

Important information about your Suncorp Bank Term Deposit

If there is a chance you could require immediate access to your funds in the future before the end of the agreed Term, another Suncorp Bank deposit product may be more suitable for you.

Once you have invested in a Term Deposit, your funds are locked away for the Term you have chosen. Should you need to withdraw before the end of the agreed Term (break your Term Deposit) you must apply to the Bank. If we agree to break your Term Deposit **you will not have access to your funds until 31 days from the date we agree to your request** or the maturity date (whichever is earlier).

Requests to break a Term Deposit immediately due to hardship are assessed by the Bank on a case by case basis. We may ask you to provide documentation to support your request for hardship.

If you give consent for your Term Deposit to be automatically reinvested by the Bank at maturity, please be aware that your investment will be reinvested at the then current interest rate applicable for the equivalent Term, meaning the interest rate applied to your new investment could be lower than our current interest rates.
