment performance fee, the administration fee and the expense recovery fee. However when calculating investment performance we do not take into account contribution fees.

Suncorp Brighter Super for business members - Investment performance shown is net of all fees applicable to a member with a \$10,000 account balance, including investment selection and your account balance is greater than \$20,000, then the \$78 fee does not apply and the performance of your investment will be greater than that shown above. If your plan's balance is greater than \$100,000 and the performance of your investment will be greater than that shown above.

~ Where an investment option has less than one year of performance data, the 'since inception' performance figure reported is the actual return the fund has since inception.
