

What you need to clean your car's interior

Equipment

- Rinsing bucket
- Horse hair brush - for scrubbing car mats
- Wet/Dry vacuum cleaner (removes dirt from wet areas) – consider extension lead also
- Vacuum cleaner attachments – to remove dirt from crevices
- Applicator pads
- Small detailing brush for dust removal – a small paint brush will suffice
- Supply of microfiber towels – these can be re-washed. Purchase in volume from auto-supply retailers
- Plush Towels – deeper plush pile

Cleaning products

- Quality all-purpose Interior Cleaner – ensure it is pH neutral balanced
- Fabric cleaner - with no solvents or alcohol
- Glass cleaner - with no ammonia
- Leather care treatment – for nourishing leather
- Leather protectant – to provide a protective coating to leather surface
- Deodoriser spray – look for ones that 'encapsulate' odours
