Driver Protection Cover Policy

For customers with a Suncorp CTP policy commencing on or after 1 July 2016

Compulsory Third Party (CTP) Insurance pays compensation to people injured or killed in a motor vehicle accident, where negligence can be established, but it does not compensate the driver at fault. This Suncorp Driver Protection Cover (DPC) is provided to the driver of a motor vehicle that has Suncorp CTP Insurance commencing on or after 1 July 2016. DPC provides benefits for a driver at fault who is injured, or to the driver's estate or dependants if the driver at fault is killed, in a motor vehicle accident. DPC is provided at no extra cost when you hold Suncorp CTP insurance.

When we pay DPC Benefits

We will pay benefits to the at fault driver of your motor vehicle for injuries suffered (or to the driver's estate or dependants if the driver is killed) as a result of a motor vehicle accident in Australia, if ALL of the following apply:

- your motor vehicle is registered with the Department of Transport and Main Roads and you hold Suncorp CTP Insurance;
- the driver was solely at fault for the accident and at the time of the accident:
- was aged 25 years or older;
- the injury is on our Schedule of Benefits (see next table);
- the motor vehicle is a Class 1 (cars and station wagons) or Class 6 (trucks, utilities and vans of 4.5 t or less) vehicle, under the *Motor Accident Insurance Regulation 2018*;
- the accident was the sole or substantial contributing factor to the injury shown on our Schedule of Benefits;
- an appropriately qualified medical practitioner confirms that the driver had sustained the injury as a result of the accident;
- at the time of the accident your motor vehicle was registered, roadworthy and not towing a load over the legal limit, and was not a police vehicle;
- the driver (or the estate or dependants if the driver died) is not entitled to claim workers compensation.

When we do not pay DPC benefits

We will not pay benefits if:

- the injury was intentionally caused or was a result of the accident being intentionally caused; or
- the circumstances causing the injury result in the driver being convicted of a criminal offence, or the driver was under the influence of, or had their judgement affected by any alcohol, drugs or medication or had more than the legal limit for alcohol or drugs in their breath, blood, saliva or urine as shown by analysis; or
- the driver was involved in any illegal activity, or was on a motor race track, racing, pacemaking, or in reliability, speed, motor sport or other trials or a car rally at the time of the motor vehicle accident; or
- the injury was directly or indirectly caused by, or was due to, psychological or psychiatric causes, sickness or disease; or
- the injury was caused by revolution, war (whether declared or not), acts of a foreign enemy, military coup, radioactivity or the use, existence or escape of nuclear fuel, nuclear material or waste, or the action of nuclear fission including detonation of any nuclear device or nuclear weapon, biological, bacterial, viral, germ, chemical or poisonous pollutant or contaminant or any looting or rioting following these occurrences.
