Rates for Asteron Traditional Capital Guaranteed Fund (closed to new members)

Rates below are net of investment fees and tax only. The declared rate and special bonus are applied to your 30 June balance invested in the Suncorp Traditional Capital Guaranteed Fund (i.e combined together in the "Total" heading below for the period 1 July 2020 to 30 June 2021). The interim rate applies to full withdrawals and switches from 1 July 2021 and is also used to calculate investment performance (net of all fees and taxes) for this option.

	Declared rate		Special bonus	Total	Interim rate*
	Start date	End date			01-Jul-21 onwards
	01-Jul-20	30-Jun-21			
Super	1.70%		0.45%	2.15%	1.30%
Pension	1.90%		0.50%	2.40%	1.50%

Disclaimer:

* The interim bonus rate reflects the return that policyholders will receive should they exit during the financial year (i.e. for the 2021/22 financial year).

NOTES:

Past performance should not be taken as an indication of future performance.

'n/a' means no monies were invested during this period, so no performance is provided.

We calculate investment performance using the withdrawal unit price for each investment option in accordance with industry standards. Investment performance is calculated net of fees, costs and taxes, such as the investment fee, the investment performance fee, the administration fee and applicable indirect costs. However, when calculating investment performance we do not take into account contributions taxes, withdrawal fee and any discretionary ongoing fees such as insurance fees and personal advice fees or other arrangements you may have in place with your advisor. For the externally branded investment options (i.e. non-Suncorp branded investment options), from time to time the investment fees, indirect costs, estimated transaction costs and buy/sell spreads may change and these changes will be reflected in the report above.

Investment performance shown is net of all fees applicable to a member with a \$50,000 account balance.

~ Where an investment option has less than one year of performance data, the 'since inception' performance figure reported is the actual return the fund has achieved to date (therefore, short-term performance).
