Suncorp Wealth Cash Management Account overview

The Suncorp Wealth Cash Management Account (WCMA) is a secure bank account offering competitive interest with flexible access.

The WCMA is not part of Suncorp Bank's standard deposit product offering. It is only available through third party distribution arrangements or by specific offer from Suncorp.

Interest on the account is tiered and is calculated daily on end-of-day available credit balances and paid monthly.

The account has no minimum balance, no minimum deposit or withdrawal, no account keeping fees and no Suncorp Bank transaction fees.

Your funds are "At Call" which means you can access your money at any time that our banking facilities are available. Staff can assist you to access your funds at the branch or you can transact electronically via Internet and Phone banking and our mobile app., using BPAY[®], Direct Debits and Credits, or by using your card at ATMs and EFTPOS facilities.

Statements are issued quarterly. You can request statements monthly or six monthly at no additional charge. eStatements are available for this product. For more information on eStatements, please refer to the Terms and Conditions.

General information on interest

Current interest rates are not included in this document because they are subject to change.

Current interest rates are available:-

- by visiting suncorpbank.com.au; or
- by calling us on 13 11 55

The interest rate on the Wealth Cash Management account is tiered. This means that interest is based on a number of set dollar ranges, each having an applicable standard interest rate. When the credit balance exceeds set levels the interest rate for that tier will apply to the whole account balance. Interest is calculated daily on the end of day available balances and paid into your account each month.

Changes to the standard rate of interest (variable interest rate) are advertised in the national press on or before the date the interest rate is changed.

Depending on your personal circumstances you may have to pay income tax on any interest earned on amounts standing to the credit of your account. You should seek independent external taxation advice in this regard.

How is tiered interest calculated?

The information below provides an example of how tiered interest for an account with 3 interest tiers is calculated.

- \$0 – \$1,999 X%
- \$2,000 – \$24,999 Y%
- \$25,000 + Z%

With tiered interest, a customer with a credit balance in their account of \$4,000 gets Y% on the whole balance.

A customer with a credit balance in their account of \$30,000 gets Z% on the whole balance and so on.

How do I use my Visa Debit Card?

You can purchase goods and services using your Visa Debit Card and the payment is debited to your Suncorp Bank account. A Visa Debit Card allows you to purchase goods and services:

- at an outlet within Australia that has EFTPOS available by either:
 - selecting the “savings” or “cheque” button;
 - selecting the “credit” button wherever Visa cards are accepted; or
 - making a Contactless Transaction at participating merchants using Visa payWave.
- by using a manual credit card sales voucher and ticking the Visa box;
- over the telephone or the Internet by providing the card number to the merchant;
- through your Visa Checkout Digital Wallet at selected merchants;
- at outlets overseas wherever Visa is accepted.

Am I eligible for a Visa Debit Card?

A Visa Debit Card will automatically be issued to you when meeting the following criteria :

- The account being linked to the Visa Debit Card is Suncorp Wealth Cash Management Account
- The cardholder is 16 years of age or over
- The account is not a Company/Organisation account

Should you not be eligible for a Visa Debit Card and/or prefer not to have a Visa Debit Card then you may be issued with a Suncorp Bank eftpos Card. For more information on eftpos Cards please refer to “Important Terms Explained” within the Product Information Document.

What is Verified by Visa?

Suncorp Bank automatically enrolls all Visa Debit cardholders into the Suncorp Bank Verified by Visa (VbV) security service, free of charge. This service provides additional security when you use your Visa Debit Card to shop at participating VbV online stores (e.g. when you purchase a book online or a holiday). If VbV identifies that a transaction requires further verification, you will be sent a One-Time Passcode by SMS to the mobile phone number you have registered with us. You will need to enter the Passcode into the verification screen to finalise your purchase. If you do not have your mobile number registered with us, you may be provided with an alternative verification method or it may be necessary for you to contact the bank directly. Purchases that are not verified when required will not be authorised and you if you wish to proceed with the purchase you will need to contact us.

Important information about using your Visa Debit Card

- If you use your Visa Debit Card to make transactions over the Internet, please make sure that you tell us if you change your mobile number and other personal details such as your address.
- With a Visa Debit Card when you are paying for goods and services by Visa payWave, selecting the “credit” button at an EFTPOS terminal or providing the card number to a merchant over the telephone or the Internet, you’ll be covered by Visa’s Zero Liability policy meaning you are protected against unauthorised transactions.
- You can use payWave functionality to make Contactless Transactions for purchases less than \$100 at merchants who have a Contactless Terminal without having to enter a PIN. For purchases over \$100, a PIN is required.
- At some outlets you can obtain cash directly from your Suncorp Bank account (known as ‘cash out’) by using your Chip Enabled Visa Debit Card and PIN. Simply select the “cheque”, “savings” or “credit” button on the EFTPOS terminal. When you select “credit”, the card must be inserted into the terminal and not swiped.
- You may be liable for Visa transactions which cause your account to become overdrawn. As a result interest or fees may be charged to your account.
- If you have not used your card to access your account in the 6 months prior to its expiry date then, for security reasons, we may not send you a replacement card upon expiry.

Visa Checkout Digital Wallet

Visa Checkout is a digital wallet that allows you to store your major payment card information (including Visa, MasterCard and American Express) in one online account. This eliminates the need to enter your card information every time you make an online purchase at participating merchants. At the checkout stage, you simply login to your Visa Checkout account, choose the preferred payment card and click ‘pay’. Visa Checkout will process the transaction whilst shielding your full card details from the merchant. You no longer need to worry about your card data being at risk when you checkout with Visa Checkout. You can set up to receive customised email alerts on all Visa cards linked to your Visa Checkout account. This alert service can help you to monitor your finances and quickly detect fraud or other suspicious activities. You can sign up for a Visa Checkout account through Internet Banking and there is no sign up fee.
